AIRSHIPS USED TO RAID SUBMARINES

MIGHTY BATTLE IN MOUNTAIN PASSES

Indiana State Library

BRITISH AVIATORS HIT UNDERSEA FOES

London Claims Successful Attack by Airmen on German Submarines at at Hoboken.

Today's War News Given in Summary.

What is described in Berlin as one of the greatest battles of the eastern campaign has developed in the Carpathians. For months the opposing armies have been contending for the mountain passes, definite possession of which by the Russians would expose Hungary to the danger of invasion. The Berlin reports say the present battle has not yet reached a stage where success for either side is indicated.

The French war office announced that the Belgian army has made gains along the Yser. Aside from this movement, the only change of note was in the Vosges, where the French claim to have occupied a considerable section of the German front.

The British admiralty announced that five aeroplanes had made a successful raid on the German submarine plant at Hoboken; near Antwerp. Two submarines, in course of construction, as well as the works, are believed to have been damaged considerably.

London, March 24.—(4:28 p. m.)—The British admiralty this afternoon issued a statement saying a British air raid had been successfully carried out today on German submarines at Hoboken, three miles outside of Antwerp. The text of the admiralty statement was as follows:

"The following has been received from Commander Longmore:

"I have to report that a successful air attack was carried out this morning by five machines of the Dunkirk squadron on the German submarines being constructed at Hoboken, near Antwerp.

"Two of the pilots had to return owing to thick weather. The squadron commander, Courtney, and Flight Lieutenant Propher reached their objective and after planing down to 1,000 feet dropped four bombs each on the submarines.

"It is believed that considerable damage has been done to both the works and two submarines.

"The works were observed to be on fire. In all five submarines were observed on the slip.

"Flight Lieut. B. Crossley-Meates was obliged by engine trouble to descend in Holland. Owing to the mist the two pilots experienced considerable difficulty in finding their way and they were subjected to a heavy gun fire while delivering their attacks."

Flight Commander Crossley-Meates, of the British aviation service, in consequence of engine trouble while en route to make an attack on Antwerp, was obliged to land at Kruiningen, according to a dispatch from The Hague to Reuter's Telegram company. The airman was not injured. He will be interned.

TERRIFIC BATTLE RAGING.

Berlin Reports Desperate Conflict in Carpathian Mountains.

Berlin, March 24.—Reports from the Carpathian mountains indicate that one of the greatest and most sanguinary battles of the campaign is now raging. A special correspondent of the Lokal Anzieger telegraphs:

"The great bloody battle is now in full swing in the Carpathians. It has not yet reached a point where a definite judgment can be passed on the events at any point. The conflict is likely to be waged some days yet with equal fierceness by both sides.

"The next few days probably will see the released Przemysl investment army engaged in this struggle.

"Conditions to the north of the Vistula river and along the Bug and Narew line appear to have changed little or not at all recently."

At army headquarters today the following statement was given out: "In Champagne there were only artillery duels. In the forest of Le Pretre, northwest of Pont-a-Mousson, the enemy attempted to win back ground gained by the Germans but were repulsed. New attacks by the enemy northwest of Badonvillers and on Reich Ackerkopf broke down under the German fire. Fighting is in progress at Hartmann's Weilerkopf.

"German troops are pursuing the retreating Russians northward of Memel. They captured near Polangen 500 Russians and took three guns and three rapid firers. Quantities of cattle, horses and goods were stolen by the Russians. Near Laugzargen, southwest of Taurogen and northeast of Mariampol, Russian attacks were repulsed with heavy losses for the enemy. Northwest of Ostrolenka several Russian attacks failed. Here we captured 20 officers, more than 2,500 men and five machine guns. Eastward of Plock several charges of the enemy failed.

"The German army expresses cordial thanks to the gallant garrison at Przemysl which after four months of defense full of sacrifices, could be overpowered only by hunger."

STILL SEEKING FOR DEAD IN FIRE RUINS

Some Missing Muncie Infirmary Inmates May Have Wandered Away

Muncie, Ind., March 24.—Search is being continued today in the ruins of the Delaware county infirmary, most of which was consumed by fire yesterday, for bodies of reported missing inmates. It is thought that most if not all the missing, will eventually be found, as they are believed to have wandered to neighboring farm houses at the time of the fire. It was estimated today that the property loss will total $40,000, all of which is covered by insurance.

It is believed the absence of fire escapes may have been partially responsible for the loss of life. The walls of the destroyed building are being torn down to lessen the danger to rescuers of missing persons believed to have perished. The missing are:

Wesley Studebaker, 73 years old; Nelson Stout, 51 years old; William Studebaker, 38 years old; Charles Johnson, Samuel Carman, 70 years old; William Medaria, 62 years old; Ben Stewart, day fireman; William Lewis, Joseph I. Williston, Luggie Cenacchi, John Miller, John Sherwood, Frank Chris.

All of the men who are missing were inmates of the infirmary. All records were destroyed in the fire and little is known of the victims, in several instances even the ages being unknown.

The bodies of the three men taken from the ruins were so charred that identification was impossible. Only the trunk of each body was recovered, the feet, arms and head having been burned away. Searchers were compelled to give up their work yesterday afternoon because of the intense heat coming from the ruins, but the search for more bodies was resumed this morning.

Says Americans Are in Much Danger in Persia

Washington, March 24.—Consul Smith, stationed at Batum, Russia, and who now is at Tiflis, informed the state department today that American missionaries and refugees were in danger at Urumiah, Persia, where the Turkish consul, Rashib Bey, at the head of 700 Kurds, was recently reported to have led an uprising against the American mission.

Secretary Bryan said that everything [illegible] to protect Americ[illegible] at Urumiah. The Turkish consul was reported to have ordered three priests and two deacons to leave the mission and as they were passing through the streets they were insulted and beaten. An American missionary, Mr. Allen, also was reported to have been subjected to insults. He succeeded in sending messengers to Selmas, asking for help.

The message to the state department today gave no details of the peril of the American refugees at Urumiah, nor did it mention Allen. Wherever Americ[illegible]

CHORUS GIRLS STRANDED HERE

Penniless and Hungry They Appeal to Trustee for Assistance.

TWO OF THEM ARE SENT TO BELLEVUE

Billy Watson Beef Trust Beauties Are in Hard Straits.

With tears in their eyes, without friends and no place to go an even dozen stranded chorus girls ranging in age from 16 to 40, appealed to Trustee Scherer early Wednesday morning for assistance.

Without a penny in the world they were decidedly up against it and long before the trustee's office was opened they had congregated in the corridor of the court house. Many of them had stayed out the entire night, being without the necessary funds with which to pay for their lodging. Many of them were hungry, not having had anything to eat for more than eighteen hours.

The girls were members of the famous Billy Watson's Beef Trust Beauties' company, which had been playing in practically all the towns and cities in northern Indiana during the last few weeks. Sometime ago the company appeared here.

TRIP WILL BE MADE ON SPECIAL TRAIN

Fort Wayne and Allen county teachers who will attend the annual meeting of the teachers of northern Indiana at South Bend will leave here on the morning of April 1 at 9 o'clock on a special train over the Pennsylvania railroad. Returning, the special will leave South Bend on the afternoon of April 3 at 2 o'clock. The fare for the round trip will be $3.40.

Practically every teacher in the county will attend and those who do not will have to make it up by holding school two days longer at the close of the term. So there is no escape. The various trustees also will probably attend or at least a majority of them.

LAST MINUTE NEWS

GERMAN SEA FORCES SUCCEED IN BALTIC.

Berlin, March 24.—A further official announcement was given out in Berlin today as follows: "German sea forces have resisted the land forces in the operations to the north of Memel, on the Baltic. They bombarded on Tuesday forenoon the village and castle of Polangen, and kept under fire the road from Polangen to Libau."

ARTILLERY AIM OF MOSLEMS TRUE

Damage to Fleet Attacking Dardanelles Mounting Still Higher.

Dardanelles, Friday, March 19.—(Via Constantinople and Berlin March 21 and London March 24.)—Reports which were received during the night of March 18 and on the morning of the 19th show that the losses of the allies in the engagement of yesterday were greater than first had been supposed. In addition to the sinking of the French battleship Bouvet a British battleship, probably the Irresistible, has gone down.

The vessel, which last evening grounded and was hammered to pieces by the guns of the fort, is this morning under water. Furthermore, one destroyer was sent to the bottom. It is reported three torpedo boats of the allies also were sunk and that one other battleship managed to find safety but in a sinking condition. The casualties to the Turks undoubtedly were very small, and the material damage inflicted by the shell fire yesterday was very slight.

Turkish Artillery Victory.

As details of yesterday's engagement became known today it is increasingly apparent that the Turks scored a great artillery victory. They sent three of the allied battleships to the bottom. The Bouvet was struck by a 14-inch shell above the water line which caused an explosion in her magazines. Later she was [illegible] small [illegible]

MAYOR ROBERTS NOW JOINS OTHER THREE

Judge Anderson Orders Him Into Custody for Alleged Corruption of U. S. Witnesses.

Indianapolis, Ind., March 24.—Mayor Donn M. Roberts in addition to the three men sent to jail last night because of alleged tampering with witnesses in the Terre Haute election case, was ordered into the custody of the United States marshal today. He was ordered to give additional bond of $5,000 for his appearance to answer the charge of corrupting government witnesses.

Roberts has been at liberty on a bond of $10,000. Sheriff Dennis Shea, City Judge Thos. Smith and Street Inspector Alexander Aczel, alias Steel, defendants who were placed in jail last night by order of Judge Anderson, also were held under additional bonds of $5,000 each on the same charge as placed against Mayor Roberts. The four were taken in custody by United States Marshal Mark Storen.

Judge Anderson waited until the jury retired at noon before placing the charges against the four. He read two United States statutes, one of which places the penalty for interfering with witnesses at $1,000 or a year in prison or both and the other fixes the punishment at a fine of $5,000 or six years in prison, or both.

The court reviewed evidence which he stated proved conclusively that efforts had been made to corrupt witnesses and added that court attaches had detected Shea in the act of signalling to witnesses on the stand.

No Regard for Law, Says Court.

"These men," said the court, "apparently have no regard for the law at all."

Percy Williams, special counsel for Shea and Smith, said the charges had caused a surprise to counsel and offered to assist United States District Attorney Frank C. Dailey in the investigation, but the court did not entertain the proposition.

The other witnesses who have pleaded guilty today testified that Steel had attempted to influence their esimony and had told them that Roberts wanted to see them before they appeared on the stand.

Two Accuse Steel.

Dan Alban and Nick Burson testified at the Terre Haute election case in the federal court here that Alexander Aczel, alias Steel, had accosted them twice in regard to their testimony in the case. Alban and Burson, who have pleaded guilty, are saloon keepers in the foreign quarter of Terre Haute. Steel, a defendant, was placed in jail last night until he could increase his bond to $5,000. Sheriff Dennis Shea and City Judge Thomas Smith also were placed in jail by order of Judge Anderson at the same time.

Burson and Alban said Steel came to them shortly after they had pleaded guilty and told them they had made a mistake in pleading guilty and that they should change their pleas to not guilty. On March 13, after they had been subpoenaed as witnesses, both testified Steel came again to them separately and requested that they be easy on him. Steel, the witnesses said, told them that the four foreign boys who testified the first week of the trial had told enough to send him to the penitentiary. Alban said Steel asked him "not to tell all he knew" and Burson testified Steel requested him to see the four foreign boys and induce them to change their testimony.

They also told of a scheme whereby a number of foreigners were given naturalization papers for $1 which was passed to the deputy county clerk by the foreigners and from the deputy back to another foreigner.

OLDEST STUDIO IN CITY CHANGES HANDS

Norman Standish Purchases Photo Establishment of M. J. Clear.

The M. J. Clear photographic studio, over the Independent 5 and 10 Cent store on Calhoun street, and the oldest studio in the city and one of the oldest in northern Indiana, changed hands Wednesday and came into the possession of Norman P. Stadish, the owner of the studio at 828 Calhoun street. Mr. Standish will take over the new gallery about April 10, and will move into his new quarters.

The gallery was the first in this part of the country to have a sky light, it is said, and the light was placed in the building shortly after its erection, over fifty years ago. It was occupied for several years by photographers who did not remain long, and then Dille the artist, moved in and remained for some time. Nearly forty years ago M. L. Jones came to this city and opened a studio in the building, and occupied it for many years. Mr. Clear has been the owner for more than a dozen years.

He will retire from the business and devote his entire time to the business management connected with his office in the Ben Hur lodge. Mr. Standish will remodel shortly after going into the building.

COMMERCIAL CLUB TO NAME TEN DIRECTORS

Much interest is being taken in the election of ten directors at the annual meeting of the Commercial club to be held Thursday evening at 8 o'clock.

Charles L. Biederwolf, secretary of the club, is now busily engaged preparing his annual report and address. The report will show that the club has had one of the most prosperous years since its organization.

Twenty-three directors have been nominated out of which ten are to be elected. Those nominated are the following: Sam Wolf, Frank E. Stouder, C. H. Schuls, J. L. Shields, S. E. Mullholland, J. C. Hutsell, H. G. Hogan, W. M. Geiger, E. W. Dellow, H. C. [illegible]

ANOTHER PROTEST TO BERLIN LIKELY

Washington, March 24.—Acting on advices from The Hague that the steamer Elfland, flying the flag of the Belgian relief commission, had been endangered by a bomb from a German aeroplane off the Dutch coast, Secretary Bryan said today the state department was considering making representations to Berlin.

Secretary Bryan said a message from The Hague declared that representations to the German government already had been made by the Netherlands.

"Similar representations may be made by us," said the secretary.

KNIGHTS OF PYTHIAS IN DISTRICT MEETING

Between fifty and seventy-five members of the Knights of Pythias went to Huntington Wednesday to attend the fifth district meeting of the order.

At the afternoon session Judge C. W. Watkins delivered the address of welcome and Frank J. Heller, grand prelate, responded. Addresses were delivered by Harry Wade, grand keeper of records and seals, and Robert A. Brown, grand chancellor.

A feature of the meeting Wednesday evening will be an address by Fred H. Bowers. Other speakers are Robert A. Brown, grand chancellor, and John J. Brown, vice chancellor.

STEAMER'S LOSS NOW CONFIRMED; CREW SAFE

New York, March 24.—The Mallory line, owners of the American steamer Denver, received confirmation today of the wireless message last night from the steamer St. Louis, announcing that the Denver's crew had been taken off and the Denver had been abandoned 1,300 miles east of New York.

This confirmation came in a wireless message from Captain Avery, of the Denver. The message said that the Denver had been abandoned in a sinking condition and that Captain Avery and his crew were aboard the liner Manhattan and would reach this port next Saturday.

Another message was received from the Megantic, which read as follows:

"This afternoon rescued captain and wife and thirteen members of crew of steamer Denver, also Captain Smith, of American steamer Aviland. Manhattan has remainder, fifty-six."

There is no mention in maritime records available here of the steamer Aviland. White Star officials believed the Megantic's captain referred to Captain Smith, of the American steamer Evelyn, which was sunk by a mine in the North sea. They believed that Captain Smith was returning home on the Denver, although the Denver usually carried no passengers.

The total number of persons rescued, according to the message from the Megantic's commander, is 71. The Denver sailed for New York from Bremerhaven on March 16, having delivered there a cargo of cotton. She was built in 1901 at Wilmington, Del., was 372 feet long and of 4,949 gross tonnage. Until recently she sailed between this port and Galveston.

Later the apparent conflict in messages was cleared up with the announcement by the Mallory line that Captain Avery of the Denver, was aboard the Megantic from which his message was sent and that the Megantic was the vessel due here Saturday. The Manhattan is expected to reach here Friday.

The Megantic was one of ten vessels which hurried to the stricken steamer when she first sent out her wireless call. The first to reach her was the Manhattan. The St. Louis was next, sighting the Denver after a search of 21 hours. Apparently 24 hours or more elapsed from the sending of the first call for help and the rescue of the Denver's crew.

ALLIES LAND TROOPS TO ASSIST WARSHIPS

London, March 24.—(3:20 a. m.)—A force of allied troops was landed on the peninsula of Galipoli yesterday from transports in the gulf of Saros, according to a dispatch from Athens to the Daily Express.

A general attack upon the fortifications of the Dardanelles is to be undertaken immediately upon the arrival of further British and French warships under way to join the attacking squadron.

The last concerted effort against the Dardanelles' positions occurred six days ago, on March 18. This day's action resulted in the loss of three battleships. Reviewing the situation military experts in London and elsewhere have expressed freely their belief that to penetrate the straits the marine forces must be well supported on land. It has been said lately that a strong detachment of French troops was on its way to the Dardanelles.

The Gallipoli peninsula is the northern or European side of the Dardanelles. At its head it is no more than three or four miles wide. If this neck of land were effectively held by the allies, Turkish communication with the strong positions on the peninsula would be impossible. Dispatches from Athens received by way of Paris says an allied fleet resumed the bombardment of the Dardanelles yesterday morning.

Austrian Defenders of Przemysl Marched Out After Surrender.

Geneva, March 24.—A summary of what purports to be conditions upon which the Austrian garrison at Przemysl offered to surrender to the Russians is printed by the Tribune. The following stipulations are said to have been: First, full honors of war for the garrison; second, special treatment for the prisoners providing that officers shall be paroled and that none of the troops shall be sent to Siberia. Third, the right to transport to Austria those killed and wounded during the recent attacks. Fourth, complete liberty for the civil population with the right to leave or stay in the city.

"The defenders of the fortress marched out of Przemysl to Russian headquarters with colors flying," says the Tribune in its account of the surrender.

"The Austrian governor surrendered his sword to the Russian commander while thousands of Austrian troops piled their arms and ammunition in front of the Russian regiments drawn up in line. The Muscovites cheered the unarmed Austrians after their last parade.

"The fall of Przemysl has made a profound impression on Hungary as the flower of the Hungarian infantry was included among the defenders of the city, which was considered impregnable."

ALLEGED TAMPERING STIRS IRE OF COURT

Judge Anderson Orders 3 Defendants Into Custody of Marshal.

Indianapolis, Ind., March 24.—Sheriff Dennis Shea, City Judge Thomas Smith and Street Inspector Alexander Aczel, alias Steel, three defendants in the Terre Haute election case, were ordered into the custody of the United States marshal here late yesterday by Judge Anderson for alleged tampering with government witnesses.

Judge Anderson also asserted that he would put all of the twenty-eight defendants in jail if he heard of any further attempts to influence or bribe government witnesses.

"I shall try to teach you gentlemen there is some law in this country," declared the court, after the jury had retired.

During the afternoon seven witnesses, six of whom have pleaded guilty in the election fraud case, testified that they had been taken from the Vigo county jail on a writ of habeas corpus and brought to Indianapolis.

Judge is Indignant.

The arrest of these men appeared to arouse the indignation of the judge and he questioned United States District Attorney Frank C. Dailey as to who was responsible for the imprisonment of the witnesses.

The court then ordered that the seven men be held in Indianapolis and not returned to Vigo county. He said the six men who had pleaded guilty were in the custody of the United States court and that he had warned the defendants on arraignment day against tampering with the government's charges.

Mr. Dailey said some of the prisoners had been in solitary confinement and that a smallpox quarantine had been placed on the jail. He said he did not know "if the health officer was mixed up in the dirty mess."

Sends Jury From Room.

After a number of witnesses had told of repeating and buying and selling of votes, Judge Anderson had the jury withdrawn for the day and took up the question of tampering with witnesses. He recited at some length alleged attempts to influence witnesses before the grand jury and the instances testified to in court since the beginning of the trial.

He then asked Mr. Dailey if he had investigated the case of Steel and when the district attorney replied that two witnesses would testify on that subject today, the court ordered Steel into the custody of the marshal until he could give bond of $5,000. Steel has been at liberty on a bond of $2,500.

Judge Smith, who, it was testified, sentenced some of the seven government witnesses to jail, then was ordered into the charge of United States Marshal Mark Storen until he could give bond of $10,000 that would meet the approval of the court. Smith has been out on $7,500 bond.

Judge Anderson, after hearing that Shea's bond is $10,000, ordered Marshal Storen to take charge of him until today, when he would dispose of the matter.

"I want all of you, that is, I am telling you, and I include Mayor Roberts, to understand there is some law in this country," said the court as he pointed his finger at the defendants. "The next time I hear of any tampering with witnesses I shall not stop to investigate but will place the entire twenty-eight in jail."

NEW SCHOOL HOUSE WILL BE ONE STORY

Building in Washington Township Will Cost About $25,000.

According to the plans drawn by Architect Mahurin and Mahurin and accepted by Trustee Leonard Stolte and members of his advisory board, the new school building to be erected in Washington township to take the place of the old Scarlett building recently destroyed by fire, will be one story in height and six rooms, with basement. The architects estimate that the structure will not cost in excess of $25,000.

One story school buildings seem to be the rage throughout the entire country at the present time and more of them are being built than in a great many years. The new building will be of brick and modern in every respect. Work on the same will begin as soon as the weather will permit.

In selecting an architect the trustee and the advisory board were divided. Plans were presented by every architect in the city. Half of the board agreed on one architect and the other half on another. Mahurin and Mahurin were selected as a compromise, inasmuch as their plans met with the approval of the board and were as satisfactory as those submitted by the other two architects.

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol, and has been termed the greatest of flesh builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 30 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy and other leading druggists of Fort Wayne and vicinity have it and will refund your money if you are not satisfied as per the guarantee found in every package.

BILLY SUNDAY TELLS CHICAGO WHAT'S WHAT

Demands United Support if He Holds Revival in Windy City.

Winona Lake, Ind., March 24.—"You may tell them up there that I'll probably be in Chicago to talk over matters some time between now and the time I go back east, which is just after the first of April. Chicago is very dear to me."

This is the message of Evangelist Billy Sunday to those Chicago folk who are asking him to fight the devil in the "dry" campaign in Chicago in 1916.

"I don't think there is a city on earth, no matter how big, that won't move for Christ, if the forces for good will get behind and shove," continued the speaker.

"I don't believe that Chicago has had a real revival meeting since Moody's day.

"I'm speaking only from information, but that information is that there is a distressing lack of unity and get togetherness among the Chicago churches.

Can Stand No Rear Attack.

"They won't submit to leadership, but persist in sitting in judgment on a man's methods—that is, some of them do. No matter how well trained and loyal an army of 100,000 may be, a single company in the same uniform shooting into it from the rear is bound to spread consternation and nullify its effectiveness to a tremendous extent.

"I don't mean that every single church has got to get back of me and push and enthuse over my methods, but I do feel that if I go there, those who don't like my methods should refrain from criticizing them to the detriment of the big job of spreading Christianity and right living.

"Where I go my methods and my personality go with me, and I want to know that those who ask for my leadership in a campaign will submit to that leadership while I am leading, regardless of whether their methods agree with mine or not.

Support Failed Before.

"Chicago didn't support Torrey when he was there. Chicago didn't support Chapman. I don't want to go there and get the same kind of treatment. The reason that I am questioning the advisability of entering into a campaign in Chicago is on account of this record. I must draw the people from all quarters of the city.

"My success in Philadelphia and in Pittsburg was due to the wonderful unity of support that I received while I was there. Protestants and Catholics alike helped, and helped generously. The largest single contribution that was given me was given by a Catholic, Mr. Callery, president of the street car company. The Catholic priests urged their own people to go and hear me, telling them that what I said was merely what the church had been trying to pound into them in a different way, and that hearing me would make them better church members. Some of the very best boosters in the campaign were Catholics.

Out to Change No Creeds.

"I tell everybody that I never try to make a bum Protestant out of a good Catholic nor vice versa. I want to make Catholics better Catholics and Protestants better Protestants, and those who belong to no church but whom I convert, to join whatever church most appeals to them. But I want them all practicing Christians."

PHONE VOTES BOND ISSUE.

Home, at South Bend, May Take Over Business of Central Union.

South Bend, Ind., March 24.—Action that is understood to mean the practical consolidation of the business of the local branch of the Central Union Telephone company and the Home Telephone company and the abandoning of a local service by the former, was taken at a meeting of directors of the Home company last night.

Stockholders voted a bond issue of $1,800,000 in accordance with a permit issued by the public utilities commission. It is announced today that $900,000 of this amount is to be used for the acquiring of other telephone property. It is reported on good authority that the Home company will take over the local business of the Bell companies and the Bell will take all the long distance business in and out of the city.

WIDOW OF STONEWALL JACKSON IS NO MORE

Gifted Woman Wrote Memoirs of Noted Husband's Career.

Charlotte, N. C., March 24.—Mrs. Mary Jackson, widow of "Stonewall" Jackson, died at her home here this morning.

Mrs. Jackson was born near this city July 21, 1831, the daughter of Rev. Robert Hill Morrison, a Presbyterian minister and founder of Davidson college. She attended Salem, N. C., academy and college, finishing in 1849. Her marriage took place in July, 1857. Jackson was then a major, serving as instructor in Virginia Military institute at Lexington. She became a close student of military tactics and always took aggressive interest in the fortunes of the confederate armies. After her husband died of wounds in 1863 she wrote a volume of memoirs of his career.

General and Mrs. Jackson had two children, both daughters. One died in infancy and the other married William E. Christian. At her death in 1889 she left a daughter, who became the wife of E. R. Preston, a Charlotte attorney, and a son, Thomas Jackson Christian, now a lieutenant in the United States cavalry, stationed in the Philippines. Mrs. Jackson's last days were spent at the old Jackson homestead in this city. She had been ill for many months, and suffered a relapse yesterday.

WILL CELEBRATE HERE.

Fiftieth Anniversary of Scottish Rite Masonry in Indiana.

Indianapolis, Ind., March 24.—Plans for the celebration of the fiftieth anniversary of the institution of the Ancient Accepted Scottish Rite in Indiana were made today at a meeting of the members of the golden jubilee committees of the order, who are in Indianapolis to attend the annual convocation and reunion of the order at the Scottish Rite temple. The jubilee celebration will begin May 17 at the Indianapolis temple. Celebrations will be held at the close of the Indianapolis observance at the Scottish Rite temples in Evansville and Fort Wayne.

BURGLARS COME.

Kokomo, Ind., March 24.—Burglars who robbed the home of Lafayette Jones about a month ago, while the family was in Florida, taking about $60 worth of valuables and the key to the cellar door, returned yesterday, unlocked the door and stole more than $1,000 in jewelry and money. The police have been unable to obtain any trace of the robbers.

FINDS LARGE WIVES ARE SELDOM DESERTED.

Chicago, March 24.—Wives who are physically large and who are willing workers seldom are deserted, according to a report on the causes of desertion in Chicago, made by investigators for the bureau of public welfare. The percentage of desertion was shown to be the lowest among Italians and the highest among the American born. Unemployment was shown to be responsible for more than seventy per cent. of all desertions.

PIUTE INDIAN CHIEF WHOM GENERAL HUGH L. SCOTT BRINGS IN EASILY WHEN POSSE FAILS TO CAPTURE HIM.

Tse-ne-gat, son of Chief Old Polk, Piute Indian who refused to surrender to sheriff after killing a Mexican, and who led an uprising in Montana. At the right are shown horsemen who rode 200 miles to get into the Piute war zone.

SCOTT IS GOOD WHITE FATHER

Unruly Piute Indians Now Steadfast Friends of the General.

NOT PRISONERS— JUST "HIS BOYS"

Army Officer Tells How He Did What Posse Was Unable to Do.

Thompsons, Utah, March 24.—Seated at the head of the table Brig.-Gen. Hugh L. Scott, chief of staff of the United States army, at the little hotel at Thompsons, served four docile and apparently happy Indians at dinner last night. The Indians, who had been pursued by a posse headed by United States Marshal Nebeker for two weeks, surrendered to Gen. Scott near Bluff last week. The Indians were Old Polk, chief of one of the divisions of the renegade Piutes; Tse-Ne-Gat, son of Old Polk, who is charged with murder; Old Posey, chief of the other division of the renegades. All of the Indians referred to Gen. Scott in their Piute tongue as their good white father. The general insisted that the Indians were not prisoners, but "just his boys."

Show Keen Delight.

The Indians showed keen delight when the general insisted that he and the Indians be given a separate table away from the "white folks." Not a handcuff, nor shackle, binds these Indians, but the tie of genuine regard for Gen. Scott is such that it would probably take a posse larger than that which United States Marshal Nebeker brought to Bluff to drive them from him.

After they had eaten, the Indians were supplied with cigarettes by Gen. Scott and then permitted to wander about. The general's only concern was that the Indians might be run over by a train. They had never seen a railway train before and can hardly resist the temptation to get close to the cars. The Indians had their first automobile ride coming from Moab yesterday and they looked forward with eagerness to their first train ride, which began when they started for Salt Lake City today.

How He Did It.

Gen. Scott's story of the pacification of the Indians told last night follows:

"We left Washington to come over here to attempt to settle this little misunderstanding on March 3. With me were Lieut.-Col. Robert E. L. Michie, my aide-de-camp, and Trooper P. R. Randolph, of the Fifth cavalry, my orderly. We reached Thompsons on March 8 and went to Bluff, going by automobile, wagon, sleigh, horseback and on foot. At Bluff we learned that Polk and Posey and their Indians had gone to the Najoe mountains, some 125 miles west of Bluff. We stayed a day and then went to Mexican Hat, twenty-eight miles west of Bluff.

"We sent a friendly Piute, called Jim's Boy, out to tell the Piutes that I wanted to see them. Some of them came in near where we were camped, but it was not until the third day that any dared to come to the camp.

"Posey and four other Indians then came into camp. We talked a little through a Navajoe interpreter. It was in the evening and I just asked them how they were. I told them I did not feel very well and did not want to talk to them until the next day. They helped us kill a beef and we gave them a good meal, the first they had had for weeks. They were poorly clad and we gave them some blankets. Posey and his men did not have any weapons and I have reason to suspect that they had hidden them in the rocks near by.

Exchanged Stories of Troubles.

"The next day Polk and Hatch and about twenty-five others came in to see me. I asked them to tell me their troubles. They said the cowboys had come in the daylight on horseback and surrounded them, shot their children and wounded a squaw. They said they didn't like the cowboys. It seemed they had previously had trouble with the cowboys.

"Then I told them some of my troubles. I told them I did not think they would like to have their children chased by soldiers and cowboys all over the mountains and killed. I told them that I wouldn't like to have my children treated that way and that I would be glad to do anything I could do to stop it. I didn't try to push matters with them. I told the agents to see that they had provisions and blankets for their people. I told them that after they had thought matters over I wanted them to tell me what they wanted to do about it. They talked together and then said they wanted to do just what I wanted them to do.

"Then we sat down in a circle and I said: 'The marshal wants you, and you and you,' indicating Posey, Polk, Hatch and Posey's boy, to go with him to Salt Lake. The rest of you can go back to your people and go to the reservation with the agents. Is that all right?' They said it was and further they said if I said so they would come to Salt Lake.

No Guards Over Them.

"Then we broke camp and all rode ponies back into Bluff. We rode ahead and let the Indians follow us. They have never been ironed or shackled, never even led to believe they are prisoners. They never tried to get away. Why I don't believe we could get rid of them if we tried. At night they have slept together and nobody has stood guard over them. They are perfectly harmless now. All the Indians are satisfied. The whites are over their scare and there will be no more trouble from this band of Indians. These Indians are just children, easy to alarm and some days hard to appease. They had worked themselves up to a pitch where they were getting very dangerous. They were attempting to get a large band of Navajos to join them in the outbreak. Where they were camped, in the wild, broke country near the Grand Canyon, they would have been mighty hard to dislodge. It would have taken a large force of cavalry, two regiments probably, to subdue them and it would have cost the government $25,000 just to get the soldiers in here."

"None of the four Indians talks English. Through an interpreter, Tse-Ne-Gat or Hatch, said he was not guilty of any crime. When asked about the Mexican he is accused of killing, he said: 'The Mexican was my friend. We camped together. I did not kill him. Why should I kill my friend?'"

Has Been Burned Down Three Times in Six Years.

Vincennes, Ind., March 24.—Fire of an unknown origin destroyed the Indiana Handle factory. The loss will exceed $6,000. Only 2,000 worth of insurance was carried. This is the third time this factory has been destroyed in the last six years. J. R. Welch, treasurer and general manager, suffered the loss of his barn by fire twice and a large boat belonging to him also was destroyed in that time.

The factory was on the banks of the Wabash. It will not be rebuilt. This is the largest fire in Vincennes in eight years.

GAINS WORLD FAME AS PHOTOGRAPHER

Sudden Prominence Attained by Edward H. Weston, of California.

Los Angeles, March 24.—In the little city of Tropico, adjacent to Los Angeles, is the portrait studio of Edward Henry Weston, whose sudden rise to prominence in the world of artistic photography has attracted much attention among those who follow such work closely.

From comparative obscurity, Mr. Weston has, in the course of a year or a little more, reached a point where he may be considered one of the leading pictorialists in his line in America, and his work across the ocean, at the London salon, has been especially noticed.

The London Salon of Photography, held in the galleries of the Royal Society of Painters in Water Colors, is the leading yearly exhibit of pictorial photography. No awards are given, it being considered sufficient honor to have a picture hung. The honorary secretary of the salon, Bertram Park, artist photographer, when asked by a London magazine his opinion as to which was the best work in the entire exhibition of pictures, by 150 photographers, most of them noted artists, answered as follows:

"Which is the best picture in the salon? That is a truly difficult question to answer, but I can tell you which I think is the best group of pictures by the same artist. They are Nos. 98, 107, 153, 160 and 172 by Edward H. Weston, of Tropico, Cal."

KITTINGER GETS $907.50.

Anderson Lawyer Sued Client for Services in Breedlove Case.

Noblesville, Ind., March 24.—The case of W. A. Kittinger, of Anderson, against Jay Voss, of Indianapolis, in which the plaintiff asks judgment for $500 for defending Voss in the breach of promise litigation brought against him, two years ago, by Miss Leafy Breedlove, of Indianapolis, was compromised in court and dismissed. Voss gave Kittinger a check for $907.50. Each side paid its own witnesses.

The trial began yesterday. The plaintiff introduced the testimony of several attorneys, who said his services in the trial were worth from $2,000 to $2,500. When court opened today a compromise was suggested and the case was eventually settled.

The jury found for Voss in the breach of promise case. Miss Breedlove sued him for $50,000.

TO PROUD TO BEG; STARVE TO DEATH

Neighbors Find Too Late Couple Did Not Have Enough to Eat.

Passiac, N. J., March 15.—When friends of Mr. and Mrs. Steven Farley, who had not seen them for several days, and who found the house apparently locked and deserted when they called, became uneasy, Frank McGuire, owner of the house, suggested to Policeman Vanderhoven that he investigate. He knew that Farley, a mechanic, had been out of work for some months, but did not suspect that all might not be well with his friend, for Farley had never complained and Mrs. Farley had always seemed cheerful when Mr. McGuire saw her.

With Vanderhoven, Mr. McGuire broke into the house. There was no one in the front rooms, but they heard some one in a bedroom breathing heavily and they stepped eagerly toward the room, thinking to surprise Farley asleep. They found him, not asleep, but in coma. In his arms was clasped the body of his wife.

A doctor later said Mrs. Farley had been dead for several days and that she had starved to death. There was not a bit of food in the house. The Farleys, too proud to beg or to acknowledge their predicament to their friends, had eaten the last of their food and then had lain down together to die.

Farley was taken in an ambulance to St. Mary's hospital. He was semi-conscious as the automobile rushed along, but as it drew up before the hospital he died.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 21:1-13.

1 And he looked up, and saw the rich men casting their gifts into the treasury.

2 And he saw also a certain poor widow casting in thither two mites.

3 And he said, Of a truth I say unto you, that this poor widow hath cast in more than they all:

4 For all these have of their abundance cast in unto the offerings of God: but she of her penury hath cast in all the living that she had.

5 And as some spake of the temple, how it was adorned with goodly stones and gifts, he said,

6 As for these things which ye behold, the days will come, in the which there shall not be left one stone upon another, that shall not be thrown down.

7 And they asked him, saying, Master, but when shall these things be? and what sign will there be when these things shall come to pass

8 And he said, Take heed that ye be not deceived: for many shall come in my name, saying, I am Christ; and the time draweth near: go ye not therefore after them.

9 But when ye shall hear of wars and commotions, be not terrified: for these things must first come to pass; but the end is not by and by.

10 Then said he unto them, Nation shall rise against nation, and kingdom against kingdom.

11 And great earthquakes shall be in divers places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven.

12 But before all these, they shall lay their hands on you, and persecute you, delivering you up to the synagogues, and into prisons, being brought before kings and rulers for my name's sake.

13 And it shall turn to you for a testimony.

The Anti-Smoke Ordinance.

After prolonged consideration, in the course of which those who cared to present their views on the subject were given a hearing before the committee, the Fort Wayne city council has enacted an ordinance designed to curb the smoke nuisance in this city. That there will be complaint that it is too drastic because it fails to allow any sort of leeway may be fully expected, but City Attorney Colerick was undoubtedly correct in advising the council that any time limit allowing the issuance of dense black smoke a given number of minutes each hour would render the ordinance worse than useless because it would make it practically unenforceable.

Fort Wayne has been wrestling with this problem more or less seriously for the past two or three years. It would be unfair to the owners of the larger buildings and the management of manufacturing institutions to say that they opposed attempts at regulation, but many of them not only warmly supported it, but have already taken the initiative in equipping their plants with smoke-consuming devices and giving expert instruction to firemen that is going to count vitally in securing good results. A technical committee headed by Olaf N. Guldlin and embracing within its membership some of the most skilled engineers in the city attached to the large industries went deeply into the subject and gave to the city the result of its study and its recommendations for correcting the evil. That service was an invaluable one. Throughout there has been a most commendable desire on the part of the big institutions to aid in bringing about a reformation.

It would be unreasonable to expect the new ordinance to entirely remove the smoke nuisance, but it should result in marked improvement. One cannot work miracles by the mere enactment of laws. There will doubtless still be occasional offenders, but we believe there will be a sincere attempt to conform to the new requirements in good faith. If any considerable percentage of the unhealthful, unsightly, unnecessary and loss-producing smoke in Fort Wayne can be eliminated, the crusade will have been worth while. Here's where we start to make Fort Wayne another spotless town.

Young Mr. Ryan, the New York stock broker, now admits that he made a mistake in refusing to answer questions propounded by the senate committee which was investigating the ship bill lobby, and is anxious to make reparation by supplying prompt and clear-cut repliesto such queries as may be propounded to him. The character of his answers, also, make it apparent that there was never any real occasion for his refusal to answer in the first place. Mr. Ryan apparently kicked up a deal of fuss about nothing.

Judge Anderson, of the federal court, has just ordered three of the Terre Haute election conspiracy defendants into the custody of the United States marshal for alleged attempts to tamper with government witnesses in their cases. After all, the real shock to that Terre Haute crowd is perhaps not so much their arrest as the discovery that they are finding themselves in a situation in which they are not running things themselves.

At least one local manufacturing concern has adopted a rule to paste a "made in Fort Wayne" label on every shipment of its goods that leaves the factory, with the patriotic purpose of further advertising Fort Wayne. It is a fashion that The Sentinel trusts will be promptly adopted by all other local manufacturing concerns as a means of boosting the city of which we are all so justifiably proud.

The Delaware county infirmary near Muncie, which burned Tuesday at a cost of several human lives in addition to some $75,000, was, we are now informed, regarded as a fire-trap. What happened is precisely what usually happens in the case of "fire traps." Likewise, we have a [illegible]

WHEN FOOD PRICES DROP.

(Grand Rapids Press.)

In the pull and haul between producer and consumer the producer has had all the best of it since August. Short harvests abroad conspired with the unusual demands of war to lift prices on staples and with a few notable exceptions perishable foodstuffs rose in sympathy.

The rise in perishables was due solely to cold storage. Foresighted operators filled cold storages in anticipation of unusual demands and this hoarding tended to hold up prices which otherwise would have fallen as a result of the unusual yield of all products during last summer.

Now, if reports are correct, the limit of storage has been reached. The warehouses are full to bursting. Lack of shipping facilities keeps on this side cargoes of supplies purchased by the warring nations and sadly wanted abroad. The result is that whatever goods are now brought to market over and above domestic demands will tend to beat down the price level. The stage is set for a bear raid on practically all foodstuffs except wheat, which is put in a good position to stand the strain by the apparent failure of the allies' first attempt to force the Dardanelles. But if the bear raid materializes in other lines the sympathetic effect of falling prices on other food products should operate to keep May wheat from further advances. Meantime another growing season impends and each day finds the hungry world nearer another harvest.

The faithful hen is the first ally of man to hear the call of spring. Those who like eggs when they are fresh will rejoice that an early spring and full storage plants combine to furnish a prospect of fifteen-cent eggs. Butter, also, according to the experts, is scheduled for a drop. Meat supplies are said to be large, but, in view of the fact that the supply of meat animals in the country has been diminishing of late years, it is idle to look for cheap meat through any long continued period. Meat may drop slightly, or even sharply for a brief period, but storage upon the hoof will soon counteract the glut in the cold rooms. However, milk has not risen and with plenty of milk, eggs, butter, potatoes and corn bread Americans will survive in health and comfort.

In this impending decline of foodstuffs may be seen the workings of man's constant companion, supply and demand. Sometimes that law behaves as a friend, sometimes as an enemy, depending on what you have to buy or sell; but never by any chance can it be dodged for long at a time. It works while you sleep and also while you eat.

ELECTRIC TRAINS.

(Indiana Daily Times.)

On the newly electrified portion of the Pennsylvania main line out of Philadelphia the first electric train has just made its successful first trip. At a cost of $3,500,000 the Pennsylvania has equipped a strip of its tracks with electricity and from Broad street station to Paoli smokeless traffic is to be the rule in a short time. The trains are to be run by a tremendous current of 44,000 volts, fed to the wires through three substations. It is understood the electric trains are much easier to handle than the old-style trains drawn by steam, and that greater speed is possible by electricity on this account. It is given out the Pennsylvania will go forward and equip still other suburban lines out of Philadelphia for electric train service. Does this indicate that eventually the electric train is to displace the old-time locomotive system? On the one point of smoke abolition the public no doubt will welcome the spread of the electric idea.

It is now stated that a call will doubtless be extended by the Plymouth Congregational church to Rev. C. W. Carroll, of Steubenville, Ohio, to take the pastorate of that church.

Dr. Charles R. Dryer, who has been teacher of science in the Fort Wayne high school for the past thirteen years, has resigned to take a position as chemist with the Jenney Electric Light works.

Judge Edward O'Rourke, of the circuit court, has appointed George Fox, Jefferson Dickerson, A. F. Glutting, P. H. Kane and Peter Certia city commissioners, on the recommendation of the city council, to pass upon street and alley openings and assess benefits and damages.

St. John's branch, No. 566, Catholic Knights of America, was organized yesterday with fifty members and the following officers: Captain, John Hauser; first lieutenant, John Scheffer; second lieutenant, John Suelzer; senior warden, Herman Hohnholz; junior warden, George Alter; color bearer, Joseph Fricke; sword bearers, Albert Gessler, Henry Allgeier.

The inaugural sale of lots in the Land and Improvement company's Lakeside Park addition was held today at the offices of the company in the Pixley-Long block. At the time this paper went to press eighty-four lots had been sold for a total of $58,800. Sales were made exclusively through real estate agencies. The first lot was purchased by Mason Long. The company had a large force of men at work today planting posts to designate the streets and avenues.

What is perhaps the most extraordinary purchase of suits, at this season of the year ever consummated by a Fort Wayne store. And was all brought about in this way: A leading New York manufacturer, retiring from business, offered to make up his entire stock of fabrics in the styles we desired—and at a remarkable discount.

We took advantage of the offer, had the cloths made up in eighteen of the latest styles and they are placed on sale today

A sale that is remarkable because of the unusual suit season, making suits very hard to secure; but doubly remarkable because of the smartness of styles and quality of workmanship.

You will find in this collection all fabrics, Gaberdines, Poplins, Serges and Checks; Colors---Sand, Putty, Belgian Blue, Navy, Battleship Grey, Black, Light Grey and Black.

SPRING REUNION.

The following invitation has been sent out to all Scottish Rite Masons for the spring reunion to be held Tuesday, Wednesday and Thursday, April 20, 21 and 22:

"Fort Wayne lodge of Perfection, fourteen degrees; Darius council, Princes of Jerusalem, sixteen degrees; Emanuel chapter, Rose Croix, eighteen degrees; Fort Wayne consistory, thirty-two degrees, Ancient Accepted Scottish Rite and Freemasonry, sitting in the valley of Fort Wayne, request your presence at the spring reunion Tuesday, Wednesday and Thursday, April 20, 21 and 22, 1915, commencing at 2 o'clock, Tuesday afternoon, at the Scottish Rite cathedral."

Gene Welch, of Kalamazoo, Mich., representing Swain-Earl & Co., is a visitor here looking over the ground with the view of locating a wholesale tea and coffee house in this city.

Chamberlain's Cough Remedy.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tough mucous and aids nature in restoring the system to a healthy condition. It is pleasant to take and harmless as it contains no narcotic. Obtainable everywhere.—Adv.

WIRES OF BROTHERS' DEATH.

George Masbaum, of this city, who was called to North Crandon, Wis., several days ago, wired Fort Wayne friends Tuesday evening that his brother, John Masbaum, to whose bedside he was called, had passed away before he reached North Crandon. The deceased was seventy-four years old and is survived by his wife and four children.

Francis H. Bulot, engineer for The Wildwood Builders' company, returned Monday from Chicago, where he has been visiting nurseries and selecting shrubbery for the Lafayette Place subdivision.

NEW DIRECTORY WILL HAVE 80,000 NAMES

There will be more than 80,000 names in the new directory now being compiled in Fort Wayne by R. L. Polk & Co. Fort Wayne has more than held its own according to those compiling the new directory and will show a substantial gain over last year, though, perhaps not so large as the gain during the previous twelve months.

The directory will be the forty-second volume issued in this city and will probably be ready for distribution about the first of July. Work began on it Jan. 4. Thousands of people change their residence, occupation or business location or firm name while the canvass is being made and this ceaseless movement makes the compiling of the directory most difficult.

The Ladies' auxiliary order of the Turners will give a pedro party Friday afternoon in Turner hall.

Roumania is a little larger than England without Wales.

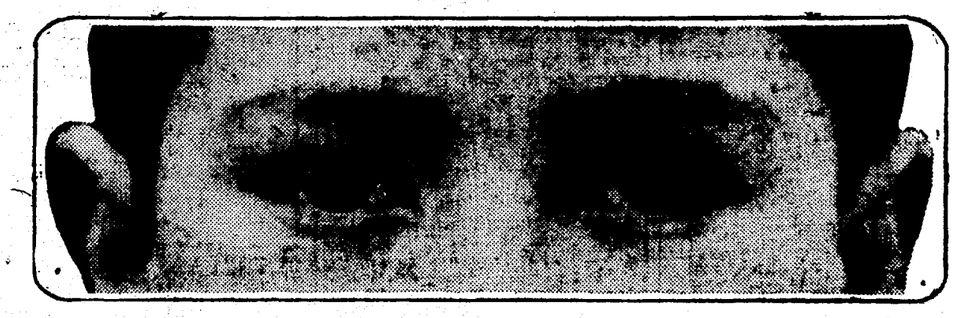
THESE EYES SEE BACKWARDS—THEY ARE "MIRROR EYES," AND A LITTLE BOY OWNS THEM.



THE EYES THAT SEE AS A LOOKING GLASS.

Atlanta, Ga., March 24.—The eyes of seven-year-old Harold Lutzk see the world as you and I would view it in a looking glass.

He has "mirror eyes," one of the rarest of phenomena known to science. Hold up your right hand and Harold will tell you it's your left. He sees it that way. Stand before a mirror and you will see yourself exactly as Harold would see you.

Although Harold has been seeing things backward all his life nobody knew it until the other day when he started to school. His teacher was amazed to see him writing from right to left with his left hand.

"I can't read," said Harold, "because the letters run the wrong way."

The teacher had an inspiration. She held a book before a mirror and the young pupil read glibly.

Doctors pronounced Harold's case one of the most remarkable known to medicine. They found his eyes were not diseased. He sees as plainly as anybody, but all objects are reflected on his brain just as you would see them on a photograph negative.

[illegible] if written emoC eulB yoB elttiL"
"nroH ruoY wolB"

Doctors say that it is hardly probable that science can set Harold right. He must learn just as anyone else would have to learn to see things the wrong way.

There is little doubt that Harold's "mirror eye" is hereditary. His mother says that she has a brother living in South Carolina, well versed in Hebrew, who writes all his Hebrew characters backwards. She says there was a similar case in her family several years ago.

ROBINSON ENDS LONG FAST.

Warsaw Man Drinks Glass of Buttermilk After Fifty-Seven Days.

Warsaw, Ind., March 24.—By drinking a glass of buttermilk, James Robinson, an inmate of the county infirmary, has ended a fast that is said to stand as a world's record. The buttermilk was the first nourishment taken by Robinson in fifty-seven days. During his eight weeks of total abstinence, Robinson, who had weighed 230 pounds, lost about 100 pounds. Although weak, his physical condition is good. His fast was due to lack of appetite and the fact that the taste and smell of food made him ill. Physicians had been puzzled by the case.

Hulse—Harding.

Simplicity and beauty were characteristic of the wedding of Miss Edith Dorothea Harding, daughter of Mrs. Daniel L. Harding and Mr. Halsey Budd Hulse, son of Mr. and Mrs. John Hulse, of Stanhope, N. J., which took place at 1 o'clock today at the home of the bride's sister and brother, Mr. and Mrs. Elwin Hulse, 2929 Fairfield avenue. There were no attendants and only relatives in the wedding party, including a brother of the groom, Mr. Frank Hulse, of Stanhope, N. J. Rev. C. Claud Travis, of the Wayne Street M. E. church, was the officiating minister. The bride assisted in receiving the guests as they arrived and there was no music preceding the ceremony as it was the bride's wish to have everything as simple as possible. The bride wore a plain though elegant gown of white French voile with trimmings of flat Venise lace and a sash of soft satin that girdled the waist and fell in loops and ends in the back. The bride's flowers were a beautiful corsage of sunburst roses and pale lavender orchids with yellow throats that matched the tint of the roses. The bride and groom stood in front of the fireplace in the artistic livingroom during the marriage service. The decorations were in keeping, consisting of a few palms placed on standards, long baskets of ferns and a brown basket filled with yellow and reddish purple snapdragon and another small basket of jonquils. In the diningroom where a luncheon was served at half-past 1 o'clock the bridal table was laid in cluny lace and the flowers in bisque vases carried out the plan of the decorator, Miss Flick, in pastel shades of spring blossoms. No two bouquets were alike and purple and white lilacs, pink roses, narcissus, jonquils, sweetpeas and snapdragon were the principal flowers used. The smaller luncheon tables each had a white vase filled with flowers. The bride's cake was a marvel in the culinary art and was made by family friends. The names of the bride and groom, the date, the residence were all "written" in the frosting and so artistically combined with lovers' knots and hearts that it brought forth many admiring remarks. Later in the day the bride and groom left the city for a few days but have deferred their wedding trip proper until during the summer season when Mr. Hulse takes his vacation. At that time they will go east. The bride travels in a tailored Belgian blue gabardine suit with blouse of sand color crepe de chine that has a touch of blue about the neck to match the suit and a hat of yellow Milan braid with a few flowers and wheat to also correspond with the suit. After the first of May Mr. and Mrs. Hulse will be housekeeping in an apartment at 815 West Creighton avenue. Mr. Hulse has been located in Fort Wayne about three years and is esteemed very highly. He travels for the Mayflower Mills company. The bride comes from a very well known family of the city and has always been much admired for the many beautiful graces of her character and her personal charm.

Miss Margaret Hawkins is to give a theater party at the New Palace on Saturday afternoon.

Mrs. Walter Cook, of Petoskey, Mich., is the guest for a few days of Mr. and Mrs. Henry Stahlhut, 433 East Leith street.

Mr. and Mrs. James Shields, of Rockhill street, have gone to New York city on a trip that will combine business and pleasure.

Mrs. Lillian Underhill, of Park avenue, went to Cincinnati today to visit her daughter, Miss Margaret Underhill, who is teaching in Milford, a suburb.

Hon. N. W. Gilbert and Mrs. Gilbert will sail from San Francisco, Cal., next Saturday for Manila, P. I. They have been in the states for a number of months.

Miss Irene Johnson, of 810 Lake avenue, pleasantly entertained the High school girls of the N. T. club yesterday after school hours. Miss Ruth Martin will be the next hostess.

Many Fort Wayne friends are interested in the announcement of the birth of a son to Mr. and Mrs. C. F. Griffin, of Toledo, Ohio. Mrs. Griffin was Miss Margaret Miller, of Bryan, Ohio, and had frequently visited in this city.

Mrs. D. L. Harding will make her home with her daughter, Mrs. G. B. M. Bower, now that her younger daughter, Edith, is married. Mrs. Harding and her younger daughter had been making their home in the Hoagland for some time.

The Laurel club will meet tomorrow afternoon with Mrs. J. H. Frame, 911 East Wayne street.

The College club is to have a social meeting and guest day affair called a Japanese tea at the Y. W. C. A. at 4 o'clock on Friday afternoon to which the public is invited. A silver offering will be taken to be donated to the extension department work of the Y. W. C. A. The College club members are making an effort to have this tea a success in both ways, socially and financially. While the offering is designated as a silver one, amounts in bills, checks or even gold coin will gladden the hearts of the "Y. W." workers who find a call for their extension department work they cannot carry on as necessities demand.

MISS MANNHEIMER IS GIFTED.

Last Entertainment of League Lectures Presents Dramatic Reader.

A large audience attended the readings given by Miss Mannheimer at Westminster church last evening under the auspices of the Woman's League. The entertainment closed the series of lectures for this season. Miss Mannheimer read both poetry and plays and delighted the audience with her fine art, which embraces a dignity of work and an interpretation of good literature besides the power of emotional expression. The latter quality was expected, but this gifted reader embraces a literary discernment and a method of relating a story that is as agreeable as her beautifully modulated voice and attractive presence. She possesses plenty of magnetism and her readings, whether expressive of a moral or merely diverting and amusing, were well received and were a pleasure.

"The Dansants" to Be Popular.

People of this city planning to visit the Panama-Pacific exposition are always interested in what is going on in the Indiana building, as well as in the success of its hostess, Mrs. A. E. Carroll. The following item appeared in the San Francisco Call and Post: "The first of a series of tea dances at the Indiana pavilion at the exposition will be given Saturday. Mrs. A. E. Carroll, of Fort Wayne, hostess of the Hoosier building, will be in charge. The large music room on the second floor will be utilized for the dansant, while the library adjoining, which also has a hardwood floor, is available for the overflow. Social activities will be one of the leading features of the Indiana pavilion during the exposition year, the 'music afternoons' already having gained much popularity with visiting Indianans and other guests."

LITTLE MISS CHINA WANTS TO BE BEAUTIFUL JUST LIKE MISS AMERICA.

Typical Chinese beauty and belle who hopes some day to be as beautiful as Irene Estelle Hough, the typical American beauty.

China has had another awakening. The women of China have taken up arms against ugliness and they want the women of America to be their allies in the fight for beauty.

The American woman is the Chinese woman's ideal of beauty. And little Miss China has started out in a very business-like way to achieve her ideal. She has instructed the merchants of Singapore and Shanghai to buy "American beauty things"—face creams, perfumes, powder puffs and other enemies to ugliness, and she's going to be just as pretty—if she can—as her distant neighbor, Miss America.

The beauty shop follows the flag of civilization; American business agents in the far east say the beauty parlors are springing up like mushrooms in the large cities of the orient, and most of them are managed by Americans.

If Miss Irene Estelle Hough, the most beautiful telephone girl in America and a typical American beauty, is the type of beauty Miss China covets, her road to beauty will be long and wearisome.

AT THE NEW PALACE

KELLOGG'S LECTURE.

Nature Man Delivers Interesting Talk at New Palace.

Charles Kellogg, the nature man, yesterday afternoon delivered an interesting talk on the scientific principles imbodied in the marvelous act with which he is delighting unusual houses at the Keith New Palace. Mr. Kellogg's lecture was delivered before a stage full of doctors, physicists, musicians and others interested in the theories of sound and harmonics, and during the course of it he demonstrated some of the amazing experiments he does in his regular act, introducing "The Dancing Flame," which he causes to dance and finally extinguishes by the intensity of the sound vibrations possible with his bird voice. He sings the songs of birds, kindles a flame by rubbing sticks together and does it all with a massive stage setting built as a replica of a view of his great mountain ranch in the Sierras.

The bill this week is scoring a veritable triumph, with Nellie V. Nichols, the songstress comedienne, sharing the premier honors with Mr. Kellogg. Other big Keith attractions are Jarrow, the matchless magician; Mang and Snyder, the two most perfect athletes that ever have been in Fort Wayne; John and Mae Burke in their drollity, "A Ragtime Soldier;" the Elsie Faye trio of singers and dancers; Jacobs' tiny canine comedians.

AT THE JEFFERSON.

DAINTY MARGUERITE CLARK.

Fascinating Little Screen Idol at Jefferson in "Gretna Green."

Marguerite Clark, who more quickly than any other stage star converted to the screen sprang into national fame as a distinguished film artiste, appears again at the Jefferson theater, this time creating the title role in a Famous Players' Film company adaptation of the noted stage success, "Gretna Green," which so vividly depicts the woes and delights of the belles and beaux of Old England during the rousing heroic times of good Charles III. Miss Clark portrays the role of Dolly Erskine, the pretty and mischievous heiress whose wiles have tantilized and maddened the men of Harrowgate.

In connection with Miss Clark's appearance the Jefferson will show the initial release of the new Fort Wayne Animated Weekly, a series of motion pictures filmed by the Henderson Film company, of this city. Pictures were taken of all local events of interest within the last three weeks.

AT THE COLONIAL

THRILLING WAR PICTURES.

Colonial Has Remarkable Feature in Hearst-Selig Motion Pictures of War.

What is without doubt the most authentic and thrilling motion picture ever taken of the present European war will be on display at the Colonial theater today. These remarkably graphic scenes were taken by the camera men of the Selig Motion Picture corporation, in conjunction with the Hearst Newspaper syndicate, and they depict with a kind of terrible fidelity the misery, the woe, the pit of suffering into which all Europe has been cast.

Six reels are necessary to tell the wonderfully interesting story of this—the world's greatest war, and they are six reels replete with the most gripping intense kind of action.

LIMEWATER'S USES.

There are innumerable uses for limewater, and so no home should ever be without it. It is used to keep milk vessels wholesome, to make the milk digestible, to soften water, sweeten drains, etc. By beating limewater well into olive or linseed oil there results one of the best known remedies for burns and scalds. To make lime water, put a lump of quicklime as big as the two fists into a clean earthen pitcher, pouring over enough fresh drinking water to cover it six inches deep. Stir well with a wooden spoon, let stand half a day, and then pour off the clear liquid without disturbing the lime at the bottom of the pitcher. Strain through doubled cheesecloth and then keep in small bottles tightly corked. When using, always pour off a little from the fresh bottle or one that has been opened. Thus one gets rid of the crust that forms.

An interesting meeting of the Mathematics club is planned for Friday evening at which time Prof. Ward will give a short talk, Dorothy Knight some geometrical proofs and Gladys Eikenberry a recitation.

A Spring Song

O come my love, the jitney
Waits; the nickel's in
My purse. My sparker snaps at all
the
Fates, for better or
For worse. Let's jit in joy while life
Is June; five coppers pay
The bill. So come and jitney 'neath
The moon, along the low grade
Hill. While all the world is smooth
As glass, while all our tires are
Spry, there's bliss in every quart
Of gas; let's hit life on
The high. So come and be my jitney
Queen; a nick is all my
Hoard. Who cares for grief or
Gasoline? Come mount
My trusty Ford.

—From Emporia Gazette.

Peek-a-Boo Bonnet Has Plenty of Peek

Peek-a-boo! We can see right through the newest of the spring bonnets. The "illusion hat" they call it, perhaps it's because there is nothing illusive about it, but what does a milliner care for a name?

The "illusion hat" is a simple affair, its "ingredients" being two yards of black tulle and ten inches of millinery wire.

AT THE EMPRESS.

For the war in Europe the people of Fort Wayne should give thanks, as the closing of the theaters there has brought to this country stars that would have been gazed upon by none other than those who patronize the Paris theaters. Among these is little Ora Ental, the tiny, graceful, physically perfect dancer who is traveling with the Monte Carlo Girls, the current attraction at the Empress. In early childhood this nymph's health was anything but perfect. Friends advised the child's mother to give her exercises, and under careful training she soon became an expert swimmer, rower, golfer and hockey player. Now she is as near a perfect specimen of girlhood as there is, as her dancing will show. With no shoes on, this little dancer walks around on the tip of her toes, a feat that few dancers dare to attempt, and those but she accomplishes.

Sh-h! Is It Petticoat Swish We're Hearing?

SEE WHO'S WITH US—LITTLE MISS PETTICOAT, ALL FLUFFS AND RUFFLES.

Little Miss Petticoat, as frilly and fluffy as ever she was in the days of leg-o-mutton sleeves and wide skirts, has regained her lost place in good society. The swish of lace and silk will be heard again in fashion land, for the new spring gowns are made to be worn with petticoats.

It's at least half a dozen years since the petticoat took its [illegible]

HOAGLAND NEWS

Hoagland, Ind., March 24.—Master Kenneth Tucker entertained more than thirty of his little friends at his home last Monday afternoon. The occasion of the party was Kenneth's tenth birthday anniversary. Though most of the guests were playmates of their little host, yet there was one guest, Mrs. Emma Small, who claimed the same birthday as Kenneth even if she was a few years older than he. After a very enjoyable two hours, refreshments were served and the guests departed.

The Epworth League of the M. E. church met Monday evening to elect officers for the ensuing year. The officers chosen were as follows: President, Nathan Gresley; secretary, Clarence Bogard; treasurer, E. E. Grimsley; first vice-president, Mrs. E. E. Grimsley; second vice-president, Mrs. Nathan Gresley; third vice-president, Miss Vivian Chapman; fourth vice-president, Paul Smitley; organist, Miss Esther Evans.

Miss Marie Ansch and Miss Lenora Schoppmann visited relatives in Fort Wayne over Sunday.

The Misses Martha Tucker and Thelma France and the Messrs. Clarence Bogard and Wayne Havice attended the Honeywell evangelistic meeting at Decatur last Sunday evening.

The entertainment given by the Loyal Workers' class of the Antioch Sunday school was well attended and enjoyed. After the program of Irish songs and dialogues celebrating St. Patrick's day, a lunch of ice cream, cake and coffee was served. The class is pleased to announce that the proceeds, after the expenses were paid, amounted to $21.

Mr. and Mrs. John Wade spent Sunday with Mr. and Mrs. R. E. Kaufman, of New Haven, and attended the Pitzer and Upson evangelistic meeting while there.

Dan Barkley, of Fort Wayne, was the guest of his mother, Mrs. Sarah Barkley, of this place, last Friday.

Mr. and Mrs. Mart Luttman spent Sunday in Fort Wayne, the guests of Mrs. Luttman's son, Darce Robinson.

Norman Palmer has gone to Michigan on business.

Mr. and Mrs. Ray Houser moved to Sturgis, Mich., last week. Mr. Houser has accepted a position as operator with the G. R. and I. railroad of that place.

Mrs. Ed Corville and daughter Ruth spent Sunday with friends in Decatur.

Mrs. Sarah Barkley is now convalescing after a serious illness.

Ralph Grotrian is sick wth lung fever.

A. C. Crawford is still considered seriously ill.

Rev. A. K. Mumma attended the tabernacle meeting in Decatur Sunday evening.

Mr. and Mrs. Oscar Fry have moved into Mrs. Emily McIntosh's property on English street.

Marcus Buffenberger took a big load of people from this place to the tabernacle meeting at Decatur last Friday evening.

Mr. and Mrs. Curt Jamison entertained at supper last Wednesday evening Rev. A. K. Mumma and Mrs. Frank Hubler.

The Misses Georgia Crawford and Hilda Koenemann and Robert Alderman were the eighth graders of the Hoagland school who took the county examination for graduation last Saturday at the Knouse schoolhouse.

Born, to Mr. and Mrs. Berning—a girl.

Miss Beatrice Tucker and Harry Drage attended the musical comedy, "High Jinks," at the Majestic theater in Fort Wayne Saturday evening.

Mr. and Mrs. Elias Hartzell took dinner Sunday with their son and family, Mr. and Mrs. P. L. Hartzell.

Louis Houk, of Auburn, is the guest of his mother, Mrs. Samuel Houk.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT DANDERINE

Save your hair! Make it soft, fluffy, lustrous and beautiful.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' time, when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp.

If you care for pretty hair and lots of it, you must get busy with Danderine. It takes but one minute to moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and fluffy as ever. Even if your hair is not dry or thin or coming out, it will surely be greatly benefited by using Danderine.

Duchess Converts Her Castle Into Hospital

Duchess of Devonshire

Many of the ancient castles that served as fortresses in England's earlier war are now used as hospitals for the victims of modern warfare. One of the historic castles owned by the duchess of Devonshire is now a war hospital.

The duchess, who is very wealthy, is giving both wealth and personal service to her country in an effort to lighten the horrors of war.

SCHOOL CENTER IS BENEFIT TO PEOPLE

Chicago Civic Expert Calls Them Modern Town Meeting.

Chicago, March 26.—That the New England town meeting is being re-established in the school center is the belief of Graham Taylor, president of the Chicago School of Civics and Philanthropy.

Mr. Taylor outlined the development of the town meeting in an address at the City club recently. He said the old world people originally coming to this country had brought with them the center church, the center town meeting and the center school. These were their native institutions and they naturally transplanted them to America.

The church no longer is a center of thought, he said, because of the diversity of religious views; the town meeting has been outgrown; the school alone remains as a common meeting place. This is the last place where all have equal rights, he declared, and around this survival of the people's common heritage a revival of democratic institutions is taking place.

For lack of a place for holding free discussions American communities are suffering from detachment, said the speaker. The detached man he called a menace to himself and to others. The present industrial system is uprooting men and sending out this detached man.

Seasonal occupations and casual jobs, he believed, are developing the detached woman, child and family. The immigrant family coming over without connections of any kind is almost sure to be disintegrated, he said, the children almost sure to drift away.

WOUNDS HEAL QUICKLY.

Paris, March 24.—What is described as the greatest surgical discovery since lister's anticeptic, is now at the service of the French wounded. It is an anti-toxin discovered by the well known bacteriologists, Professor La Chaincheand and Vallee, and it is likely to supplant other antiseptics in preventing infection of wounds. Antiseptics, though killing the disease, also weaken and benumb tissues, thus delaying cicatrization of the wound, whereas the new serum—called "polyvalent," because it is effective against all malignant germs—actually stimulates the tissue surrounding the wound and promotes rapid healing.

The discoverers, who are in charge of the Alfort National Veterinary school, have twenty-five horses under treatment from which to get 40,000 five-cubic-centimeter doses monthly. Extensive experiments show a decrease in pain and fever in a few hours after the injection, accompanied by a rapid cessation of inflammation and suppuration. Where the injection is made before the infection develops the wounds heal without complication. A writer in the Petit Journal declares: "It is incomparably the most precious discovery of curative surgery."

WEDS HER RESCUER.

Koleen, Ind., March 24.—Miss Ann Haywood, daughter of Mr. and Mrs. Charles Haywood, of Mineral, and Hays H. Roach, of this place, were married at Bloomfield by the Rev. J. A. Spencer, after an engagement which had its inception in an accident in which the life of Miss Haywood was imperiled.

Miss Haywood, who was a school teacher, was compelled to cross a creek on her way to and from the school. A log served as a bridge. When crossing on this primitive structure Miss Haywood slipped and fell into the creek. The accident occurred during the winter. Burdened with her heavy clothing, she was in imminent danger of drowning when Roach, who happened to be near, put aside his own safety and rushed to her assistance, pulling her

This Beautiful 9 x 12 Axminster Rug $16.75

WE HAVE KEPT THIS MILL BUSY FOR SIX MONTHS

And for another six months this mill will be busy turning out the balance of the combined purchase of our store and associate stores. There was a two-fold advantage in buying these rugs under this condition. First, we were able to secure a price lower than we have ever bought Axminster Rugs of similar character for in the past, and, secondly, we were able to know definitely the exact quality of these rugs. We knew exactly the texture used, we knew exactly the coloring, etc.

Coloring Harmonizes With Every Decoration

So varied are the designs and color combinations that no matter what particular decorative scheme you wish to follow out, you can select a rug that will harmonize with any interior decoration.

OUR PERSONAL GUARANTEE ACCOMPANIES EVERY RUG

Knowing so much of the details of these rugs we can guarantee them with a greater degree of confidence than if these rugs were bought in the ordinary way.

They Are All Exact Copies of True, Oriental Design

We solicited these designs from among the best known oriental patterns, classic designs that are familiar to everyone, but usually found only in the most expensive Axminster Rugs, and are therefore an innovation in rugs selling at this price.

This Rug Story Reads Like a Romance

Few people realize the time and thought back of a selling event of this nature. To sell rugs in the regular way is a very commonplace matter, but to go into the market with your associates contract for a mill's entire output for one whole year in the public's appreciation of true values when they are presented to them.

Mattress Special $8.50

See this guaranteed all felt mattress. They are being made in our window. The mattress is guaranteed by the makers as well as ourselves; that's enough said to assure you that the best of felt and ticking ever offered at this price goes in the making.

FRIAR-LYCEUM GAME THURSDAY EVENING

With both teams training hard up till the last minute, the Lyceum-Friar city championship series that opens Thursday night at the Concordia gym is holding the undivided attention of the basketball fans all over the city. With the exception of Mills, who was forced to withdraw because of illness, the south siders will present the same lineup that they have used all winter.

The newly organized Friar lineup includes some of the best stock in the city, and consists of the following players: Forwards, Gerberding, Benz and Stroup; center, McMurray; guards, Diedrich and Kennedy.

Wiltse, the Bluffton referee, has been secured to referee the match. The preliminary will be played by the St. Paul's Nationals and the Precious Blood Maroons, these teams opening their "secondary championship" series.

The wide interest and the big seat sale indicates that the house will be crowded for the opening game of the series.

NOTES OF BASKETBALL.

The Zion girls' basketball team won from the St. John's girls last night by a score of 27 to 3. The lineups and scores were as follows:

Zions, 27—T. Wermuth, R. F.; H. Walhmath, L. F.; M. Wermuth, C.; Goeglein, S. C.; L. Beverforden, R. G.; Bookwalter and Eggeman, L. G.

St. John's—Keller, R. F.; Einseidel, L. F.; F. Danecker, C.; Clara Kade, S. C.; Einseidel, R. G.; E. Strassburg, L. G.

Field goals—Wermuth, 6; Waltemath, 6; Keller, 1. Foul goals—Keller, 1; Waltemath, 1; Wermuth, 2.

WOMEN MAY WEAR "M."

New Ruling Admits Them to Ann Arbor Letter Race.

Ann Arbor, Mich., March 24.—For the first time, women students have been given a chance to win the muchly-coveted "M" on a sweater.

Women students have gained permission of Athletic Director P. G. Bartleme and nothing can stop them.

However, there is one modification the women can't get around. The "M" can't be the big block letter, seven inches high and ten wide, but old English type, enclosed in a circle.

Furthermore, a woman must earn 100 honor points before she is permitted to wear an "M." Honor points will be awarded in hockey, swimming, folk dancing, tennis, basketball and gym work.

JUNIORS ISSUE CHALLENGE.

The Precious Blood Juniors defeated the Lyceum Braves last evening by a score of 44 to 27 at the Lyceum hall. The Precious Blood Juniors challenge the Turner Juniors, Shawnees or the Tod Hatters. Call 1322 green between 6:30 and 7:30 in the evening.

IT'S UP TO OLD MAN BENDER AGAIN—HE'S BALTIMORE'S MAINSTAY FOR FEDERAL LEAGUE FLAG.

(By Hugh S. Fullerton).

In many respects Baltimore is the best constructed team in the Federal league. Whether it wins the pennant or not it has more promise of consistency than any other club in the circuit. It seems to lack the punch and brilliancy to win by a spurt or long series of victories, but it will keep plodding away at better than a .500 per cent. clip and be there or thereabouts at the finish.

Being the first of the Federal league teams I have studied this season, I lack complete comparisons with other clubs, but unless some of the others have strengthened a lot, Baltimore is going to crowd up to the top. Last season they lacked in two departments—catching, which was only mediocre but steady, and pitching. The big problem is whether or not Chief Bender will come into the league in the condition to work his best. The chief had the best season of his life last year, in spite of the fact his fast ball was not hopping as keenly as it once did, and he carried the Athletics through.

Catching looks only fair. Jacklitsch is a veteran who is reliable and steady. Russell is aggressive and a hustler, but has not yet developed to major league caliber.

Bender, of course, is expected to lead the pitchers, and he has a lot of capable assistants. Suggs ought to have another season or two of good ball left in him and Wilhelm is fair. Quinn, of course, never has fulfilled all his promises of greatness. Smith is the same old erratic genius. Bailey and Conley are expected to show much development.

It is not a strong pitching staff, just a steady one, and it will have to depend upon Bender for the extra percentage to lift it high enough to win.

The real strength of the club is around second base, with Knabe on second and Mike Donlan at short. Both are great field leaders and their work around the sack is close to that of Evers and Maranville.

Big Harry Swacina developed last year into a regular first baseman.

There will be a battle for third base job, which also may affect the outfield, as both the third base candidates also can double in the outer garden. Guy Zinn, who broke a leg a year ago, is the most likely regular. Jimmy Walsh, who held down the bag last year, is a useful man anywhere, and might crowd into the outfield if Zinn takes the base. Fitzpatrick is trying hard for an infield job and will be the understudy.

The outfield from present looks will be Kommers, Bates and either Zinn or Walsh.

Altogether it is a pretty well balanced ball club, and pretty close up to the major league standard in all departments.

THE TRIO OF MASTER MINDS OF THE TERRAPINS.

NOT GOING TO LOSE IN A SINGLE PUNCH

Freddie Welsh Going to Get the Money as Long as He Can.

New York, March 24.—Freddie Welsh sat panting on the rub down bench in his dressing room at Madison Square garden after his recent bout with Willie Ritchie. He heard the yowls of the mob outside as they hailed Willie Ritchie as a wonder "come back" specialist. The smile that the champion had worn all during the spirited encounter a few minutes before still remained. Handlers were busy trying to unknot the laces of his fighting shoes. When Freddie got his second wind he had plenty to say:

"Ritchie went in there to knock me out—he said he would and he didn't, did he? The crowd didn't like my way of preventing him from knocking me out. What did they want me to do, stick my jaw out and let him win back with one punch that which took me eleven years to earn?

"I've made my reputation not as a slugger, but as Abe Attell and Jem Driscoll did. Did they condemn Jem Driscoll when he bobbed before hard hitting Leach Cross for ten rounds? Leach nearly broke his back trying to hit Jem, who simply moved this way and that without attempting to hit back. The fans thought that fine and they laughed their heads off at the ease with which he avoided Cross.

"I'm not Wolgast, a Rivers or a Nelson. People always have paid to see me box. They say I haven't a punch. Isn't that strange when my record shows that I've won 25 per cent of my bouts with knockouts. Now that I am champion why should I start at the eleventh year or the eleventh hour to establish a knockout record? It's silly on the face of it, besides being a deuced bad business. I'm getting the best of the percentage in all my bouts.

"I haven't sneaked off with my title to come out but once or twice a year to box as champions before me have done. I'm boxing on an average of once a week, meeting any boy that the promoters have asked me to face. I'm in constant training—I have been since I came back with the title. I've been stale and I will be stale again. It's only natural.

"I find myself running up a blind alley. I find it hard to calculate the lesser of two evils—whether to come into the ring hard as nails but stale from overwork, or to lay off and do nothing before a fight and come in fat and slow and in no condition to put up a tiptop championship battle. I'm only human, even if I am a champion. No titleholder before me ever went down the line without putting up a poor fight."

VET PLAYERS REPORT FOR WORK THIS WEEK

Opening of Spring Training Season to Start at Dayton Thursday.

Dayton, O., March 24.—Members of Jack Compton's squad of Vets, some thirty strong, are expected to arrive in Dayton this week, Thursday, March 25, being the date that the athletes are due to report. Highland park will soon be the scene of real action in the way of diamond activities.

With thirty men on his hands, Compton is going to have his hands full invoicing his stock of baseball talent and picking out the best.

The Vet leader says that the probable lineup of his team for the coming season is a mere gamble at this time. As soon as Compton can get his men located the grind will begin.

The Vets will play a real game on Sunday, April 4, and after that date a number of exhibition frays are scheduled.

SHOOTING CONTESTS.

Rifle and Revolver Clubs to Meet Next Week.

The Fort Wayne Revolver club will hold a contest with the Albion Revolver club on next Monday night, and the Fort Wayne and Albion rifle clubs will hold a similar match on Thursday night of next week. HATS OFF TO VET OF THE SPANGLES

Your Uncle Heinie Peitz to Handle Indicator in the Central.

Sure enough it is—it's Heinie Peitz, veteran backstop and erstwhile hero of the game when the fans down in Cincy considered that the German was as classy stopping the fast ones and landing his mitt in front of the wide ones and pegging 'em to second as old Buck Ewing, old Charlie Bennett, old hoss Flint or any other rear guard of ancient or modern times. And Heinie, he was in his day, some catcher, some catcher.

Yes, it's Heinie, and he's coming into our midst not to catch 'em or peg 'em, but to keep the eye of authority on the fellows who do. He has been roped and signed up for President Louis Heilbroner's staff of umpires for the Central and he ought to be satisfactory to the players and popular with fandom in the Central circuit. Heinie Peitz was playing ball with Cincinnati's National leaguers before some of the youngsters he will judge could make a dent in a teething ring. He was a great backstop and when he shed his spangles in the National he did some playing and managing in the American association for Louisville and Kansas City. Then he went back to the Herrmannites and coached rooky pitchers that there was more to flinging than throwing a ball and he also went hither and thither and yon with gum shoes and a dark disguise scouting for youngsters who looked good in the bushes without raising suspicions of having grown on the lemon tree.

And now Heinie is coming into the Central to boss games and take what's coming to him—whatever that is.

President Heilbroner's staff of umpires will otherwise consist of J. R. Goehler, who is the only holdover from last year's bunch of regulators; Andrew J. Green, who held an indicator in the Southern Michigan circuit last year, and William Bierhalter, an umpire who comes with high recommendation from service in the American association. Altogether the staff looks good and the president believes he has copped a squad of referees who will make good with the players and the public and last the season through.

FEDS TO QUIT INDIANAPOLIS.

Team Will Probably be Transferred to Newark, N. J.

Indianapolis, March 24.—The Indianapolis Federal league franchise will be taken over by the league. The club probably will be moved to Newark, N. J. The league will assume the debts of the local organization, amounting to about $76,000. Indianapolis club stockholders will retire possession of the local Federal park.

An agreement to this effect was reached at a meeting of representatives of the league and the [illegible]

SEVEN-COME-'LEVEN THE GAME SOCIETY GIRL KNEW HOW TO PLAY.

Eleanora Sears and the Pony She Won in True Western Fashion.

Eleanora Sears, best known of American sportswomen, wanted a new polo pony for the Coronado tournament—and she got one, and no check was drawn on the bank to pay for her "mount" either.

Miss Sears, who rattles the ivory cubes as well as she plays polo or golf, diverted herself the other evening by shaking dice with fashionable women at Coronado beach. A polo pony was the stake, and Miss Sears now owns the pony. She will ride him in the tournament now in progress at the California winter resort.

TOOTHMAN WILL MAKE THIRD TRY

Dick Toothman figures it that the third time's the charm. Two years ago he signed up with Fort Wayne from Steubenville in the Interstate league, but parted company with the locals after two games. He made another stab at it last season, but there wasn't room for another southpaw, and again he left the team, going to Kalamazoo. Yesterday he sent in a signed contract to Manager Bade Meyers, together with the report that a winter's workout had placed him in fine shape.

Butch Henline, who played the back yards of Fort Wayne some fifteen years ago, has signed with Managers Meyers and there is a possibility that he will be made first catcher on the Billiken lineup.

MAY BUILD A HOME.

Members of the Buffaloes' Lodge Have Matter Under Consideration.

That the Buffaloes intend to erect a lodge home of their own sometime in the future was made certain as a result of action taken Tuesday evening at the regular meeting of the order. It was practically decided, although nothing of a definite nature was done, to create a fund to be set aside for the purchasing of a lot in Fort Wayne upon which to build a home. Committees to look more deeply into the matter will probably be named soon.

The order has extended an invitation to J. H. Barbour, of Roanoke, to address an Easter day meeting of the lodge.

For a Weak Stomach.

If you have any trouble with your digestion you should read what Mrs. J. C. Bauer, Zanesville, Ohio, has to say regarding her experience as follows: "I was troubled for months with a weak stomach and constipation and it was all I could do to drag myself about the house. Chamberlain's Tablets afforded me the first relief I got, and after taking them a short time I was restored to health." Obtainable everywhere.—Adv.

CITY CHAMPIONSHIP BASKET BALL

COLLEGE GIRLS IN DRAMA SCORE A HIT

Miss Jeanette Shirey in "Taming of the Shrew" at Oxford.

Western College, Ohio, March 24.—"Taming of the Shrew" drew a large audience to the chapel of Western college, Oxford, Ohio, on Saturday night. It was presented by the Junior class, under the direction of Miss Gertrude Leonard, instructor in English. Among the house guests were Mr. and Mrs. R. P. Rifenberick, of Clifton, Cincinnati, guests of Dean Sawyer; Mr. and Mrs. L. Kraeer, of Sheffield, Pa., and Mrs. Walter Reid, Springville, Ill., visiting their daughters on the east; Miss Clara M. Feeney, guest of Miss Ferguson, and Miss Charlotte Ballard, Western, '13, and Miss Clara Sheldon, Western, '14.

Petruchio, played by Miss Lois Kraeer, was strong and masterful, with the sense of humor and the calm confidence in his ability to make the shrew love him as well as to tame her temper, that made him a very attractive hero. Petruchio was well matched with Katherine, as played by Miss Marion Merica, of Garrett, Ind. There were lively shrewish scenes and Katherine beat Petruchio with her fists as he carried her off in his arms on their wedding morning. That Petruchio could be a real brawler to gain his end was noisily shown in the spirited scene in Petruchio's house, when Katherine is refused meat and sleep, and new gowns, "all under the perfect name of love." At the end of the second act. Miss Merica received a bouquet of bride's roses and lilies of the valley, and Miss Kraeer a bunch of pink carnations from the freshmen class. The freshmen also sang between acts and the orchestra played several numbers.

Bianca was a dainty, dark-haired sister to Katherine, who appeared best in the pretty flirtation with her disguised wooers. This part was taken by Miss Eleanor Bradley, of Wilmette, Ill. Her friend, the fair widow, Miss Hazel Lewis, of Roann, Ind., was not prominent until the last scene, when she made an excellent foil with Bianca for the reformed Katherine.

The several old men in the play showed distinction of character, also the shrewd, but kindly father, Baptista Minola, played by Miss Ethel Cook, of Denison, Iowa; the old courtier, Gremio, suitor for Bianca, in his old rose velvet elegance, played by Miss Jeannette Shirey, of Fort Wayne, Ind.

The minor parts all deserve mention. Miss Wilhelmina Schreiber, of Michigan City Ind., put inimitable personality into acting the clever foolishness of garrulous Grumio, especially in the scenes with Curtis, Petruchio and Katherine.

The Junior class was entertained by its chaperons after the play, refreshments being served in round table room.

Credit must be given the stage manager and costumer, Miss Nell Salt, of Miamisburg, and Miss Rhea Blake, of St. Louis, Mo. Many hands make light the work in preparing class dramatics, but planning and execution rests with the managers, and in this case they were so taken care of as to present a markably smooth production.

BODY OF PATIENT FOUND.

Bert Kern Drowned Near Wabash Valley Sanatorium.

Frankfort, Ind., March 24—Bert Kern, of this city, a patient at the Wabash Valley sanatorium, near Lafayette, missing since Friday night, was drowned in the Wabash river, his body having been found. Kern had been taking treatment for a nervous trouble and Friday evening, in company with an assistant from the sanatorium, he left the institution to take a walk. It was cool and the assistant returned to the sanatorium to get an overcoat. When he returned he could find no trace of Kern. A party from this city, headed by his brother, David Kern, went to Lafayette to join in the search, and it was shortly after arrival there that the body was found.

Kern was a son of Dawson Kern, a pioneer of the county, and was born here in 1867. He was a farmer until a few years ago when he accepted a position as superintendent of the sub-station on the T. H., I. & E. traction line at Antioch and later was made superintendent of all the sub-stations on the line. He leaves a widow and one married daughter. The body was brought here and burial took place Tuesday.

SHE NOW WANTS HER MONEY PAID BACK

Lillian Paul Says Deceit Was Used to Sell Her a Rooming House.

Lillian Paul has begun action in the superior court against Louise Bradtmiller for recission of contract and recovery of money paid, demanding $225. She charges that March 15 she paid the defendant $200 for the furnishings and general household equipment of a rooming house at 824 Lafayette street, the conditions being that the defendant would transfer the lease for the premises at $30 a month. The plaintiff says she has learned since paying the money that the defendant had no lease she could transfer or could assign and that the rent is $35 a month. An offer to release the defendant from her contract and permit her to return the $200 has been refused, says the complaint.

COPIES OF ACTS NOT FREE.

Attorney-General Makes Ruling on Request of Secretary of State.

Indianapolis, March 24.—Charges must be made for copies of the acts of 1915 after the legal distribution of the acts has been made, according to an opinion given today by Richard M. Milburn, attorney-general, the ruling having been asked by Homer L. Cook, secretary of state. The secretary of state said he had no records in his office of charges having been made for the acts in previous years and expressed it as his opinion that the acts had been distributed free among taxpayers who asked for them.

Mr. Milburn holds that the free distribution of the acts is illegal and that a charge must be made for them after the legal distribution has been accomplished.

It is expected that the acts will be printed and distributed so that the governor can proclaim them laws before April 30. The governor's proclamation in 1913 was dated April 30, but on account of the smaller number of enrolled acts this year it is expected that the proclamation will be issued a few days earlier.

GAVE UP THE FIGHT FOR SMITH STREET

Concrete Advocates Fail to Appear and Board Orders Asphalt.

After putting up a lively contest before the board of works Tuesday morning for selection of concrete as the material for paving Smith street, from Lasselle street to Pontiac street, the property owners who advocated that kind of a pavement and the cement interests failed to make an appearance before the board at 10 o'clock Wednesday morning, to which time the decision had been postponed, and the board ordered Trinidad pitch lake asphalt for that thoroughfare. The contract was awarded to the Grace Construction company at $6.71 per lineal foot with stone curb. It had been expected that the contest would be resumed as some signatures on petitions for asphalt were brought into question Tuesday.

The board late Tuesday afternoon sifted out the bids for the seven streets for which material was finally chosen earlier in the day, and awarded the following contracts:

Savilla avenue, concrete, concrete curb and gutter; Moellering Construction company; $4.90 per lineal foot.

Harmer street, Bermudez bituminous concrete, stone curb; $7.86; Grace Construction company.

Warsaw street, Trinidad sheet asphalt, stone curb, $7.49; Grace Construction company.

Taylor street, Metropolitan block, concrete curb and gutter, $7.10; Brooks Construction company.

Jones street, Metropolitan block, stone curb, $5.87; Moellering Construction company.

Wilt street, Metropolitan block, concrete curb and gutter, $5.60; Brooks Construction company.

Boone street, Bermudez bituminous concrete, stone curb, $6.67; Grace Construction company.

SMOKE ORDINANCE PASSED.

Council Enacts Measure Purposed to Abate a Nuisance.

The new smoke ordinance substituted by the council committee on rules, regulations and ordinances for the measure introduced several months ago and since under consideration by that committee, was passed Tuesday evening by the council and will become effective upon its signature by the mayor. The measure passed closely follows the smoke ordinance effectively in operation in Indianapolis and a reasonable enforcement of it will accomplish the purposed results, say the councilmen who prepared it. The chief engineer of the waterworks department is designated by the ordinance as chief smoke inspector. Residences are not brought within the operation of the ordinance, which applies only to factories, shops, business houses and the like. There is no provision in the ordinance for allowing black smoke a certain stated period in each hour and for this reason Members Rogge, Kinder, Smith and John voted against it, believing that at least five minutes should be given each hour for heavy black smoke. There is some question as to whether the new ordinance repeals the old one.

To the committee of the whole was referred a resolution and letter from the Quest club asking for the motorization of the entire fire department and the establishment of a high pressure water system in the business district. Motorization would cost $85,000 and the water system $100,000, according to the club's estimates. To pay for these a bond issue is suggested. The club's letter to the council states that $30,000 insurance premiums could annually be saved by these measures.

The council received an ordinance to require the Pennsylvania railroad to maintain a crossing watchman during the day time at Garden street and referred to the committee on rules, regulations and ordinances. To the same committee was referred an ordinance proposed by the board of safety to create the position of city lineman in the fire department, and another ordinance amending the city building code so as to require property owners to file bonds to save the city harmless against damage suits ensuing from the construction of sidewalk vaults in the down town section. Ordinances were passed providing for the appropriation of $1,500 to the street special account and $270 to the public grounds and buildings account.

REFERRED TO STATE OFFICER.

Dr. J. H. Gilpin, secretary of the board of health, has referred to Dr. J. H. Hurty, secretary of the state board of health, the circumstances that relate to the intrnement of two cases of cerebro-spinal meningitis in a Fort Wayne hospital by Dr. S. Hollis, health officer of Blackford county, who was the attending physician in the cases, which were interned here without notifying the local health authorities. Dr. Gilpin protests against bringing that sort of contagion here without his knowledge.

WANT A TENNIS COURT.

C. M. Grabner, 2105 Washington boulevard east, has written to the park board a request for permission of himself and some others to use a portion of an abandoned thoroughfare at the north end of Wabash avenue for a tennis court, which they will construct at their own expense. The park board will try to obtain permission from the board of works for such use of the street, which is under jurisdiction of that body.

WANT ALL OF STATE PAVED.

The board of works has been asked by William A. Bayer, president of the city council, and Louis A. Curdes to adopt a resolution for paving State boulevard from Florida drive to Anthony boulevard, eastern terminus of State. The procedure has been taken for paving State from the St. Joe river to Florida drive.

CITY AND COUNTY WILL JOIN.

At a conference of the board of works [illegible] of the Maysville road will be paved with tarvia at joint expense to city and county property owners. The city will make assessments for 560 feet and the county for 340 feet. The county's portion is outside the city limits. There are no resident property owners along the thoroughfare and no protest against the improvement can be made.

HEARING IS PUT OVER.

The state utilities commission has notified the Fort Wayne city officials through a letter to City Attorney Guy Colerick that the hearing on the complaint made by the traction company against the city light and power department has been indefinitely set for some time later than April 4, the date originally fixed.

THE DEATHS

BEYERLINE.

George M. Beyerline, a retired Pennsylvania shopman, died Tuesday evening at 7:15 o'clock at the family residence, 1330 Rockhill street. Death was due to pneumonia and followed a short illness.

Mr. Beyerline was born in Germany eighty years ago and came to this country and directly to Fort Wayne in 1873. For many years he was employed by the Pennsylvania railroad and was placed on the retired list nearly ten years ago. His wife preceded him in death twelve years ago.

Surviving he leaves seven children: Mrs. Catharine Scherzinger, Mrs. E. Subkowski, Mrs. C. Warner, John Beyerline and William Beyerline, of this city; Fred Beyerline, of Indianapolis, and George Beyerline, of Brewster, Minn. Eighteen grandchildren and four great-grandchildren also survive him. The deceased was a member of the Emanuel Lutheran church and also of the B. U. V

Funeral services Saturday afternoon at 2 o'clock from the late residence and at 2:30 o'clock at the Emmanuel Lutheran church. Interment at Concordia.

SECHRIST.

Lester M. Sechrist, of Richland township, Whitley county, died at 7 o'clock Tuesday evening at the Lutheran hospital where he had been a patient for ten days. Death was due to septicemia. The remains were shipped to Columbia City early Wednesday morning by Klaehn & Melching.

HARLEY.

Ellis L. Harley, aged fifteen years, son of Mr. and Mrs. John D. Harley, of Bluffton, died at the Lutheran hospital Wednesday morning at 4:30 o'clock following an operation for appendicitis. He was brought to the hospital Saturday evening.

The deceased was a student in the Bluffton High school and besides his parents and a host of friends is survived by one brother, Charles D. Harley, and one sister, Mrs. A. Thompson.

The remains were shipped to Bluffton Wednesday morning. Where funeral services will be held [illegible] Goers will be held Thursday afternoon at 2 o'clock at the residence, on Fox avenue, and at 2:30 o'clock at the Emmaus Lutheran church, Rev. Wambsganss officiating. Interment at Concordia.

MORE SHIPS GO TO GUARD NEUTRALITY

Washington, March 24.—The United States district attorney at San Juan, Porto Rico, had instructions today to begin libel proceedings against the Hamburg-American liner Odenwald, which tried to put to sea Sunday after clearance papers had been refused her while the cutter Algonquin was steaming from the West Indies to San Juan to aid American officials in efforts to guard against violations of neutrality. Secretary Daniels also had instructed Admiral Fletcher at Guantanamo to dispatch two destroyers to Porto Rico to help in that work.

Orders for the movement of ships were given after officials here received reports from San Juan that some fear was felt that the Odenwald and another German liner might try to slip to sea past the guns of Morro Castle. The report mentioned the other ship as the Praesident now tied up at San Juan.

MARSHALL AT BERKELEY.

Calls Contentment True Philosophy of Life.

San Francisco, March 24.—Vice-President Thomas R. Marshall epitomized the true philosophy of life in the one word "contentment" in an address at the charter day exercises in the open air Greek theater at the University of California at Berkeley, Cal.

A striking contrast to this was his arraignment of a growing servility toward wealth, the tendency of the American people to be "the greatest flunkeys and lackeys in the world," and the division of the people into three classes, "hero worshipers, iconoclasts and indifferent citizens."

BEATEN AFTER FIRING SHOT.

Stockman Attacked by Farmer—Trouble Over Cattle.

Richmond, Ind., March 24.—Alfred Underhill, of this city, a stockman and farmer, was severely beaten in the afternoon by J. A. Weidenbach, a farmer, after Underhill had shot at Weidenbach, it is alleged. Underhill was not seriously injured.

Underhill's farm is situated east of the city, near the Ohio line. Cattle from his farm, it is alleged, roamed over fields of other farmers recently and complaint was made. Weidenbach, it is said, figured in the protest and the trouble became so acute that Underhill threatened to shoot him.

Underhill drove along the road in front of Weidenbach's home, and is alleged to have shouted at Weidenbach, who started toward the roadway. Underhill is said to have then fired at Weidenbach with a double-barreled shotgun, which he carried with him in the buggy. Weidenbach was not wounded. He attacked Underhill, pulling him from the buggy and beating him, it is said.

Prosecutor Reller is investigating the affair.

THREE MORE INDICTMENTS.

New Charges Against Confessed Slayer of Four at Terre Haute.

Terre Haute, Ind., March 24.—Three additional indictments were returned today against Vernie A. Lewis, confessed slayer of Mrs. William C. Balding and her three children. The indictments charge first degree murder in the killing of Merrion Celeste, Thomas and Walter Balding. Lewis had previously been indicted for the murder of Mrs. Balding. He is now in the Marion county jail.

Mrs. Leola Archer, residing on South Barr street, closed a deal Tuesday with the Wildwood Builders' company for the purchase of the piece of property [illegible] 2011 South Hoagland. The consideration was $3,800. Mrs. Archer purchased the property as an investment.

What Makes Some Things in the Same Room Colder Than Others?

The objects in a room which have been kept at a given even temperature of heat will be all the same temperature, because heat spreads from one thing to another equally.

Still if you put your hands on various objects in such a room some of them will feel colder than others. You touch the tiling of the fireplace and that will feel cool to you. On the other hand, the upholstered furniture will feel quite warm. The piano keys feel cool, while the wood of the piano and case is warm. The difference is due to the fact that heat or cold will run through some objects more quickly than through others. It will run through the tiling on the hearth and the piano keys more quickly than throug the upholstering on the furniture or the wood of the piano case. When you touch a thing with your finger you supply some of the heat of your body to the object through your finger. If the object is the tiling on the hearth or the keys of the piano the heat runs through it quickly and you get a cold impression in your finger. On the other hand, if you touch the upholstery on the furniture, through which the heat runs slowly, you get a warm feeling for the very same reason. Thus, anything which carries the heat away from our contact quickly, we call a cold feeling object, and if the object touched does not carry the heat away so quickly we call it a warm feeling object.

PREPARING FOR VACATION CROWDS

Many Passenger Men Visit City and Expect Big Northern Traffic.

Passenger men are flocking to the city in preparation for northern summer traffic, for although the bulk of tourist business goes west this year, the Great Lakes and the north woods still will get a part of it. In fact, the passenger men feel that the lake traffic this year will be larger than usual, for many persons will go to the west by the Canadian and northwest routes.

The summer schedules announced on the G. R. and I. last week will go into effect about the usual time, and arrangements now are under way for especially heavy trains to accommodate the tourists.

The passenger agents are coming into the city at the rate of two or three a day, and the ticket agents at the local stations report many inquiries concerning northern rates and time cards.

NO LATE TRAINS.

Wabash Has Made Remarkable Record in Past Month.

According to the monthly bulletin issued today the Wabash has kept the best time on this division that ever has been recorded. The February trains held so close to schedule time that the officials of the road complimented the local division officials and passenger enginemen, conductors and dispatchers. March is running mighty little behind February, for the service has continued universally good. The report also shows that on the 12th and on the 22nd of this month there was not a single train reported late at any of its important stops.

REASSIGNMENT.

Wabash Firemen and Enginemen to Be Much Shifted.

The reassignment of firemen on the Wabash will mean a general shift in cab mates, men who have run together for a great many years being separated and sent on entirely different runs. The order for a change was made ten days ago, and already the new shifts are nearly planned. A number of enginemen and firemen who formerly ran through this city will go over to the other end and new men will fill their places here.

INTRODUCES SERVICE CIRCLES.

The Ohio Electric has introduced a system of service stripes for its old employes, wholly unlike any other in the country. Instead of the customary stars or bars that have been in use for so many years, the road is using a circle of gold braid around the sleeve number. the circlet is five inches in diameter, and a dozen of them have been awarded. Ed Stump, of Lima, but who runs a car into Fort Wayne, is the oldest employe and this week was presented an honor circle.

FINDLAY PEOPLE

Want Nickel Plate to Build New Track Through Their Town.

The Nickel Plate railroad has been asked by the business men of Findlay, Ohio, to builtd a branch line to that city for passenger traffic, leaving the main line at Arcadia and catching it at McComb. The town is five miles from the line, and is reached by Nickel Plate travelers by electric car. The Nickel Plate is building a second track and the business men of Findlay feel that this is the time to get action on their pet theory of railroad construction.

PASSENGER ENGINEMEN.

Two Pennsylvania Men Return From Long Southern Trips.

Pennsylvania Passenger Engineman J. C. McCarthy has returned to duty after a long pleasure trip with his wife and daughter. He visited Havana, Cuba, and many points in Florida and along the gulf coast. Mr. McCarthy returned in excellent health.

H. S. Willis, another Pennsylvania passenger engineman, and his wife returned today from a trip to the south. They spent some time at Hot Springs and in various Florida points, but did not go to Cuba.

SOLDIERS GO THROUGH.

The Nickel Plate will carry a special train through this city tomorrow with 400 soldiers aboard. The soldiers are are on their way from the eastern coast to San Francisco, where they will board transports for the Pacific islands. The train will be a long one composed of tourist sleeping cars.

"MADE IN FORT WAYNE."

The Shelton electric offices at 115 Brackenridge street have placed "Made in Fort Wayne" stickers on all the products of the company shipped out of the city. The Fort Wayne Electric works turns out the products for the company. The Shelton electric makes many types of small motor devices and sells them all over this country and Canada.

HAYS IS BETTER.

Night Stationmaster Will H. Hays, of the Pennsylvania depot, is reported to be somewhat better following a difficult operation on his head at the Lutheran hospital yesterday. The skull was opened and a foreign growth back of the right ear was removed.

FENCE NEARLY FINISHED.

The high iron picket fence with its aesthetic bronze coloring is nearly finished west of Calhoun street along the Pennsylvania track elevation. The fence is put up to keep trespassers off the track, and to protect the new sodding along the high bank.

TELLY RECOVERS.

Herbert F. Telly, of the Pennsylvania machine shop office, returned to work today after being off duty suffering from a broken finger. He hurt his hand in the course of some athletic exercises last week.

WARDROP TO PITTSBURG.

W. M. Wardrop today went to Pittsburg to attend to business matters pertaining to the western division of the Pennsylvania company.

INDUSTRIAL NOTES

This was pay day on the Nickel Plate.

Machinist James Ryan of the Pennsylvania machine shop, went to Chicago on a visit today.

S. D. Melscheimer, railroad editor of the Sentinel, is confined to his home by an attack of lumbago.

George W. Bradley, Pennsylvania passenger brakeman on special duty, is confined to his home by illness.

C. W. Benoy, machinist at the Pennsylvania locomotive shops, is back at work after being on the sick list for several days.

The traction company is filling in the driveways about its Carl street car shops with cinders, and the street itself is being repaired.

The Nickel Plate probably will have to do away with twenty west side grade crossings at Cleveland, according to the report of city officials there.

Nickel Plate Engineman E. S. Lopman, sr., who makes Bellevue his port of registry, reached home and went to work today after spending the winter in Florida.

Joseph Draper, a former C. & O. engineer, well known to Wabash men running out of Peru, was sentenced to the Ohio state prison for robbing the state bank at Winton Place.

The Meat Cutters and Butcher Workmen's union is planning to transact important business at its meeting Thursday night, and requests that the entire membership be present.

Bruce Thompson, manager of the machine department of the Noble Hoop company, is recovering nicely from an operation performed Monday evening for the removal of his appendix.

Arthur Mohler has been appointed railroad reporter on the News and covered his beat today for the first time, succeeding Peter Edson who was transferred to another capacity on the paper.

The railroads of the country today issued a long and detailed statement of their version of the parcel post rate case. Copies of it were distributed from the local Pennsylvania superintendent's office.

The Wabash has laid off one full crew and six extra brakemen on the Peru division. Tomorrow is pay day on the Wabash, Paymaster George Francisco coming here from Peru where he is today, and going on to pay Toledo employes Friday.

The hundred mile for a dollar summer fare that has proved so popular in recent years, will become effective this year on Sunday, April 18, according to information given out at the Nickel Plate offices here today. B. F. Horner, general passenger agent, is preparing an article for "Nickel Plate Service News" on the subject.

PAROLE FORTY-FOUR MEN.

Jeffersonville, Ind., March 24.—Arrivals at the Indiana reformatory yesterday brought the total number registered to 1,195. It is probable that before the number reaches 1,200 releases will be authorized among the thirty-five men paroled by the board of trustees, one month ago. Forty-four paroles were authorized at the meeting which closed yesterday, out of sixty-seven men examined by the board. Men receiving paroles are held one month, under the rules of the institution, before discharge, in order that suitable jobs may be obtained for them.

The number of men in the reformatory exceeded an average of 1,200 during 1908 and 1909, and during 1909 the number reached 1,299. At the beginning and end of this two-year period the number was considerably below the 1,200 mark.

WILL BANQUET APRIL 22.

Committee of First Baptist Bible Class Meets to Form Plans.

The committee on arrangements for the annual banquet of the Men's Bible class of the First Baptist Sunday school met at Dr. Morris Harrod's office last evening and talked over fully the plans for the big affair, which takes place on April 22, the fourth Thursday in the month.

The big problem this year is where to hol dthe banquet—the class has been growing in leaps and bounds and has such a large membership it is difficult to find large enough quarters to accommodate the members and their guests.

As it is the desire to make this year's banquet a boomer the committee has on foot, as the result of last evening's meeting, several unique features, the details of which will be worked out and presented at the next meeting a few days hence.

It is always customary to have the members' wives and lady friends as guests, and while it is rather doubtful where necessary quarters can be obtained for the big event, still the committee is bound and determined to find a place.

BROTHERHOOD ELECTS OFFICERS.

At the annual meeting and banquet of the Brotherhood of the First M. E. church, held Tuesday evening in the church parlors, officers for the coming year were elected as follows: Charles Walker, president; E. B. Robinson, first vice president; P. E. Riblet, second vice president; Captain James Bird, third vice president; T. L. Comparet, fourth vice president; Fred Todd, treasurer, and Louis Dilling, secretary. The officers were installed during the meeting.

A committee was appointed at this meeting to take up the matter of arousing the other churches to the need of a brotherhood made up of men from all the churches of the city.

Rev. H. H. Pitzer, of the Lyon evangelistic party, was present and gave the principal address of the evening. He defined a man's religion as the life in God. This was Rev. Pitzer's last appearance here, as

IS NOW IN ITALY'S HOUSE OF MANIACS

Porter Charlton, Young American, Awaiting Trial in June)

New York, March 24.—In the "house of maniacs," an asylum for the insane at San Martino, Italy, young Porter Charlton is awaiting trial for wife murder.

War, which means hideous death to millions of heroic men, has been the salvation of the self-confessed slayer of Mary Scott Castle-Charlton, and should the world-war finally engulf Italy he may altogether escape the fate that once seemed inescapable—life imprisonment in an Italian dungeon.

The trial of the young American, who confessed to the murder of his wife at Lake Como, Italy, in June, 1910, has been twice postponed because Italy, trembling on the verge of war, has no time to consider the interests of a mere foreign murderer. Following the recent postponement of trial in February, Charlton was, removed to the "house of maniacs," not far from Como, the scene of his crime, and he will be carefully observed there by specialists so that his mental condition may be determined.

Charlton was twenty-one years of age at the time of the crime; his wife, who had been twice married, was thirty-four.

To his counsel in New York Charlton writes: "There is no comparison between this place and the jail at Como. We have light and air here, and food fit for a Christian to eat. There are no prison bars, and the conduct of the doctors is not like that of the prison-keepers."

Charlton has been in the Como jail in practically solitary confinement for two years. Should he be found guilty of murder the penalty will be life imprisonment, the first ten years of which will be spent in solitary confinement.

His defense, should his case be tried in June, will be mental irresponsibility.

APPEALS FOR MORAL LIVING.

Carnegie Steel Company Starts Unusual Safety First Campaign.

Pittsburg, March 24.—An appeal to thousands of employes to lead a moral life as a means of increasing their own safety while at work and of improving their chances for promotion has been made by the Carnegie Steel company, as a part of a "safety first" campaign. In a series of pamphlets which have been distributed among the men for several weeks, the company by means of charts shows how much longer a man lives who lives "right" than one who dissipates and tells of the better school work done by children of the workman who leads a clean life compared with one who does not and how much less liable the workman is to accident because of his being more alert and careful. The men are appealed to strictly from a business standpoint.

ON THEIR WAY, BUT DIDN'T KNOW WHERE

Temple Mission in New York Finally Vacated by I. I. W. Invaders.

New York March 24.—Part of the squad of seventy-five Industrial Workers of the World, who for the last two days have been occupying as uninvited guests the Daily Temple, an East Side mission house, were dispatched on a foraging expedition today. The men, under the leadership of Theodore Freeman, announced their intention of entering restaurants, ordering and eating food and then telling the proprietors to send the checks to the mayor's committee on the unemployed.

The seventy-five men marched out of th hall this afternoon singing "The Red Flag." Where they were going they did not know, they said, as they fell into line behind the leaders.

Miss Kay called a meeting of the men shortly before they decided to leave and insisted upon their vacating the hall at once. To this the men objected. Later their leader, Theodore Freeman, told them he thought they would better move.

SAYS HE NEVER SAW HER BEFORE TODAY

Osborne Gives Miss Tanzer Jolt in Her Breach of Promise Suit.

New York, March 24.—James W. Osborne, former assistant district attorney of New York county, faced today Miss Rae Tanzer, who is suing him for $50,000 damages for alleged breach of promise to marry, and swore on the witness stand he had never seen her in his life before.

Miss Tanzer charges that he wooed her under the name of Oliver Osborne and won her promise to marry him. Today's hearing was before United tSates Commissioner Houghton, on Mr. Osborne's complaint that Miss Tanzer had used the mails to defraud.

Upon taking the witness stand J. W. Osborne surveyed Miss Tanzer for full half a minute in silence. She returned his gaze with unwavering eyes.

"You were asked if you had ever seen her before," Daniel Slade, Miss Tanzer's counsel, exclaimed. "You should have answered the question or no."

Mr. Osborne rose from his seat. "I do not want this man to address me during the trial," he said, addressing Commissioner Houghton. "If he does he will take the consequences."

DANGER IN WRIST WATCHES.

Many Soldiers Hurt, So Use in Army May Be Forbidden.

New York, March 24.—The Medical Record of New York says that the wearing of the wrist watch in warfare has proved very dangerous, and that "so many injuries have been reported that its use in the army will doubtless soon be prohibited, if this precaution has not already been taken."

German officers have made a practice of wearing the wrist watch, and some of the rank and file of the German as well as other armies have followed the custom. The watch is worn on the left wrist.

"The effect of the high velocity of the projectiles when they chance to strike the watch fairly," the Medical Record says, "is to shatter it into unrecognizable fragments, many of which are driven directly into the carpal bones and the contiguous bases of the metacarpals and the head of the radius. The wrist bones are laid bare and the thumb may be nearly shot away."

The Medical Record quotes a description of one of these injuries from the Berliner Klinische Wochenschrift. Although prompt surgical attention should save life and render amputation unnecessary in these cases the German medical paper finds the damage to the arm is such as to prevent the arm from being of further use.

The prevailing religion in Roumania is that of the Greek church.

ROMANCE IS SECRET OF RESTA'S DRIVING

English Racer Came Here to Seek Both Bride and Fortune.

Indianapolis, March 24.—The secret of Darius Resta's brilliant driving in the recent Vanderbilt and Grand Prize races at San Francisco, both of which he won handily, is out. It involves the culmination of as pretty a romance as ever embraced two continents.

Several years ago Resta met the sister of the late Spencer Wishart in dear ol' Lunnon. Their acquaintanceship was but brief, yet resulted in a correspondence, after the two had again taken up their permanent abodes on different sides of the Atlantic, that soon evolved into more than friendship.

It was not long until matrimony was a frequently discussed topic between the pair, yet the ocean offered a seemingly insurmountable obstacle. With the outbreak of the European war, however, [illegible]

The bride came first, Resta and Miss Wishart being married immediately after his arrival, and the rest is history. Should, in addition, Resta manage to win at Indianapolis, where a gross purse of $50,000 is offered, he will be fixed for life.

MAKING ENDS MEET.

He—Hush, not so loud! I was driven to it—I've sent him out to earn enough to pay his wages.

DAUGHTER OF VALET TO WASHINGTON, 102

Homeless Venerable Negress is Taken to New York Hospital.

New York, March 24.—Minerva Gillies, 102 years old, who for almost half her life was a slave, has been removed from her daughter's home, No. 509 West One Hundred and Thirty-third street, to Harlem hospital, sick and destitute.

The old mammy's father was "Richard Washington," who all his life was a slave in the family of George Washington and served as his valet during the latter years of the first president's life.

The aged negress has frequently entertained her friends with stories her parent told her about "Marse George." She was born at Petersburg, Va. Her husband and three children died twenty-five years ago. The one surviving member of her family, Mrs. Louise Brown, [illegible]

PENMANSHIP AVERAGE LOW.

Statistics Compiled for Three Counties Show 58.3 Per Cent.

Shelbyville, Ind., March 24.—The papers of 6,034 pupils in the schools of Wayne, Union and Rush counties; Richmond, Rushville, Cambridge City and Seymour in the grades from three to eight, inclusive, graded on the quality of penmanship, show an average of 58.3 per cent. The papers are in the hands of J. W. Holton, superintendent of the Shelbyville schools.

Mr. Holton struck an average of the penmanship of each of the grades in the district. The schools at Cambridge City show the highest average of any of the seven groups, with 68.2 per cent. Shelbyville schools have an average of 54.6 per cent. Superintendent Holton expressed the desire that all of the 6,034 papers be graded by the same person in order that a more uniform grade might be had.

George Drumheller, whose ranch covers thousands of acres near Walla Walla, Wash., received a check for $262 for his wheat crop of [illegible] bushels. To move this crop required 180 cars, or four solid trains.

CASCARETS FOR COSTIVE BOWELS, HEADACHE, COLDS

Tonight! Clean your bowels and stop headache, colds, sour stomach.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

MRS. BARRONE DEAD IN DECATUR.

Decatur, Ind., March 24.—Mrs. Polly Barrone, one of the oldest women in Decatur, died at the home of her son, William J. Barrone, here, as the result of infirmities. She was 86 years old and was born in Pennsylvania and came while quite young with her parents to Allen county, near Monroeville. She was married in 1847 to Michael Barrone, who died in 1889, and to them were born eleven children, seven of whom survive as follows: Levi A. Barrone, of Payne, O.; Isaac F. Barrone, of Fort Wayne; George W. Barrone, of Monroeville, Ind.; William J. Barrone, Decatur; Charlotte E. Ebersee, of Columbia City, Ind.; Mary C. Clark, of California, and Amos S. Barrone, of Little Fork, Minn. There are also fifty-one grandchildren, thirty great-grandchildren and one great-great-grandchild surviving. The funeral was held today in Monroeville.

FREE PARK FOR HUNTINGTON.

Huntington, Ind., March 24.—Through the civic improvement company of the Huntington Commercial club the city has received an offer by which it may receive a splendid public park wholly free of cost. The owners of T. H. A. T. park, an amusement place that is the most popular in the city, have made known their readiness to give the city a perpetual lease of the ground without rental or other consideration, stipulating only that the city shall improve the walks and drives and maintain the place as a public park. The trustees of Central college have followed this tender with an offer to give the city under similar conditions the portion of the park that is under their control. The civic improvement committee has passed resolutions commending the offer to the Commercial club.

POOLROOM KEEPERS FINED.

Auburn, Ind., March 24.—After having entered pleas of not guilty to indictments recently returned by the grand jury, Elmer Leas, Frank Herrick and Lucky Krider, poolroom keepers in this city, went before Judge Dan W. Link, in the circuit court, and pleaded guilty. For permitting minors in his place Leas was fined $5 and costs and for allowing gambling he was fined $10 and costs—$32.30 altogether. Herrick was fined $5 for tolerating minors and $10 for permitting gambling and still has an indictment over him. He announced that he was going to quit the business. Krider was fined $5 for gambling and $10 for running a gambling place.

MRS. I. N. KITHCART DEAD.

Columbia City, Ind., March 24.—Mrs. Emma C. Kithcart, wife of Dr. I. N. Kithcart, of this city, is dead at the age of 65 years, following prolonged illness. She was born in Columbus, O., and was married in 1876 to Dr. Kithcart at Cincinnati.

SOUTH WHITLEY HOLD-UP.

Columbia City, Ind., March 24.—Fred Hapner and Grover Bowers, of South Whitley, are in jail here and Hapner is charged with highway robbery for holding up and robbing Russell Ambers, a South Whitley butcher, who was attacked at night on the street as he was going home in the dark, knocked down and relieved of all of his money except about $1.30 in small change. It is not yet certain that a charge will be placed against Bowers. Hapner has a bad reputation. The attack was most brutal and Ambers was left unconscious in the street.

STARTED KIDNAPING STORY.

Van Wert, O., March 24.—Because W. E. McConnell, a printer who is estranged from his wife, walked home with his little daughter to the residence of Mr. and Mrs. J. T. Fife, parents of Mrs. McConnell, a wordy row was started that led to some excitement growing out of rumor that the father had attempted to kidnap his little girl. McConnell, with his wife and children, came here several weeks ago from California and since the separation of the man and his wife Mrs. McConnell has been making her home with her parents. He is not in good standing at the Fife home and when he appeared there with his daughter was ordered away and from this the row started.

NARROW ESCAPE FOR BOY.

Bluffton, Ind., March 24.—Donald Ratliff, son of Mrs. Dora Ratliff, had a narrow and a remarkable escape from dangerous injuries or death when he accidentally fell backward against the large plate glass in the front of the Wiecking cigar store on West Market street. He was fortunate enough to escape with no more serious injury than a ragged hole jabbed in the palm of the left hand, where it was struck by a piece of glass. The boy had been in the Kaltwasser meat market, one door west of the cigar store, and had been whirling himself round and round on a counter stool. When he came out of the market he was dizzy and reeled backward against the window of the cigar store and his head struck the plate glass, shattering it.

TAKES POULTRY AS EVIDENCE.

Decatur, Ind., March 24.—Sheriff Herman A. Gunsett, of Van Wert county, Ohio, came to Decatur last evening and took the chickens stolen from Oliver Sheets on last Thursday night and brought here Friday morning, to the Berling packing house, to Van Wert, where today they will be put in evidence in the preliminary hearing of Millard Mathews, charged with the theft at Van Wert. Since the arrest of Mathews in Decatur Friday morning the chickens have been at the Berling packing house, where they have been cared for. Mathews is denying the charge against him, and will put up a fight to establish his innocence.

MUMPS IN ROANOKE SCHOOLS.

Roanoke, Ind., March 24.—Miss Ursel Streit, a teacher in the Roanoke high school, and a score of the pupils of the institution are afflicted with mumps, a sudden invasion of which took the faculty and student body entirely by surprise. Practically all of the pupils and teachers have been exposed and a spread of the epidemic is looked for. That so many cases of the malady should develop at the same time is unusual. A substitute has been procured to fill the position of Miss Streit temporarily.

MAN HOUSEKEEPER SUES.

Van Wert, O., March 24.—George Hertel has brought suit in the courts here against O. A. Balyeat, administrator of the estate of the late Matilda Hertel, in which he asks the court to allow his claim of $10 a week for a period of 168 weeks, during which he took care of Mrs. Hertel immediately prior to her death, which took place in January last year. The plaintiff says that during all the period alleged he was in attendance upon Mrs. Hertel, cooked for her, kept the house in all ways as a careful housekeeper should, and even did the family washing.

DAIRYMAN HEAVILY FINED.

Delphos, O., March 24.—W. F. Fulton, a local dairyman, pleaded guilty Tuesday afternoon before Justice of the Peace Ludwig, to a charge of adulterating milk, filed against him by H. S. Mesloh, an inspector for the state dairy and food department. He paid a fine of $50 and costs. On his arraignment before Justice Ludwig Monday Mr. Fulton waived examination, and was released on his own recognizance, his case having been continued to April 5. The fine assessed against Mr. Futlon is the minimum for the first offense.

REVIVAL IN SPENCERVILLE.

Auburn, Ind., March 24.—The revival meetings at Spencerville conducted by Evangelist J. W. Ferguson, of Auburn, are continuing with increased interest. A chorus of nearly fifty voices conducted by Budd Robinson, is furnishing excellent music for each service. Last Sunday Rev. Ferguson delivered an address especially for women and on next Sunday afternoon he will speak to the men. To date forty-nine decisions have been made and more are expected before the close of the meetings.

SEEKING PARDON FOR CUSHING.

Kendallville, Ind., March 24.—Persistent rumors from Indianapolis are to the effect that unusually strong pressure is being brought to bear upon the board of pardons, now in session, to grant a pardon to Charles L. Cushing, now serving a sentence for manslaughter in having shot and killed a boy tramp last August. He was sentenced late in the fall. It is understood the case will be investigated by the board this week. Petitions asking his pardon were placed in circulation some months ago and they were filed with the board.

KENDALLVILLE HAS REST ROOM.

Kendallville, Ind., March 24.—Kendallville has a ladies' rest room with the completion of the new city hall. The room has been fitted out with all modern conveniences and in the near future will be fully equipped with furniture and other necessary fixtures to make it a comfortable place for people of the city as well as those of the rural districts. The room is in the basement of the new city hall, being in the southeast corner just after entering the building at the main entrance.

FINED FOR SELLING SICK HORSES.

Huntington, Ind., March 24.—Jesse Davis, of Warren, was arrested by Town Marshal Mossburg and before Justice of the Peace Milton Morgan pleaded guilty to a charge of selling a sick horse to Eli McClurg, of Rock Creek Center. He was fined $1 and costs, amounting to $9.30. McClurg recently purchased a team of Davis and discovered after the animals were delivered that one of them was suffering severely from heaves. He thereupon swore out a warrant for the arrest of Davis.

FIRE IN KENDALLVILLE.

Kendallville, Ind., March 24.—One of the most disastrous fires of the year occurred Tuesday when the entire second story of the Charles Helmuth residence on North Summit street, together with the household goods on this floor was destroyed, entailing a loss of $1,500, fully covered by insurance. The blaze is of unknown origin, although it is believed the roof of the building caught from a spark from the chimney.

FAIL TO FIND BLIND TIGERS.

Hartford City, Ind., March 24.—Acting on the "hunch" that the Italians on the Southside are conducting "blind tigers" the police, late Monday evening, raided four or five "hunky joints" in that suburb and, although they found every evidence that considerable booze had been consumed, there was no evidence that could lead to prosecutions on charges of illegal sale of liquor.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.—Adv.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Thickness and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Adv.

FUNERAL SERVICE IS HELD.

Last Rites for Charles Francis Adams at Quincy, Mass.

Quincy, Mass., March 24.—The funeral of Charles Francis Adams, who died at Washington last Saturday, was held yesterday in the Church of the Presidents, so-called because the bodies of Mr. Adams, grandfather, John Quincy Adams, and his great grandfather, John Adams, were buried beneath it.

The services were attended by representatives of Harvard college, the Massachusetts Historical society, Order of the Loyal Legion, American Institute of Arts and Letters, and other organizations. Rev. Albert L. Hudson, minister of the church, officiated. Burial was at Mount Wallaston cemetery.

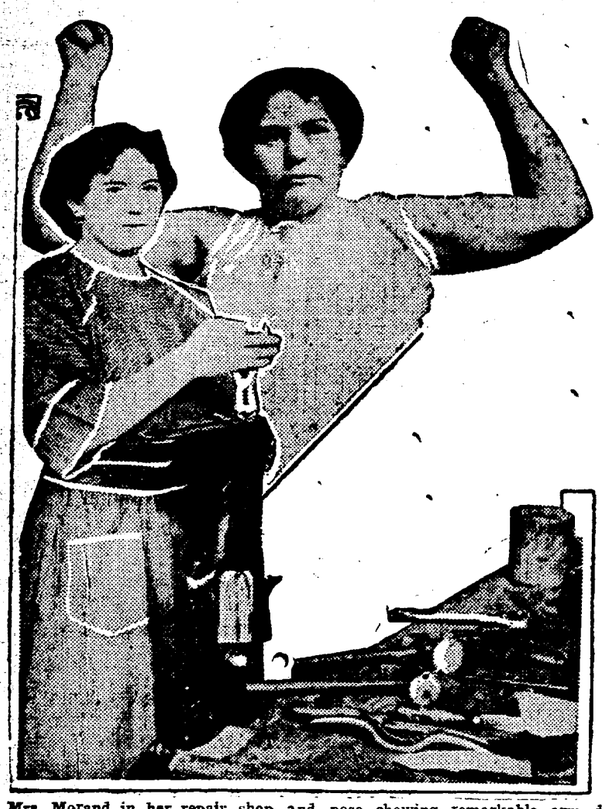
GAINS HEALTH AND DISCOVERS THRILLS WHILE REPAIRING SHOES.



Mrs. Morand in her repair shop, and pose showing remarkable arm development.

Portland, Ore., March 24.—Health, strength and happiness, food and clothing and independence, is what Mrs. Elizabeth Morand, of this city, found for herself and two small daughters in the shoe repairing business.

Nearly two years ago Mrs. Morand lost her husband. All she possessed was the repair shop. At first she engaged a man to continue the business, but soon found that his salary took away all her profit. So she did the work herself.

Failing in her early attempts to attach heels and soles, she nevertheless persisted and soon became proficient. Today she is repairing as many shoes per day as any man. Incidentally, she has built up her health and strength remarkably.

There are, too, plenty of thrills and romance in such a prosaic calling as mending soles, she has found. Scores of men have asked her to marry them, while they waited for a new pair of heels, and one threatened to kill her if she refused him.

He was, says Mrs. Morand, an Italian repair man she had engaged. He sang Venetian love songs to her while he worked, and on the day he made his final eloquent appeal tried to take her life.

One good swing of Mrs. Morand's strong right arm not only thwarted his vengeance, but knocked all the sentimentality completely out of her ardent wooer.

Since then she has done all her work alone.

OBSERVE BIRTH OF PROPHET MOHAMMED

Ceremony is Carried Out With Great Pomp and Circumstance.

Cairo, Egypt, March 24.—An interesting—and to Europeans, a unique—ceremony has just been performed in Cairo. It is the anniversary of the birthday of the prophet Mohammed, the founder of the Moslem religion. The ceremony is known to the Arabs as "Muled el Nabi."

In Cairo the affair is carried out with more pomp and circumstance than in any of the other countries of the Moslem world. Thousands and thousands of the faithful assembled here this year, possibly because the world war makes men more anxious as to their own fate and, possibly, also on account of the new regime so lately inaugurated in Egypt.

A whole week of prayer and devotion is given to this great function. It was held this year on a vast tract of land near Abassieh. Here a number of large tents, some of which are most luxuriously got up, are pitched, making in the lovely sunshine a picturesque scene. Good believers are in constant attendance all the week and remain till all hours of the night chatting and drinking coffee.

Outside the circle of the great tents are a number of smaller tents, where sweetmeats and all kinds of delicacies are sold to the public, thus combining profit with prayer.

The last day of the "Muled," or day of solemn prayer, was made notable by the presence of his highness the sultan of Egypt. Many very distinguished personages were present. The chief ceremony on this day is the reading by one of the principal sheikhs—generally in Turkish, but this year in Arabic for the first time in history—of the story of the prophet's life, which dates back to April, 569, of the Christian era. Mohammed, the founder of the faith of Islam, was the son of Abdallah, a member of the great tribe of Koerish, one of the nomadic tribes which lived in the Arabian peninsula.

Mohammed's Birth.

Curiously enough, he was a posthumous child and at the age of six he lost his mother, being then adopted by his grandfather, Abdul Muttalib, and later by his uncle, Abu Taleb. The legend attending Mohammed's birth is said to have marked him out as the future prophet. Not only did his mother suffer none of the pangs of travail, says the story, but at the moment of his birth a celestial light illumined the surrounding country and the new-born child, raising his hand to heaven, exclaimed: "God is great. There is no deity but God and I am his prophet."

Nevertheless, he first followed the trade of his uncle, a merchant, accompanying him on his journeys in Syria and elsewhere. Here it was he met his first wife, a wealthy widow, at the age of twenty-five. Ten years later the tribe of Koreish recognized him as their ruler and at forty he declared his religion, which for three years he had preached in secret.

Germany uses almost twice as many postcards for domestic correspondence as any other nation, Japan ranking second and the United States third.

Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous or who have trembling of the limbs, dizziness, heart palpitation, cold hands and feet, insomnia, fear without cause, timidity in venturing and general inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By obtaining the treatment at some well stocked pharmacy, no one need know of another's trouble while the treatment has been widely prescribed and dispensed heretofore by physicians and pharmacists, the grain tablets are so prepared with full directions for self administration that it is wholly unnecessary to pay a physician for prescribing them. Just ask for three-grain Cadomene tablets, begin their use and soon all the joy of a healthy body, sound nerves and strength will be felt.

GIRL TO PREVENT USELESS CHARITY

Movement Started at Topeka, Kan., to Systematize Giving.

Tojeka, Kan., March 24.—Twenty of the eighteen charitable organizations in Topeka have joined in a movement fostered by the city to systematize the city's giving and prevent impositions which have been found to have been practiced by some unscrupulous families in the past.

The Confidential Charity Exchange was created by the city and Miss Mabel Adams was appointed the first "secretary for the prevention of useless giving." Her salary and the expenses of her office will be paid by the city, but the success of the movement, the first of its kind to be undertaken by a municipal government, depends upon the co-operation of the charitable organization.

The plan was originated after it was learned that several organizations, each unknown to the other, had been contributing to the support of certain families. In one instance it was found that fifteen societies had been helping a single family, each trying to supply enough food, clothing and fuel to enable them to get through the winter.

"It wasn't any wonder that the man of that family wouldn't work when he could obtain a living so easily," said the head of one organization. In another case it was found that the members of a family which had been receiving duplicate aid had pawned articles of clothing and sold food to obtain money to go to moving picture shows. The work of the new secretary is to keep an accurate card index of all families aided by all the organizations.

When the British government took charge of the railroads for mobilizing its army, it gave them sixty hours in which to transport troops in 350 trains to given points, and they did it in forty-eight hours.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

LAW SCHOOL FOR INMATES NEW PLAN

Warden at Sing Sing Starts Another Venture to Help Convicts.

New York, March 24.—That Thomas Mott Osborne's concept of prison work is daily taking a wider and higher significance was made apparent here today with the announcement that Sing Sing prisoners are not to be denied the privileges of education merely because they are confined in an institution supported by the state.

Mr. Osborne's second venture in the direction of rehabilitation consists in the establishment of a law school wherein the prisoner may obtain the needful instruction that will fit him for post graduate instruction in regularly authorized law schools. This step is in line with one announced in the columns of the Christan Science Monitor a few weeks ago, wherein was described the work Mr. Osborne had been able to accomplish with the aid of the labor unions in establishing industrial educational shops, graduates of which would be admitted to fellowship in unions upon the completion of their prison term.

The new school, while primarily intended for legal instruction of men possessing capacity for professional work, will have law as its principal feature, but, as it has been set going on broad lines, the curriculum will also embrace shorthand, music, history and mathematics. The new work has been made possible because of the co-operation of some men and women interested in prison education. These are H. Allen Jacobs, an architect; David Bispham, opera singer; F. M. Dick, a broker; Mrs. John H. Flagler, Miss Alice Preston, and Miss Jean Webster, playwright.

By annexing Franz Josef land, Russia increases the number, rather than the extent, of her possessions. The archipelago consists of about sixty islands, almost all of the group being covered with snowclad glaciers.

FROZEN FISH COMES TO LIFE.

Wabash, Ind., March 24.—M. J. Barnett, owner of a fish market at Rich Valley, Wabash county, is responsible for a fish story which he declares is true. Mr. Barnett received a consignment of cold storage fish from Toledo, a day or two ago, and as he was placing them in an ice box he was surprised to see that one of the fish showed evidence of being alive. The fish was placed in water and was soon as active as before it was taken from the waters of Lake Erie. The fish is supposed to have been caught last fall.

CHICAGO GRAIN AND PROVISIONS

Chicago, March 24.—Wheat prices underwent a setback today owing largely to the fact that the Liverpool market failed to respond to yesterday's strength in America. There was also a good deal of selling here on the theory that the bulge yesterday had in the main eliminated the short interest. After opening ¼c to ⅞c down the market rallied somewhat, but then sagged lower than before.

Corn went down grade with wheat. The opening, which varied from ⅛c to ¼@⅜c off, was followed by a moderate further decline.

Oats turned easy with other grain, but the downward tendency was less pronounced than in wheat and corn. The bears were cautious as a result of continued reports of delayed seeding.

Large receipts of hogs acted as a weight on provisions. Selling, though, was not of unusual volume.

Noted Scientists on Battle Line

MME. CURIE

Mme. Curie, the world's most distinguished woman scientist, is using her scientific knowledge for the benefit of the wounded soldiers.

The woman who discovered radium is now working in a military hospital near the French battle line, where she has a complete radiographic equipment. She is said to be one of the hardest working nurses now at the "front."

THE DAY ON WALL STREET.

New York, March 24.—The upward swing of the stock market was resumed at the beginning of today's business, many leading issues and a number of less prominent ones making new high prices for the current movement. Among these were U. S. Steel, Union Pacific, Southern Pacific, American Smelting, B. and O., American Can and some of the equipment group, notably American Locomotive and American Car and Foundry, in which the rise extended between one and two points. Bethlehem Steel added another point to yesterday's decline. Trading was again very active, with further short covering.

Speculation broadened to a marked degree during the balance of the morning session, trading in the first hour aggregating about 200,000 shares, with some diminution of activity toward midday. Prices continued to rise, however, the feature being Union Pacific, which was the most prominent stock, at an advance of 2⅜ points. Bonds were active and firm.

price of their car fare to their homes. Two of the "beauties" were sent to Bellevue, Ohio, at the expense of the taxpayers of Wayne township, but the trustee could not see his way clear to do anything for the other ten. Despairingly and in anger they left the trustee's office to look elsewhere, after they realized their pleadings were in vain.

Last Friday "Billy Watson's Beef Trust Beauties" appeared at Auburn and on Saturday night at Wabash. Sunday morning the company was brought to Fort Wayne in a special car over the Fort Wayne and Northern Indiana Traction company's line, but were unable to get any further. Since then the girls have been in Fort Wayne.

erally hacked to pieces by the 5.5-inch pieces by the Dardanos battery. She sank at 7:30 o'clock on the evening of March 18.

A third British vessel, the Vengeance, was damaged by guns of the forts and drifted helplessly toward the entrance to the straits where her crew was taken off by torpedo boats. This vessel did not leave the Dardanelles waters, nor did any other British vessel enter during the night to bring help but the ship this morning had disappeared.

A fourth vessel was struck in a turret and otherwise damaged by a Turkish shell. She also was taken out of action.

The British battleship Queen Elizabeth was hit five times by howitzer shells and the battle cruiser Inflexible was struck four times.

The foregoing is a summary of the reports made during the day by observers who were unable last night to reach the Turkish headquarters. The Associated Press correspondent today visited the forts which had been bombarded. The material damage was slight generally. The casualties on the Turkish side were about twenty men killed and thirty-five wounded.

WARSHIP TO CARRY CASH TO YUCATAN

Washington, March 24.—Naval officials were working out plans today for the dispatch of a warship to Yucatan Mexico, which will carry more than $600,000 belonging to American manufacturers to move the sisal hemp crop The hemp is needed to make binding twine and if its movement were further retarded manufacturers say the harvest of the American wheat crop would be threatened. The money now is at Galveston awaiting shipment.

Large supplies of hemp are said to be ready for shipboard in Yucatan, but scarcity of labor and lack of shipping facilities have impeded its movement.

For Lower Michigan: Cloudy tonight, probably snow in north portion; Thursday partly cloudy.

WEATHER CONDITIONS.

Cool weather continues over the southern states with light frosts reported as far south as Charleston and Jacksonville, with a temperature of 28 degrees at Atlanta. Somewhat higher temperatures prevail this morning throughout the central states.

Fair weather has prevailed over the greater part of the country during the last twenty-four hours, but there has been some rain or snow from Minnesota westward to Montana and northern Wyoming.

Cloudy weather is probable for this section for tonight and Thursday, with but slight changes in temperature, and the lowest tonight will be slightly above freezing.

I have a NEW fresh supply of truck and poultry farms to put on the market this spring within 4 miles of our court house, and close to the interurban station, 10 cent care, SUPERB soil and ideal place to live.

I'll put this on the market in 5, 10, 15 and 20 acre tracts. REMEMBER, when I sell you a tract like this I'm putting you within gunshot of our city market, and just outside of your city taxes, and grocery bill, and butcher bill that eat up your salary before you get to it. I'm offering you a good job free with each tract. You're a dead one if you can't produce more income off a 5 or 10 acre tract close to Fort Wayne market than any ordinary job will pay salary. I have some fine stuff, with and without buildings, to exchange for Fort Wayne city property.

AS TO THE CASE OF BAD BESSIE FARNAN

Women Think What's Left of Bessie's Life is Worth Saving.

After Judge Kerr had about decided that he would send Bessie Farnan to jail on a drunk charge as preliminary to getting her finally into the correctional department of the Indiana woman's prison, members of the Fort Wayne W. C. T. U. came forward in the city court and asked that the delinquent Bessie be paroled to them, promising to see that she was given a home and that an effort would be made to get her into a hospital. Judge Kerr at length consented to give her one more chance and she was placed in custody of Mrs. Carrie M. Shoff, 853 Columbia avenue, who will take the woman into her home for a time. The Farnan woman was arrested last Saturday on East Main street where in company with William Rolfing, a half-wit, she was staggering about drunk and almost helpless. Bessie told the court that she had taken one drink of whisky for toothache, but finally admitted that she had taken not less than three drinks. Rolfing was also allowed to go.

Had Brother Sent to Jail.

Howard Hughes was fined $1 and costs and went to jail for eleven days on a drunk charge, the principal witness against him being his sister, who resides at 732 Barr street. It was brought out that Hughes went home drunk Tuesday evening and started a rough house, abusing his two sisters, whose earnings support themselves and their aged mother and a good deal of the time their drunken brother. Hughes has not worked for a long time and his sister said that when he is employed he is very decent, but when idle is quarrelsome and impossible to get along with.

Young Miller Again Arrested.

John E. Miller, a youth of 20 years, who has a wife and two children he does not support, was before Judge Kerr for the second time within three weeks on a charge of neglecting his children. He said that since his former appearance when he was released for a chance to make good, he had tried hard to find work, but without success. His wife has given birth to her second child since Miller's first arrest. Judge Kerr gave him another chance and continued the case until April 2.

Other City Court Cases.

Jack Fetherstone got drunk and just naturally wandered to police headquarters Tuesday night and was locked up. He is a printer and because he said he had work was released.

Michael Lordier was arraigned on a charge of assault and battery on William Helbisch, but the prosecuting witness was not in court and the case was continued.

Fred Jones, a colored man, was in court on an old child neglect charge for having failed to make payments to the support of his children as ordered by the court. He was continued until Thursday morning and went to jail in default of $300 bond.

Jack Morris, of Decatur, was turned loose after a hearing on a loitering charge. The police received a call Wednesday morning soon after midnight, that prowlers were causing residents on Lawton Place some alarm and Morris was seen on Spy Run avenue near by. The officers said he had a handkerchief over his face and when the wagon was stopped that Morris did not at once answer the hailing sign, so he was picked up. Other officers who know him stated to the court that he is all right and he was released. Morris said he had called on a lady on Lawton Place, had a quarrel, left the house and was wandering about considering whether to return to her when the police got him.

August Willig and Mike Paul, drunks, were turned loose.

DOCTOR MAKES ACCUSATIONS.

Charges are Preferred Against Postmaster Garn of Plymouth.

W. B. Piatt, postoffice inspector, is investigating charges preferred against Postmaster Garn, of Plymouth. Garn is accused by Dr. Aspinall, of that city, of using his government position to promote his own business interests. Both Aspinall and Garn are interested in institutions for the treatment of alcoholics.

JEWELS GIVEN TO SEVEN PAST MASTERS

Commandery Prepares for the Grand Conclave—Masonic Events.

Seven past masters of Home lodge No. 342, Free and Accepted Masons, were presented with beautiful jewels at the past masters' night celebration at the Masonic temple Tuesday evening. The past masters who were honored in this manner were the following: Manford M. Smick, James E. Graham, Charles H. Geake, Captain Ferd Boltz, Henry W. Mordhurst, J. E. Sunderland and Justin Burdick.

At the meeting the Masonic lodges of the city were presented with the deed for the Masonic temple property at Wayne and Clinton streets. Addresses were delivered by Past Masters Smick, Graham, Boltz, Burdick, Sunderland, Charles A. Meigs, E. F. Liebman, E. B. Whittiker, Isaac Straus and a number of others. Judge John H. Aiken acted as toastmaster. Following the initiation of a class of candidates a banquet was served.

The invocation was delivered by Rev. Arthur J. Folsom, pastor of Plymouth Congregational church. Bert Keplinger, worshipful master, opened the meeting.

Commandery Drills.

In preparation for the grand conclave at Indianapolis, May 12, members of the Fort Wayne commandery No. 4, Knights Templar, held their first drill practice Tuesday evening. The local commandery will compete for a loving cup to be given away at the grand conclave.

Cadessia Grotto Social.

The regular monthly social session of Cadessia grotto, Order of Veiled Prophets of the Enchanted Realm, will be held Wednesday evening at the Odd Fellows' hall at Wayne and Calhoun streets. The session is for the members and those who have signed applications for the ceremonial to be held Wednesday evening, March 31, at the Majestic theater. Dancing, cards and various contests will make up the evening's entertainment.

Business Session and Smoker.

A business session and smoker will be held Monday evening at Mizpah Shrine temple. Plans for the organization of the Mizpah Automobile club will be taken up and arrangements made for the annual spring ceremonial and reception to be given in honor of Dr. Frederick Smith, imperial potentate, of Rochester, N. Y., on April 30.

THROWN FROM STREET CAR.

Chicago Woman Injured Tuesday Evening at Wallace and Barr Streets.

In alighting from an East Creighton street car Tuesday evening at Wallace and Barr streets, Miss Madge Hurlburt, who rooms at 105 Brackenridge street, but whose home is in Chicago, was thrown violently to the pavement. Assisted by Mrs. Gus Nitz the young woman was taken to the residence of William Hicks, 305 Masterson avenue, and later to the St. Joseph hospital in the police ambulance. She was reported as improved Wednesday. Her most painful injuries are about the shoulders.

MAXWELL DEALERS TO MEET.

Five Officials of the Company Will Be Here From Detroit.

Maxwell automobile dealers in northern Indiana under Distributor H. H. Roose, of this city, will hold a meeting at the Anthony hotel, Thursday, at which time five officials of the company from Detroit will be here. Those who are coming from Detroit are the following: C. E. Stebbins, sales manager; C. B. Newby, supervisor; J. Gould, superintendent of service; H. H. Howe, special representative, and E. F. McCanahay.

The Knights and Ladies of Security will give a free entertainment and a lecture at the Buffalo hall Thursday evening, March 25.

Spanish army officers have found bomb-dropping from aeroplanes an effective means of subduing turbulent tribesmen in southern Morocco.

CHICAGO GRAIN AND PROVISIONS.

Chicago, March 22.—Decreasing stocks at Liverpool tended today to lift the wheat market here, but prices did not seem to stand much selling on the upturn. The opening, which varied from ¼c, declined to ⅛c advance, was followed by a material advance all around and then a moderate setback.

The close was heavy at a loss of 1⅛c to 1⅛c net.

Unfavorable weather gave some strength to corn. Selling was only scattered. After opening a shade to ⅛@¼c lower, prices rose all above Saturday night's level.

Closing prices were unsettle dat ⅝@¾c under Saturday.

Oats hardened on account of reports of delayed seeding. Offerings were light.

Provisions went sharply down grade. Sellers seemed to be chiefly influenced by the enforcement of the embargo orders in Europe.

THE DAY ON WALL STREET.

New York, March 22.—Specialties were again the central figure at the outset of this week's operations on the stock exchange. Bethlehem Steel once more overshadowed all other issues, selling up to 69¾, a gain of 3⅝ points from last Saturday's close, and a new high record price. Motor shares came next in prominence, with gains of one to over three points. The so-called leaders or former speculative favorites were comparatively backward.

Bethlehem Steel yielded more than one-half its early gain largely as a result of selling for profits, but went higher in the second hour, touching 70⅞. Other specialties also moved feverishly while U. S. Steel and Reading rose and fell within more narrow limits.

THE WEATHER.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Cloudy tonight and Tuesday, with probably snow; not much change in temperature. Lowest tonight about 30 degrees.

For Indiana: Unsettled tonight and Tuesday.

For Ohio: Unsettled tonight and Tuesday, with probably local snows.

For Lower Michigan: Cloudy tonight; Tuesday partly cloudy.

WEATHER CONDITIONS.

Cloudy and unsettled conditions prevail this morning over the central and eastern states, and light scattered snow has occurred over the states from the lower Missouri and middle Mississippi valleys northeastward to New England. From the Rockies to the Pacific fair weather is general.

Moderate temperatures continue over the states east of the Mississippi, but some low temperatures for the season are reported from the southwest, a temperature of 30 degrees being reported as far south as San Antonio, Tex. Over the Pacific coast districts warm weather is general, and yesterday temperatures ranged from 80 to 85 degrees in the coast cities as far north as Portland, Ore.

Cloudy weather will continue in this section tonight and Tuesday, with probably some snow. The temperature changes will be slight and the lowest tonight will be about 30 degrees.

AIRSHIPS USED TO RAID SUBMARINES

MIGHTY BATTLE IN MOUNTAIN PASSES

BRITISH AVIATORS HIT UNDERSEA FOES

London Claims Successful Attack by Airmen on German Submarines at at Hoboken.

Today's War News Given in Summary.

What is described in Berlin as one of the greatest battles of the eastern campaign has developed in the Carpathians. For months the opposing armies have been contending for the mountain passes, definite possession of which by the Russians would expose Hungary to the danger of invasion. The Berlin reports say the present battle has not yet reached a stage where success for either side is indicated.

The French war office announced that the Belgian army has made gains along the Yser. Aside from this movement, the only change of note was in the Vosges, where the French claim to have occupied a considerable section of the German front.

The British admiralty announced that five aeroplanes had made a successful raid on the German submarine plant at Hoboken; near Antwerp. Two submarines, in course of construction, as well as the works, are believed to have been damaged considerably.

London, March 24.—(4:28 p. m.)—The British admiralty this afternoon issued a statement saying a British air raid had been successfully carried out today on German submarines at Hoboken, three miles outside of Antwerp. The text of the admiralty statement was as follows:

"The following has been received from Commander Longmore:

"I have to report that a successful air attack was carried out this morning by five machines of the Dunkirk squadron on the German submarines being constructed at Hoboken, near Antwerp.

"Two of the pilots had to return owing to thick weather. The squadron commander, Courtney, and Flight Lieutenant Propher reached their objective and after planing down to 1,000 feet dropped four bombs each on the submarines.

"It is believed that considerable damage has been done to both the works and two submarines.

"The works were observed to be on fire. In all five submarines were observed on the slip.

"Flight Lieut. B. Crossley-Meates was obliged by engine trouble to descend in Holland. Owing to the mist the two pilots experienced considerable difficulty in finding their way and they were subjected to a heavy gun fire while delivering their attacks."

Flight Commander Crossley-Meates, of the British aviation service, in consequence of engine trouble while en route to make an attack on Antwerp, was obliged to land at Kruiningen, according to a dispatch from The Hague to Reuter's Telegram company. The airman was not injured. He will be interned.

TERRIFIC BATTLE RAGING.

Berlin Reports Desperate Conflict in Carpathian Mountains.

Berlin, March 24.—Reports from the Carpathian mountains indicate that one of the greatest and most sanguinary battles of the campaign is now raging. A special correspondent of the Lokal Anzieger telegraphs:

"The great bloody battle is now in full swing in the Carpathians. It has not yet reached a point where a definite judgment can be passed on the events at any point. The conflict is likely to be waged some days yet with equal fierceness by both sides.

"The next few days probably will see the released Przemysl investment army engaged in this struggle.

"Conditions to the north of the Vistula river and along the Bug and Narew line appear to have changed little or not at all recently."

At army headquarters today the following statement was given out: "In Champagne there were only artillery duels. In the forest of Le Pretre, northwest of Pont-a-Mousson, the enemy attempted to win back ground gained by the Germans but were repulsed. New attacks by the enemy northwest of Badonvillers and on Reich Ackerkopf broke down under the German fire. Fighting is in progress at Hartmann's Weilerkopf.

"German troops are pursuing the retreating Russians northward of Memel. They captured near Polangen 500 Russians and took three guns and three rapid firers. Quantities of cattle, horses and goods were stolen by the Russians. Near Laugzargen, southwest of Taurogen and northeast of Mariampol, Russian attacks were repulsed with heavy losses for the enemy. Northwest of Ostrolenka several Russian attacks failed. Here we captured 20 officers, more than 2,500 men and five machine guns. Eastward of Plock several charges of the enemy failed.

"The German army expresses cordial thanks to the gallant garrison at Przemysl which after four months of defense full of sacrifices, could be overpowered only by hunger."

STILL SEEKING FOR DEAD IN FIRE RUINS

Some Missing Muncie Infirmary Inmates May Have Wandered Away

Muncie, Ind., March 24.—Search is being continued today in the ruins of the Delaware county infirmary, most of which was consumed by fire yesterday, for bodies of reported missing inmates. It is thought that most if not all the missing, will eventually be found, as they are believed to have wandered to neighboring farm houses at the time of the fire. It was estimated today that the property loss will total $40,000, all of which is covered by insurance.

It is believed the absence of fire escapes may have been partially responsible for the loss of life. The walls of the destroyed building are being torn down to lessen the danger to rescuers of missing persons believed to have perished. The missing are:

Wesley Studebaker, 73 years old; Nelson Stout, 51 years old; William Studebaker, 38 years old; Charles Johnson, Samuel Carman, 70 years old; William Medaria, 62 years old; Ben Stewart, day fireman; William Lewis, Joseph I. Williston, Luggie Cenacchi, John Miller, John Sherwood, Frank Chris.

All of the men who are missing were inmates of the infirmary. All records were destroyed in the fire and little is known of the victims, in several instances even the ages being unknown.

The bodies of the three men taken from the ruins were so charred that identification was impossible. Only the trunk of each body was recovered, the feet, arms and head having been burned away. Searchers were compelled to give up their work yesterday afternoon because of the intense heat coming from the ruins, but the search for more bodies was resumed this morning.

MAYOR ROBERTS NOW JOINS OTHER THREE

Judge Anderson Orders Him Into Custody for Alleged Corruption of U. S. Witnesses.

Indianapolis, Ind., March 24.—Mayor Donn M. Roberts in addition to the three men sent to jail last night because of alleged tampering with witnesses in the Terre Haute election case, was ordered into the custody of the United States marshal today. He was ordered to give additional bond of $5,000 for his appearance to answer the charge of corrupting government witnesses.

Roberts has been at liberty on a bond of $10,000. Sheriff Dennis Shea, City Judge Thos. Smith and Street Inspector Alexander Aczel, alias Steel, defendants who were placed in jail last night by order of Judge Anderson, also were held under additional bonds of $5,000 each on the same charge as placed against Mayor Roberts. The four were taken in custody by United States Marshal Mark Storen.

Judge Anderson waited until the jury retired at noon before placing the charges against the four. He read two United States statutes, one of which places the penalty for interfering with witnesses at $1,000 or a year in prison or both and the other fixes the punishment at a fine of $5,000 or six years in prison, or both.

The court reviewed evidence which he stated proved conclusively that efforts had been made to corrupt witnesses and added that court attaches had detected Shea in the act of signalling to witnesses on the stand.

No Regard for Law, Says Court.

"These men," said the court, "apparently have no regard for the law at all."

Percy Williams, special counsel for Shea and Smith, said the charges had caused a surprise to counsel and offered to assist United States District Attorney Frank C. Dailey in the investigation, but the court did not entertain the proposition.

The other witnesses who have pleaded guilty today testified that Steel had attempted to influence their esimony and had told them that Roberts wanted to see them before they appeared on the stand.

Two Accuse Steel.

Dan Alban and Nick Burson testified at the Terre Haute election case in the federal court here that Alexander Aczel, alias Steel, had accosted them twice in regard to their testimony in the case. Alban and Burson, who have pleaded guilty, are saloon keepers in the foreign quarter of Terre Haute. Steel, a defendant, was placed in jail last night until he could increase his bond to $5,000. Sheriff Dennis Shea and City Judge Thomas Smith also were placed in jail by order of Judge Anderson at the same time.

Burson and Alban said Steel came to them shortly after they had pleaded guilty and told them they had made a mistake in pleading guilty and that they should change their pleas to not guilty. On March 13, after they had been subpoenaed as witnesses, both testified Steel came again to them separately and requested that they be easy on him. Steel, the witnesses said, told them that the four foreign boys who testified the first week of the trial had told enough to send him to the penitentiary. Alban said Steel asked him "not to tell all he knew" and Burson testified Steel requested him to see the four foreign boys and induce them to change their testimony.

They also told of a scheme whereby a number of foreigners were given naturalization papers for $1 which was passed to the deputy county clerk by the foreigners and from the deputy back to another foreigner.

OLDEST STUDIO IN CITY CHANGES HANDS

Norman Standish Purchases Photo Establishment of M. J. Clear.

The M. J. Clear photographic studio, over the Independent 5 and 10 Cent store on Calhoun street, and the oldest studio in the city and one of the oldest in northern Indiana, changed hands Wednesday and came into the possession of Norman P. Stadish, the owner of the studio at 828 Calhoun street. Mr. Standish will take over the new gallery about April 10, and will move into his new quarters.

The gallery was the first in this part of the country to have a sky light, it is said, and the light was placed in the building shortly after its erection, over fifty years ago. It was occupied for several years by photographers who did not remain long, and then Dille the artist, moved in and remained for some time. Nearly forty years ago M. L. Jones came to this city and opened a studio in the building, and occupied it for many years. Mr. Clear has been the owner for more than a dozen years.

He will retire from the business and devote his entire time to the business management connected with his office in the Ben Hur lodge. Mr. Standish will remodel shortly after going into the building.

COMMERCIAL CLUB TO NAME TEN DIRECTORS

Much interest is being taken in the election of ten directors at the annual meeting of the Commercial club to be held Thursday evening at 8 o'clock.

Charles L. Biederwolf, secretary of the club, is now busily engaged preparing his annual report and address. The report will show that the club has had one of the most prosperous years since its organization.

Twenty-three directors have been nominated out of which ten are to be elected. Those nominated are the following: Sam Wolf, Frank E. Stouder, C. H. Schulz, J. L. Shields, S. E. Mulholland, J. C. Hutzell, H. G. Hogan, W. M. Griffin, E. W. Dodez, H. O. Bruggeman, Van B. Perrine, W. L. Wilt, Frank E. Bohn, O. O. Thwing, W. D. Henderson, Louis F. Curdes, C. T. Pidgeon, Maurice Niezer, C. B. Fitch, Herman Freiburger, H. G. Keegan, W. N. Ballou and Theodore F. Thieme.

ANOTHER PROTEST TO BERLIN LIKELY

Washington, March 24.—Acting on advices from The Hague that the steamer Elfland, flying the flag of the Belgian relief commission, had been endangered by a bomb from a German aeroplane off the Dutch coast, Secretary Bryan said today the state department was considering making representations to Berlin.

Secretary Bryan said a message from The Hague declared that representations to the German government already had been made by the Netherlands.

"Similar representations may be made by us," said the secretary.

KNIGHTS OF PYTHIAS IN DISTRICT MEETING

Between fifty and seventy-five members of the Knights of Pythias went to Huntington Wednesday to attend the fifth district meeting of the order.

At the afternoon session Judge C. W. Watkins delivered the address of welcome and Frank J. Heller, grand prelate, responded. Addresses were delivered by Harry Wade, grand keeper of records and seals, and Robert A. Brown, grand chancellor.

A feature of the meeting Wednesday evening will be an address by Fred H. Bowers. Other speakers are Robert A. Brown, grand chancellor, and John J. Brown, vice chancellor.

HAD HEAD BADLY CUT.

Henry Hilgeman, aged 40 and residing at 122 Wallace street, was seriously injured late Tuesday afternoon when a block of stone fell from an upper story of the new Harmer school building and struck him upon the head. His scalp was laid open for several inches. Hilgeman, who is in the employ of Max Irmscher, contractor for the school building, was taken in the police ambulance to the office of Dr. M. F. Schick where his injuries were dressed.

YOUNG MAN TRIES SUICIDE.

Auburn, Ind., March 24.—Fatal results will not ensue from the attempt of Amos Adams, aged 23, to end his life last night by drinking carbolic acid. Adams did not get enough of the fiery poison into his stomach to kill him and physicians said after working with him, that he would recover. The attempt was made at the home of Adams. The young man is a clerk in the Auburn State bank.

CHORUS GIRLS STRANDED HERE

Penniless and Hungry They Appeal to Trustee for Assistance.

TWO OF THEM ARE SENT TO BELLEVUE

Billy Watson Beef Trust Beauties Are in Hard Straits.

With tears in their eyes, without friends and no place to go an even dozen stranded chorus girls ranging in age from 16 to 40, appealed to Trustee Scherer early Wednesday morning for assistance.

Without a penny in the world they were decidedly up against it and long before the trustee's office was opened they had congregated in the corridor of the court house. Many of them had stayed out the entire night, being without the necessary funds with which to pay for their lodging. Many of them were hungry, not having had anything to eat for more than eighteen hours.

The girls were members of the famous Billy Watson's Beef Trust Beauties' company, which had been playing in practically all the towns and cities in northern Indiana during the last few weeks. Sometime ago the company appeared here.

Poor Theatrical Season.

Never in the history of the country, perhaps, has the theatrical season been so poor as this year. Even the name, "Beef Trust Beauties," failed to draw the crowds and soon the manager of the company found that his pay roll was bigger than his receipts. As a result the girls were left in a strange city, stranded and without friends. In desperation and knowing of nothing else to do, they appealed to the trustee for the

TRIP WILL BE MADE ON SPECIAL TRAIN

Fort Wayne and Allen county teachers who will attend the annual meeting of the teachers of northern Indiana at South Bend will leave here on the morning of April 1 at 9 o'clock on a special train over the Pennsylvania railroad. Returning, the special will leave South Bend on the afternoon of April 3 at 2 o'clock. The fare for the round trip will be $3.40.

Practically every teacher in the county will attend and those who do not will have to make it up by holding school two days longer at the close of the term. So there is no escape. The various trustees also will probably attend or at least a majority of them.

LAST MINUTE NEWS

GERMAN SEA FORCES SUCCEED IN BALTIC.

Berlin, March 24.—A further official announcement was given out in Berlin today as follows: "German sea forces have resisted the land forces in the operations to the north of Memel, on the Baltic. They bombarded on Tuesday forenoon the village and castle of Polangen, and kept under fire the road from Polangen to Libau."

RUSSIA GIVES OUT A HINT ON DEMANDS

Petrograd, March 24.—The congress of representatives of the nobility now holding its annual sessions in Petrograd today unanimously adopted the following resolution: "The vital interests of Russia require full possession of Constantinople and both shores of the Bosphorus and the Dardanelles and the adjacent territory."

ALLIED FLET IS HARD HIT

French and British Warships Suffer Heavily Under Turkish Fire.

ARTILLERY AIM OF MOSLEMS TRUE

Damage to Fleet Attacking Dardanelles Mounting Still Higher.

Dardanelles, Friday, March 19.—(Via Constantinople and Berlin March 21 and London March 24.)—Reports which were received during the night of March 18 and on the morning of the 19th show that the losses of the allies in the engagement of yesterday were greater than first had been supposed. In addition to the sinking of the French battleship Bouvet a British battleship, probably the Irresistible, has gone down.

The vessel, which last evening grounded and was hammered to pieces by the guns of the fort, is this morning under water. Furthermore, one destroyer was sent to the bottom. It is reported three torpedo boats of the allies also were sunk and that one other battleship managed to find safety but in a sinking condition. The casualties to the Turks undoubtedly were very small, and the material damage inflicted by the shell fire yesterday was very slight.

Turkish Artillery Victory.

As details of yesterday's engagement became known today it is increasingly apparent that the Turks scored a great artillery victory. They sent three of the allied battleships to the bottom. The Bouvet was struck by a 14-inch shell above the water line which caused an explosion in her magazines. Later she was hit by a small caliber shell below the water line. The battleship Irresistible also was disabled, being hit in a vital part by a shell and she later was lit-

Says Americans Are in Much Danger in Persia

Washington, March 24.—Consul Smith, stationed at Batum, Russia, and who now is at Tiflis, informed the state department today that American missionaries and refugees were in danger at Urumiah, Persia, where the Turkish consul, Raghib Bey, at the head of 700 Askaris, was recently reported to have led an uprising against the American mission.

Secretary Bryan said that everything possible would be done to protect Americans and refugees from danger, but that as yet no direct steps had been taken. On March 21 reports first reached this country from Petrograd of the attack at Urumiah. The Turkish consul was reported to have ordered three priests and two deacons to leave the mission and as they were passing through the streets they were insulted and beaten. An American missionary, Mr. Allen, also was reported to have been subjected to insults. He succeeded in sending messengers to Selmas, asking for help.

The message to the state department today gave no details of the peril of the American refugees at Urumiah, nor did it mention Allen. Nearest American forces are the cruisers Tennessee and North Carolina in Mediterranean waters, but geographically it is impossible for them to get near the scene.

STEAMER'S LOSS NOW CONFIRMED; CREW SAFE

New York, March 24.—The Mallory line, owners of the American steamer Denver, received confirmation today of the wireless message last night from the steamer St. Louis, announcing that the Denver's crew had been taken off and the Denver had been abandoned 1,300 miles east of New York.

This confirmation came in a wireless message from Captain Avery, of the Denver. The message said that the Denver had been abandoned in a sinking condition and that Captain Avery and his crew were aboard the liner Manhattan and would reach this port next Saturday.

Another message was received from the Megantic, which read as follows:

"This afternoon rescued captain and wife and thirteen members of crew of steamer Denver, also Captain Smith, of American steamer Aviland. Manhattan has remainder, fifty-six."

There is no mention in maritime records available here of the steamer Aviland. White Star officials believed the Megantic's captain referred to Captain Smith, of the American steamer Evelyn, which was sunk by a mine in the North sea. They believed that Captain Smith was returning home on the Denver, although the Denver usually carried no passengers.

The total number of persons rescued, according to the message from the Megantic's commander, is 71. The Denver sailed for New York from Bremerhaven on March 16, having delivered there a cargo of cotton. She was built in 1901 at Wilmington, Del., was 372 feet long and of 4,549 gross tonnage. Until recently she sailed between this port and Galveston.

Later the apparent conflict in messages was cleared up with the announcement by the Mallory line that Captain Avery of the Denver, was aboard the Megantic from which his message was sent and that the Megantic was the vessel due here Saturday. The Manhattan is expected to reach here Friday.

The Megantic was one of ten vessels which hurried to the stricken steamer when she first sent out her wireless call. The first to reach her was the Manhattan. The St. Louis was next, sighting the Denver after a search of 21 hours. Apparently 24 hours or more elapsed from the sending of the first call for help and the rescue of the Denver's crew.

ALLIES LAND TROOPS TO ASSIST WARSHIPS

London, March 24.—(3:20 a. m.)—A force of allied troops was landed on the peninsula of Galipoli yesterday from transports in the gulf of Saros, according to a dispatch from Athens to the Daily Express.

A general attack upon the fortifications of the Dardanelles is to be undertaken immediately upon the arrival of further British and French warships under way to join the attacking squadron.

The last concerted effort against the Dardanelles' positions occurred six days ago, on March 18. This day's action resulted in the loss of three battleships. Reviewing the situation military experts in London and elsewhere have expressed freely their belief that to penetrate the straits the marine forces must be well supported on land. It has been said lately that a strong detachment of French troops was on its way to the Dardanelles.

The Gallipoli peninsula is the northern or European side of the Dardanelles. At its head it is no more than three or four miles wide. If this neck of land were effectively held by the allies, Turkish communication with the strong positions on the peninsula would be impossible. Dispatches from Athens received by way of Paris says an allied fleet resumed the bombardment of the Dardanelles yesterday morning.

Austrian Defenders of Przemysl Marched Out After Surrender.

Geneva, March 24.—A summary of what purports to be conditions upon which the Austrian garrison at Przemysl offered to surrender to the Russians is printed by the Tribune. The following stipulations are said to have been: First, full honors of war for the garrison; second, special treatment for the prisoners providing that officers shall be paroled and that none of the troops shall be sent to Siberia. Third, the right to transport to Austria those killed and wounded during the recent attacks. Fourth, complete liberty for the civil population with the right to leave or stay in the city.

"The defenders of the fortress marched out of Przemysl to Russian headquarters with colors flying," says the Tribune in its account of the surrender.

"The Austrian governor surrendered his sword to the Russian commander while thousands of Austrian troops piled their arms and ammunition in front of the Russian regiments drawn up in line. The Muscovites cheered the unarmed Austrians after their last parade.

"The fall of Przemysl has made a profound impression on Hungary as the flower of the Hungarian infantry was included among the defenders of the city, which was considered impregnable."

ALLEGED TAMPERING STIRS IRE OF COURT

Judge Anderson Orders 3 Defendants Into Custody of Marshal.

Indianapolis, Ind., March 24.—Sheriff Dennis Shea, City Judge Thomas Smith and Street Inspector Alexander Aczel, alias Steel, three defendants in the Terre Haute election case, were ordered into the custody of the United States marshal here late yesterday by Judge Anderson for alleged tampering with government witnesses.

Judge Anderson also asserted that he would put all of the twenty-eight defendants in jail if he heard of any further attempts to influence or bribe government witnesses.

"I shall try to teach you gentlemen there is some law in this country," declared the court, after the jury had retired.

During the afternoon seven witnesses, six of whom have pleaded guilty in the election fraud case, testified that they had been taken from the Vigo county jail on a writ of habeas corpus and brought to Indianapolis.

Judge is Indignant.

The arrest of these men appeared to arouse the indignation of the judge and he questioned United States District Attorney Frank C. Dailey as to who was responsible for the imprisonment of the witnesses.

The court then ordered that the seven men be held in Indianapolis and not returned to Vigo county. He said the six men who had pleaded guilty were in the custody of the United States court and that he had warned the defendants on arraignment day against tampering with the government's charges.

Mr. Dailey said some of the prisoners had been in solitary confinement and that a smallpox quarantine had been placed on the jail. He said he did not know "if the health officer was mixed up in the dirty mess."

Sends Jury From Room.

After a number of witnesses had told of repeating and buying and selling of votes, Judge Anderson had the jury withdrawn for the day and took up the question of tampering with witnesses. He recited at some length alleged attempts to influence witnesses before the grand jury and the instances testified to in court since the beginning of the trial.

He then asked Mr. Dailey if he had investigated the case of Steel and when the district attorney replied that two witnesses would testify on that subject today, the court ordered Steel into the custody of the marshal until he could give bond of $5,000. Steel has been at liberty on a bond of $2,500.

Judge Smith, who, it was testified, sentenced some of the seven government witnesses to jail, then was ordered into the charge of United States Marshal Mark Storen until he could give bond of $10,000 that would meet the approval of the court. Smith has been out on $7,500 bond.

Judge Anderson, after hearing that Shea's bond is $10,000, ordered Marshal Storen to take charge of him until today, when he would dispose of the matter.

"I want all of you, that is, I am telling you, and I include Mayor Roberts, to understand there is some law in this country," said the court as he pointed his finger at the defendants. "The next time I hear of any tampering with witnesses I shall not stop to investigate but will place the entire twenty-eight in jail."

NEW SCHOOL HOUSE WILL BE ONE STORY

Building in Washington Township Will Cost About $25,000.

According to the plans drawn by Architect Mahurin and Mahurin and accepted by Trustee Leonard Stolte and members of his advisory board, the new school building to be erected in Washington township to take the place of the old Scarlett building recently destroyed by fire, will be one story in height and six rooms, with basement. The architects estimate that the structure will not cost in excess of $25,000.

One story school buildings seem to be the rage throughout the entire country at the present time and more of them are being built than in a great many years. The new building will be of brick and modern in every respect. Work on the same will begin as soon as the weather will permit.

In selecting an architect the trustee and the advisory board were divided. Plans were presented by every architect in the city. Half of the board agreed on one architect and the other half on another. Mahurin and Mahurin were selected as a compromise, inasmuch as their plans met with the approval of the board and were as satisfactory as those submitted by the other two architects.

ALWAYS ACCEPTABLE.

"Probably you won't believe it, but the Posterday Evening Sat. has accepted the latest thing I sent them."

"What was it, a story?"

"No; a subscription."

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol, and has been termed the greatest of flesh builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy and other leading druggists of Fort Wayne and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken by those who do not wish to gain ten pounds or more.

FINDS LARGE WIVES ARE SELDOM DESERTED.

Chicago, March 24.—Wives who are physically large and who are willing workers seldom are deserted, according to a report on the causes of desertion in Chicago, made by investigators for the bureau of public welfare. The percentage of desertion was shown to be the lowest among Italians and the highest among the American born. Unemployment was shown to be responsible for more than seventy per cent of all desertions.

"Next to steady employment, plenty of children seems undoubtedly to be the best possible guarantee of marital permanence," said Mrs. Leonora Z. Meder, commissioner of the welfare bureau today.

BILLY SUNDAY TELLS CHICAGO WHAT'S WHAT

Demands United Support if He Holds Revival in Windy City.

Winona Lake, Ind., March 24.—"You may tell them up there that I'll probably be in Chicago to talk over matters some time between now and the time I go back east, which is just after the first of April. Chicago is very dear to me."

This is the message of Evangelist Billy Sunday to those Chicago folk who are asking him to fight the devil in the "dry" campaign in Chicago in 1916.

"I don't think there is a city on earth, no matter how big, that won't move for Christ, if the forces for good will get behind and shove," continued the speaker.

"I don't believe that Chicago has had a real revival meeting since Moody's day.

"I'm speaking only from information, but that information is that there is a distressing lack of unity and get-togetherness among the Chicago churches.

Can Stand No Rear Attack.

"They won't submit to leadership, but persist in sitting in judgment on a man's methods—that is, some of them do. No matter how well trained and loyal an army of 100,000 may be, a single company in the same uniform shooting into it from the rear is bound to spread consternation and nullify its effectiveness to a tremendous extent.

"I don't mean that every single church has got to get back of me and push and enthuse over my methods, but I do feel that if I go there, those who don't like my methods should refrain from criticizing them to the detriment of the big job of spreading Christianity and right living.

"Where I go my methods and my personality go with me, and I want to know that those who ask for my leadership in a campaign will submit to that leadership while I am leading, regardless of whether their methods agree with mine or not.

Support Failed Before.

"Chicago didn't support Torrey when he was there. Chicago didn't support Chapman. I don't want to go there and get the same kind of treatment. The reason that I am questioning the advisability of entering into a campaign in Chicago is on account of this record. I must draw the people from all quarters of the city.

"My success in Philadelphia and in Pittsburg was due to the wonderful unity of support that I received while I was there. Protestants and Catholics alike helped, and helped generously. The largest single contribution that was given me was given by a Catholic, Mr. Callery, president of the street car company. The Catholic priests urged their own people to go and hear me, telling them that what I said was merely what the church had been trying to pound into them in a different way, and that hearing me would make them better church members. Some of the very best boosters in the campaign were Catholics.

Out to Change No Creeds.

"I tell everybody that I never try to make a bum Protestant out of a good Catholic nor vice versa. I want to make Catholics better Catholics and Protestants better Protestants, and those who belong to no church but whom I convert, to join whatever church most appeals to them. But I want them all practicing Christians."

PHONE VOTES BOND ISSUE.

Home, at South Bend, May Take Over Business of Central Union.

South Bend, Ind., March 24.—Action that is understood to mean the practical consolidation of the business of the local branch of the Central Union Telephone company and the Home Telephone company and the abandoning of a local service by the former, was taken at a meeting of directors of the Home company last night.

Stockholders voted a bond issue of $1,500,000 in accordance with a permit issued by the public utilities commission. It is announced today that $300,000 of this amount is to be used for the acquiring of other telephone property. It is reported on good authority that the Home company will take over the local business of the Bell companies and the Bell will take all the long distance business in and out of the city.

WIDOW OF STONEWALL JACKSON IS NO MORE

Gifted Woman Wrote Memoirs of Noted Husband's Career.

Charlotte, N. C., March 24.—Mrs. Mary Jackson, widow of "Stonewall" Jackson, died at her home here this morning.

Mrs. Jackson was born near this city July 21, 1831, the daughter of Rev. Robert Hill Morrison, a Presbyterian minister and founder of Davidson college. She attended Salem, N. C., academy and college, finishing in 1849. Her marriage took place in July, 1857. Jackson was then a major, serving as instructor in Virginia Military institute at Lexington. She became a close student of military tactics and always took aggressive interest in the fortunes of the confederate armies. After her husband died of wounds in 1863 she wrote a volume of memoirs of his career.

General and Mrs. Jackson had two children, both daughters. One died in infancy and the other married William E. Christian. At her death in 1889 she left a daughter, who became the wife of E. R. Preston, a Charlotte attorney, and a son, Thomas Jackson Christian, now a lieutenant in the United States cavalry, stationed in the Philippines. Mrs. Jackson's last days were spent at the old Jackson homestead in this city. She had been ill for many months, and suffered a relapse yesterday.

Austria is Preparing for Clash With Italy

Geneva, March 24.—The Austrian government now considers war with Italy more than probable, according to dispatches received here from Vienna. A large number of troops have arrived in the Tyrol and Triest, where defensive works are being constructed.

The Geneva Tribune professes to have received advices from Austria to the effect that the dual monarchy might consider the signing of a separate peace with Russia without consulting Germany, offering as a concession to cede to Russia large portions of Galicia.

The Italian government ordered the seizure yesterday at Luino, near the Swiss frontier, of twenty-nine freight cars containing graphite, sulphur and other supplies said to have been destined for the Krupp gun works at Essen, Germany. The Tribune reports that an Italian at Luino was arrested on the charge of purchasing the materials.

The Italian government is said to have refused a request made by Germany that a mission sent to Erthrea be permitted to continue its journey through that district into Abyssinia. Italy's refusal is reported to have been based upon the belief that the object of the mission was to incite an attack by Abyssinia upon British forces in the Sudan.

Erthrea is an Italian protectorate in East Africa bordering on the Red sea opposite Turkish territory in Asia.

PIUTE INDIAN CHIEF WHOM GENERAL HUGH L. SCOTT BRINGS IN EASILY WHEN POSSE FAILS TO CAPTURE HIM.

Tse-ne-gat, son of Chief Old Polk, Piute Indian who refused to surrender to sheriff after killing a Mexican, and who led an uprising in Montana. At the right are shown horsemen who rode 200 miles to get into the Piute war zone.

SCOTT IS GOOD WHITE FATHER

Unruly Piute Indians Now Steadfast Friends of the General.

NOT PRISONERS— JUST "HIS BOYS"

Army Officer Tells How He Did What Posse Was Unable to Do.

Thompsons, Utah, March 24.—Seated at the head of the table Brig.-Gen. Hugh L. Scott, chief of staff of the United States army, at the little hotel at Thompsons, served four docile and apparently happy Indians at dinner last night. The Indians, who had been pursued by a posse headed by United States Marshal Nebeker for two weeks, surrendered to Gen. Scott near Bluff last week. The Indians were Old Polk, chief of one of the divisions of the renegade Piutes; Tse-Ne-Gat, son of Old Polk, who is charged with murder; Old Posey, chief of the other division of the renegades. All of the Indians referred to Gen. Scott in their Piute tongue as their good white father. The general insisted that the Indians were not prisoners, but "just his boys."

Show Keen Delight.

The Indians showed keen delight when the general insisted that he and the Indians be given a separate table away from the "white folks." Not a handcuff, nor shackle, binds these Indians, but the tie of genuine regard for Gen. Scott is such that it would probably take a posse larger than that which United States Marshal Nebeker brought to Bluff to drive them from him.

After they had eaten, the Indians were supplied with cigarettes by Gen. Scott and then permitted to wander about. The general's only concern was that the Indians might be run over by a train. They had never seen a railway train before and can hardly resist the temptation to get close to the cars. The Indians had their first automobile ride coming from Moab yesterday and they looked forward with eagerness to their first train ride, which began when they started for Salt Lake City today.

How He Did It.

Gen. Scott's story of the pacification of the Indians told last night follows:

"We left Washington to come over here to attempt to settle this little misunderstanding on March 3. With me were Lieut.-Col. Robert E. L. Michie, my aide-de-camp, and Trooper P. R. Randolph, of the Fifth cavalry, my orderly. We reached Thompsons on March 8 and went to Bluff, going by automobile, wagon, sleigh, horseback and on foot. At Bluff we learned that Polk and Posey and their Indians had gone to the Najoe mountains, some 125 miles west of Bluff. We stayed a day and then went to Mexican Hat, twenty-eight miles west of Bluff.

"We sent a friendly Piute, called Jim's Boy, out to tell the Piutes that I wanted to see them. Some of them came in near where we were camped, but it was not until the third day that any dared to come to the camp.

"Posey and four other Indians then came into camp. We talked a little through a Navajoe interpreter. It was in the evening and I just asked them how they were. I told them I did not feel very well and did not want to talk to them until the next day. They helped us kill a beef and we gave them a good meal, the first they had had for weeks. They were poorly clad and we gave them some blankets. Posey and his men did not have any weapons and I have reason to suspect that they had hidden them in the rocks near by.

Exchanged Stories of Troubles.

"The next day Polk and Hatch and about twenty-five others came in to see me. I asked them to tell me their troubles. They said the cowboys had come in the daylight on horseback and surrounded them, shot their children and wounded a squaw. They said they didn't like the cowboys. It seemed they had previously had trouble with the cowboys.

"Then I told them some of my troubles. I told them I did not think they would like to have their children chased by soldiers and cowboys all over the mountains and killed. I told them that I wouldn't like to have my children treated that way and that I would be glad to do anything I could do to stop it. I didn't try to push matters with them. I told the agents to see that they had provisions and blankets for their people. I told them that after they had thought matters over I wanted them to tell me what they wanted to do about it. They talked together and then said they wanted to do just what I wanted them to do.

"Then we sat down in a circle and I said: 'The marshal wants you, and you and you,' indicating Posey, Polk, Hatch and Posey's boy, to go with him to Salt Lake. The rest of you can go back to your people and go to the reservation with the agents. Is that all right?' They said it was and further they said if I said so they would come to Salt Lake.

No Guards Over Them.

"Then we broke camp and all rode ponies back into Bluff. We rode ahead and let the Indians follow us. They have never been ironed or shackled, never even led to believe they are prisoners. They never tried to get away. Why I don't believe we could get rid of them if we tried. At night they have slept together and nobody has stood guard over them. They are perfectly harmless now. All the Indians are satisfied. The whites are over their scare and there will be no more trouble from this band of Indians. These Indians are just children, easy to alarm and some days hard to appease. They had worked themselves up to a pitch where they were getting very dangerous. They were attempting to get a large band of Navajos to join them in the outbreak. Where they were camped, in the wild, broke country near the Grand Canyon, they would have been mighty hard to dislodge. It would have taken a large force of cavalry, two regiments probably, to subdue them and it would have cost the government $25,000 just to get the soldiers in here."

"None of the four Indians talks English. Through an interpreter, Tse-Ne-Gat or Hatch, said he was not guilty of any crime. When asked about the Mexican he is accused of killing, he said: 'The Mexican was my friend. We camped together. I did not kill him. Why should I kill my friend?'"

FIRE DESTROYS FACTORY.

Has Been Burned Down Three Times in Six Years.

Vincennes, Ind., March 24.—Fire of an unknown origin destroyed the Indiana Handle factory. The loss will exceed $6,000. Only 2,000 worth of insurance was carried. This is the third time this factory has been destroyed in the last six years. J. R. Welch, treasurer and general manager, suffered the loss of his barn by fire twice and a large boat belonging to him also was destroyed in that time.

The factory was on the banks of the Wabash. It will not be rebuilt. This is the largest fire in Vincennes in eight years.

GAINS WORLD FAME AS PHOTOGRAPHER

Sudden Prominence Attained by Edward H. Weston, of California.

Los Angeles, March 22.—In the little city of Tropico, adjacent to Los Angeles, is the portrait studio of Edward Henry Weston, whose sudden rise to prominence in the world of artistic photography has attracted much attention among those who follow such work closely.

From comparative obscurity, Mr. Weston has, in the course of a year or a little more, reached a point where he may be considered one of the leading pictorialists in his line in America, and his work across the ocean, at the London salon, has been especially noticed.

The London Salon of Photography, held in the galleries of the Royal Society of Painters in Water Colors, is the leading yearly exhibit of pictorial photography. No awards are given, it being considered sufficient honor to have a picture hung. The honorary secretary of the salon, Bertram Park, artist photographer, when asked by a London magazine his opinion as to which was the best work in the entire exhibition of pictures, by 150 photographers, most of them noted artists, answered as follows:

"Which is the best picture in the salon? That is a truly difficult question to answer, but I can tell you which I think is the best group of pictures by the same artist. They are Nos. 98, 107, 153, 169 and 172 by Edward H. Weston, of Tropico, Cal."

KITTINGER GETS $907.50.

Anderson Lawyer Sued Client for Services in Breedlove Case.

Noblesville, Ind., March 24.—The case of W. A. Kittinger, of Anderson, against Jay Voss, of Indianapolis, in which the plaintiff asks judgment for $500 for defending Voss in the breach of promise litigation brought against him, two years ago, by Miss Leafy Breedlove, of Indianapolis, was compromised in court and dismissed. Voss gave Kittinger a check for $907.50. Each side paid its own witnesses.

The trial began yesterday. The plaintiff introduced the testimony of several attorneys, who said his services in the trial were worth from $2,000 to $2,500. When court opened today a compromise was suggested and the case was eventually settled.

The jury found for Voss in the breach of promise case. Miss Breedlove sued him for $50,000.

TO PROUD TO BEG, STARVE TO DEATH

Neighbors Find Too Late Couple Did Not Have Enough to Eat.

Passaic, N. J., March 15.—When friends of Mr. and Mrs. Steven Farley, who had not seen them for several days, and who found the house apparently locked and deserted when they called, became uneasy, Frank McGuire, owner of the house, suggested to Policeman Vanderhoven that he investigate. He knew that Farley, a mechanic, had been out of work for some months, but did not suspect that all might not be well with his friend, for Farley had never complained and Mrs. Farley had always seemed cheerful when Mr. McGuire saw her.

With Vanderhoven, Mr. McGuire broke into the house. There was no one in the front rooms, but they heard some one in a bedroom breathing heavily and they stepped eagerly toward the room, thinking to surprise Farley asleep. They found him, not asleep, but in coma. In his arms was clasped the body of his wife.

A doctor later said Mrs. Farley had been dead for several days and that she had starved to death. There was not a bit of food in the house. The Farleys, too proud to beg or to acknowledge their predicament to their friends, had eaten the last of their food and then had lain down together to die.

Farley was taken in an ambulance to St. Mary's hospital. He was semi-conscious as the automobile rushed along, but as it drew up before the hospital he died.

SIXTEEN CITIES REPRESENTED.

Lot 63, east front, Forest Park boulevard; the most beautiful high-class residence street in Fort Wayne. When we show strangers the beauties of our city we never fail to drive them through Forest Park boulevard. Lot 63 is the third lot north of Lakeside park. It is above all possible floods. It is out of the smoke district. The improvements on this boulevard have cost $50,000, and they are all paid for. Many magnificent homes have already been erected upon it, and a number more are to go up this year. This lot is 81 by 300 feet, being equal to four ordinary city lots 40 by 150 feet. Terms to suit. This lot will double in value within a very few years. Phone 235.

DAVID N. FOSTER.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 21:1-13.

1 And he looked up, and saw the rich men casting their gifts into the treasury.

2 And he saw also a certain poor widow casting in thither two mites.

3 And he said, Of a truth I say unto you, that this poor widow hath cast in more than they all:

4 For all these have of their abundance cast in unto the offerings of God: but she of her penury hath cast in all the living that she had.

5 And as some spake of the temple, how it was adorned with goodly stones and gifts, he said,

6 As for these things which ye behold, the days will come, in the which there shall not be left one stone upon another, that shall not be thrown down.

7 And they asked him, saying, Master, but when shall these things be? and what sign will there be when these things shall come to pass

8 And he said, Take heed that ye be not deceived: for many shall come in my name, saying, I am Christ; and the time draweth near: go ye not therefore after them.

9 But when ye shall hear of wars and commotions, be not terrified: for these things must first come to pass; but the end is not by and by.

10 Then said he unto them, Nation shall rise against nation, and kingdom against kingdom.

11 And great earthquakes shall be in divers places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven.

12 But before all these, they shall lay their hands on you, and persecute you, delivering you up to the synagogues, and into prisons, being brought before kings and rulers for my name's sake.

13 And it shall turn to you for a testimony.

The Anti-Smoke Ordinance.

After prolonged consideration, in the course of which those who cared to present their views on the subject were given a hearing before the committee, the Fort Wayne city council has enacted an ordinance designed to curb the smoke nuisance in this city. That there will be complaint that it is too drastic because it fails to allow any sort of leeway may be fully expected, but City Attorney Colerick was undoubtedly correct in advising the council that any time limit allowing the issuance of dense black smoke a given number of minutes each hour would render the ordinance worse than useless because it would make it practically unenforceable.

Fort Wayne has been wrestling with this problem more or less seriously for the past two or three years. It would be unfair to the owners of the larger buildings and the management of manufacturing institutions to say that they opposed attempts at regulation, but many of them not only warmly supported it, but have already taken the initiative in equipping their plants with smoke-consuming devices and giving expert instruction to firemen that is going to count vitally in securing good results. A technical committee headed by Olaf N. Guldlin and embracing within its membership some of the most skilled engineers in the city attached to the large industries went deeply into the subject and gave to the city the result of its study and its recommendations for correcting the evil. That service was an invaluable one. Throughout there has been a most commendable desire on the part of the big institutions to aid in bringing about a reformation.

It would be unreasonable to expect the new ordinance to entirely remove the smoke nuisance, but it should result in marked improvement. One cannot work miracles by the mere enactment of laws. There will doubtless still be occasional offenders, but we believe there will be a sincere attempt to conform to the new requirements in good faith. If any considerable percentage of the unhealthful, unsightly, unnecessary and loss-producing smoke in Fort Wayne can be eliminated, the crusade will have been worth while. Here's where we start to make Fort Wayne another spotless town.

Young Mr. Ryan, the New York stock broker, now admits that he made a mistake in refusing to answer questions propounded by the senate committee which was investigating the ship bill lobby, and is anxious to make reparation by supplying prompt and clear-cut repliesto such queries as may be propounded to him. The character of his answers, also, make it apparent that there was never any real occasion for his refusal to answer in the first place. Mr. Ryan apparently kicked up a deal of fuss about nothing.

Judge Anderson, of the federal court, has just ordered three of the Terre Haute election conspiracy defendants into the custody of the United States marshal for alleged attempts to tamper with government witnesses in their cases. After all, the real shock to that Terre Haute crowd is perhaps not so much their arrest as the discovery that they are finding themselves in a situation in which they are not running things themselves.

At least one local manufacturing concern has adopted a rule to paste a "made in Fort Wayne" label on every shipment of its goods that leaves the factory, with the patriotic purpose of further advertising Fort Wayne. It is a fashion that The Sentinel trusts will be promptly adopted by all other local manufacturing concerns as a means of boosting the city of which we are all so justifiably proud.

The Delaware county infirmary near Muncie, which burned Tuesday at a cost of several human lives in addition to some $75,000, was, we are now informed, regarded as a fire-trap. What happened is precisely what usually happens in the case of "fire traps." Likewise, we hear a good deal more regarding the character of the building after the calamity has occurred than before it.

WHEN FOOD PRICES DROP.

(Grand Rapids Press.)

In the pull and haul between producer and consumer the producer has had all the best of it since August. Short harvests abroad conspired with the unusual demands of war to lift prices on staples and with a few notable exceptions perishable foodstuffs rose in sympathy.

The rise in perishables was due solely to cold storage. Foresighted operators filled cold storages in anticipation of unusual demands and this hoarding tended to hold up prices which otherwise would have fallen as a result of the unusual yield of all products during last summer.

Now, if reports are correct, the limit of storage has been reached. The warehouses are full to bursting. Lack of shipping facilities keeps on this side cargoes of supplies purchased by the warring nations and sadly wanted abroad. The result is that whatever goods are now brought to market over and above domestic demands will tend to beat down the price level. The stage is set for a bear raid on practically all foodstuffs except wheat, which is put in a good position to stand the strain by the apparent failure of the allies' first attempt to force the Dardanelles. But if the bear raid materializes in other lines the sympathetic effect of falling prices on other food products should operate to keep May wheat from further advances. Meantime another growing season impends and each day finds the hungry world nearer another harvest.

The faithful hen is the first ally of man to hear the call of spring. Those who like eggs when they are fresh will rejoice that an early spring and full storage plants combine to furnish a prospect of fifteen-cent eggs. Butter, also, according to the experts, is scheduled for a drop. Meat supplies are said to be large, but, in view of the fact that the supply of meat animals in the country has been diminishing of late years, it is idle to look for cheap meat through any long continued period. Meat may drop slightly, or even sharply for a brief period, but storage upon the hoof will soon counteract the glut in the cold rooms. However, milk has not risen and with plenty of milk, eggs, butter, potatoes and corn bread Americans will survive in health and comfort.

In this impending decline of foodstuffs may be seen the workings of man's constant companion, supply and demand. Sometimes that law behaves as a friend, sometimes as an enemy, depending on what you have to buy or sell; but never by any chance can it be dodged for long at a time. It works while you sleep and also while you eat.

ELECTRIC TRAINS.

(Indiana Daily Times.)

On the newly electrified portion of the Pennsylvania main line out of Philadelphia the first electric train has just made its successful first trip. At a cost of $3,500,000 the Pennsylvania has equipped a strip of its tracks with electricity and from Broad street station to Paoli smokeless traffic is to be the rule in a short time. The trains are to be run by a tremendous current of 44,000 volts, fed to the wires through three substations. It is understood the electric trains are much easier to handle than the old-style trains drawn by steam, and that greater speed is possible by electricity on this account. It is given out the Pennsylvania will go forward and equip still other suburban lines out of Philadelphia for electric train service. Does this indicate that eventually the electric train is to displace the old-time locomotive system? On the one point of smoke abolition the public no doubt will welcome the spread of the electric idea.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Born, to Mr. and Mrs. M. S. Mahurin—a daughter.

Frank Falker left for Chicago, last evening, and will probably go from there to Montana to locate.

Charles Geiger has accepted a position in the office of the Berghoff Brewing company.

The installation of the new pipe organ in the Hebrew synagogue has been completed.

C. W. Edgerton has his "Little Giant" safety bicycle on exhibition in the window of the Martin Detzer drug store on Calhoun street.

It is now stated that a call will doubtless be extended by the Plymouth Congregational church to Rev. C. W. Carroll, of Steubenville, Ohio, to take the pastorate of that church.

Dr. Charles R. Dryer, who has been teacher of science in the Fort Wayne high school for the past thirteen years, has resigned to take a position as chemist with the Jenney Electric Light works.

Judge Edward O'Rourke, of the circuit court, has appointed George Fox, Jefferson Dickerson, A. F. Glutting, P. H. Kane and Peter Certia city commissioners, on the recommendation of the city council, to pass upon street and alley openings and assess benefits and damages.

St. John's branch, No. 566, Catholic Knights of America, was organized yesterday with fifty members and the following officers: Captain, John Hauser; first lieutenant, John Scheffer; second lieutenant, John Suelzer; senior warden, Herman Hohnholz; junior warden, George Alter; color bearer, Joseph Fricke; sword bearers, Albert Gessler, Henry Allgeier.

The inaugural sale of lots in the Land and Improvement company's Lakeside Park addition was held today at the offices of the company in the Pixley-Long block. At the time this paper went to press eighty-four lots had been sold for a total of $58,800. Sales were made exclusively through real estate agencies. The first lot was purchased by Mason Long. The company had a large force of men at work today planting posts to designate the streets and avenues.

Chamberlain's Cough Remedy.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tough mucous and aids nature in restoring the system to a healthy condition. It is pleasant to take and harmless as it contains no narcotic. Obtainable everywhere.—Adv.

WIRES OF BROTHERS' DEATH.

George Masbaum, of this city, who was called to North Crandon, Wis., several days ago, wired Fort Wayne friends Tuesday evening that his brother, John Masbaum, to whose bedside he was called, had passed away before he reached North Crandon. The deceased was seventy-four years old and is survived by his wife and four children.

Francis H. Bulot, engineer for The Wildwood Builders' company, returned Monday from Chicago, where he has been visiting nurseries and selecting shrubbery for the Lafayette Place subdivision.

worth $20.00, $22.50, $25.00, $29.75, $35.00

What is perhaps the most extraordinary purchase of suits, at this season of the year ever consummated by a Fort Wayne store. And was all brought about in this way: A leading New York manufacturer, retiring from business, offered to make up his entire stock of fabrics in the styles we desired—and at a remarkable discount.

We took advantage of the offer, had the cloths made up in eighteen of the latest styles and they are placed on sale today

A sale that is remarkable because of the unusual suit season, making suits very hard to secure; but doubly remarkable because of the smartness of styles and quality of workmanship.

You will find in this collection all fabrics, Gaberdines, Poplins, Serges and Checks; Colors---Sand, Putty, Belgian Blue, Navy, Battleship Grey, Black, Light Grey and Black.

NEW DIRECTORY WILL HAVE 80,000 NAMES

There will be more than 80,000 names in the new directory now being compiled in Fort Wayne by R. L. Polk & Co. Fort Wayne has more than held its own according to those compiling the new directory and will show a substantial gain over last year, though, perhaps not so large as the gain during the previous twelve months.

The directory will be the forty-second volume issued in this city and will probably be ready for distribution about the first of July. Work began on it Jan. 4. Thousands of people change their residence, occupation or business location or firm name while the canvass is being made and this ceaseless movement makes the compiling of the directory most difficult.

The Ladies' auxiliary order of the Turners will give a pedro party Friday afternoon in Turner hall.

THESE EYES SEE BACKWARDS—THEY ARE "MIRROR EYES," AND A LITTLE BOY OWNS THEM.

THE EYES THAT SEE AS A LOOKING GLASS.

Atlanta, Ga., March 24.—The eyes of seven-year-old Harold Lutzk see the world as you and I would view it in a looking glass.

He has "mirror eyes," one of the rarest of phenomena known to science. Hold up your right hand and Harold will tell you it's your left. He sees it that way. Stand before a mirror and you will see yourself exactly as Harold would see you.

Although Harold has been seeing things backward all his life nobody knew it until the other day when he started to school. His teacher was amazed to see him writing from right to left with his left hand.

"I can't read," said Harold, "because the letters run the wrong way."

The teacher had an inspiration. She held a book before a mirror and the young pupil read glibly.

Doctors pronounced Harold's case one of the most remarkable known to medicine. They found his eyes were not diseased. He sees as plainly as anybody, but all objects are reflected on his brain just as you would see them on a photograph negative.

While the doctors are studying him, Harold is learning to see things right. He can read—

"Little Boy Blue Come Blow Your Horn," but he can read it much faster if written emoC culB yoB clttiL"

".nroH ruoY wolB"

Doctors say that it is hardly probable that science can set Harold right. He must learn just as anyone else would have to learn to see things the wrong way.

Harold Lutzk

This is the boy who owns the "Mirror Eyes."

There is little doubt that Harold's "mirror eye" is hereditary. His mother says that she has a brother living in South Carolina, well versed in Hebrew, who writes all his Hebrew characters backwards. She says there was a similar case in her family several years ago.

ROBINSON ENDS LONG FAST.

Warsaw Man Drinks Glass of Buttermilk After Fifty-Seven Days.

Warsaw, Ind., March 24.—By drinking a glass of buttermilk, James Robinson, an inmate of the county infirmary, has ended a fast that is said to stand as a world's record. The buttermilk was the first nourishment taken by Robinson in fifty-seven days. During his eight weeks of total abstinence, Robinson, who had weighed 230 pounds, lost about 100 pounds. Although weak, his physical condition is good. His fast was due to lack of appetite and the fact that the taste and smell of food made him ill. Physicians had been puzzled by his case.

RESPITE WANTED.

In a Scottish college it was the custom for each student in turn to say the grace after meals, and one day a youth took advantage of the opportunity to convey a complaint no one had had the courage to make. He rose and said:

"For rabbits young and for rabbits old,
For rabbits hot and for rabbits cold,
For rabbits tender and for rabbits tough,
Our thanks we render, for we've had enough."

Hulse—Harding.

Simplicity and beauty were characteristic of the wedding of Miss Edith Dorothea Harding, daughter of Mrs. Daniel L. Harding, and Mr. Halsey Budd Hulse, son of Mr. and Mrs. John Hulse, of Stanhope, N. J., which took place at 1 o'clock today at the home of the bride's sister and brother, Mr. and Mrs. Elwin Hulse, 2929 Fairfield avenue. There were no attendants and only relatives in the wedding party, including a brother of the groom, Mr. Frank Hulse, of Stanhope, N. J. Rev. C. Claud Travis, of the Wayne Street M. E. church, was the officiating minister. The bride assisted in receiving the guests as they arrived and there was no music preceding the ceremony as it was the bride's wish to have everything as simple as possible. The bride wore a plain though elegant gown of white French voile with trimmings of flat Venise lace and a sash of soft satin that girdled the waist and fell in loops and ends in the back. The bride's flowers were a beautiful corsage of sunburst roses and pale lavender orchids with yellow throats that matched the tint of the roses. The bride and groom stood in front of the fireplace in the artistic livingroom during the marriage service. The decorations were in keeping, consisting of a few palms placed on standards, long baskets of ferns and a brown basket filled with yellow and reddish purple snapdragon and another small basket of jonquils. In the diningroom where a luncheon was served at half-past 1 o'clock the bridal table was laid in cluny lace and the flowers in bisque vases carried out the plan of the decorator, Miss Flick, in pastel shades of spring blossoms. No two bouquets were alike and purple and white lilacs, pink roses, narcissus, jonquils, sweetpeas and snapdragon were the principal flowers used. The smaller luncheon tables each had a white vase filled with flowers. The bride's cake was a marvel in the culinary art and was made by family friends. The names of the bride and groom, the date, the residence were all "written" in the frosting and so artistically combined with lovers' knots and hearts that it brought forth many admiring remarks. Later in the day the bride and groom left the city for a few days but have deferred their wedding trip proper until during the summer season when Mr. Hulse takes his vacation. At that time they will go east. The bride travels in a tailored Belgian blue gabardine suit with blouse of sand color crepe de chine that has a touch of blue about the neck to match the suit and a hat of yellow Milan braid with a few flowers and wheat to also correspond with the suit. After the first of May Mr. and Mrs. Hulse will be housekeeping in an apartment at 815 West Creighton avenue. Mr. Hulse has been located in Fort Wayne about three years and is esteemed very highly. He travels for the Mayflower Mills company. The bride comes from a very well known family of the city and has always been much admired for the many beautiful graces of her character and her personal charm.

Miss Margaret Hawkins is to give a theater party at the New Palace on Saturday afternoon.

Mrs. Walter Cook, of Petoskey, Mich., is the guest for a few days of Mr. and Mrs. Henry Stahlhut, 433 East Leith street.

Mr. and Mrs. James Shields, of Rockhill street, have gone to New York city on a trip that will combine business and pleasure.

Mrs. Lillian Underhill, of Park avenue, went to Cincinnati today to visit her daughter, Miss Margaret Underhill, who is teaching in Milford, a suburb.

Hon. N. W. Gilbert and Mrs. Gilbert will sail from San Francisco, Cal., next Saturday for Manila, P. I. They have been in the states for a number of months.

Miss Irene Johnson, of 810 Lake avenue, pleasantly entertained the High school girls of the N. T. club yesterday after school hours. Miss Ruth Martin will be the next hostess.

Many Fort Wayne friends are interested in the announcement of the birth of a son to Mr. and Mrs. C. F. Griffin, of Toledo, Ohio. Mrs. Griffin was Miss Margaret Miller, of Bryan, Ohio, and had frequently visited in this city.

Mrs. D. L. Harding will make her home with her daughter, Mrs. G. B. M. Bower, now that her younger daughter, Edith, is married. Mrs. Harding and her younger daughter had been making their home in the Hoagland for some time.

The Laurel club will meet tomorrow afternoon with Mrs. J. H. Frame, 911 East Wayne street.

The College club is to have a social meeting and guest day affair called a Japanese tea at the Y. W. C. A. at 4 o'clock on Friday afternoon to which the public is invited. A silver offering will be taken to be donated to the extension department work of the Y. W. C. A. The College club members are making an effort to have this tea a success in both ways, socially and financially. While the offering is designated as a silver one, amounts in bills, checks or even gold coin will gladden the hearts of the "Y. W." workers who find a call for their extension department work they cannot carry on as necessities demand.

MISS MANNHEIMER IS GIFTED.

Last Entertainment of League Lectures Presents Dramatic Reader.

A large audience attended the readings given by Miss Mannheimer at Westminster church last evening under the auspices of the Woman's League. The entertainment closed the series of lectures for this season. Miss Mannheimer read both poetry and plays and delighted the audience with her fine art, which embraces a dignity of work and an interpretation of good literature besides the power of emotional expression. The latter quality was expected, but this gifted reader embraces a literary discernment and a method of relating a story that is as agreeable as her beautifully modulated voice and attractive presence. She possesses plenty of magnetism and her readings, whether expressive of a moral or merely diverting and amusing, were well received and were a pleasure.

"The Dansants" to Be Popular.

People of this city planning to visit the Panama-Pacific exposition are always interested in what is going on in the Indiana building, as well as in the success of its hostess, Mrs. A. E. Carroll. The following item appeared in the San Francisco Call and Post: "The first of a series of tea dances at the Indiana pavilion at the exposition will be given Saturday. Mrs. A. E. Carroll, of Fort Wayne, hostess of the Hoosier building, will be in charge. The large music room on the second floor will be utilized for the dansant, while the library adjoining, which also has a hardwood floor, is available for the overflow. Social activities will be one of the leading features of the Indiana pavilion during the exposition year, the 'music afternoons' already having gained much popularity with visiting Indianans and other guests."

LITTLE MISS CHINA WANTS TO BE BEAUTIFUL JUST LIKE MISS AMERICA.

Typical Chinese beauty and belle who hopes some day to be as beautiful as Irene Estelle Hough, the typical American beauty.

China has had another awakening. The women of China have taken up arms against ugliness and they want the women of America to be their allies in the fight for beauty.

The American woman is the Chinese woman's ideal of beauty. And little Miss China has started out in a very business-like way to achieve her ideal. She has instructed the merchants of Singapore and Shanghai to buy "American beauty things"—face creams, perfumes, powder puffs and other enemies to ugliness, and she's going to be just as pretty—if she can—as her distant neighbor, Miss America.

The beauty shop follows the flag of civilization; American business agents in the far east say the beauty parlors are springing up like mushrooms in the large cities of the orient, and most of them are managed by Americans.

If Miss Irene Estelle Hough, the most beautiful telephone girl in America and a typical American beauty, is the type of beauty Miss China covets, her road to beauty will be long and wearisome.

AT THE NEW PALACE

KELLOGG'S LECTURE.

Nature Man Delivers Interesting Talk at New Palace.

Charles Kellogg, the nature man, yesterday afternoon delivered an interesting talk on the scientific principles imbodied in the marvelous act with which he is delighting unusual houses at the Keith New Palace. Mr. Kellogg's lecture was delivered before a stage full of doctors, physicists, musicians and others interested in the theories of sound and harmonies, and during the course of it he demonstrated some of the amazing experiments he does in his regular act, introducing "The Dancing Flame," which he causes to dance and finally extinguishes by the intensity of the sound vibrations possible with his bird voice. He sings the songs of birds, kindles a flame by rubbing sticks together and does it all with a massive stage setting built as a replica of a view of his great mountain ranch in the Sierras.

The bill this week is scoring a veritable triumph, with Nellie V. Nichols, the songstress comedienne, sharing the premier honors with Mr. Kellogg. Other big Kieth attractions are Jarrow, the matchless magician; Mang and Snyder, the two most perfect athletes that ever have been in Fort Wayne; John and Mae Burke in their drollity, "A Ragtime Soldier;" the Elsie Faye trio of singers and dancers; Jacobs' tiny canine comedians.

AT THE EMPRESS.

For the war in Europe the people of Fort Wayne should give thanks, as the closing of the theaters there has brought to this country stars that would have been gazed upon by none other than those who patronize the Paris theaters. Among these is little Ora Ental, the tiny, graceful, physically perfect dancer who is traveling with the Monte Carlo Girls, the current attraction at the Empress. In early childhood this nymph's health was anything but perfect. Friends advised the child's mother to give her exercises, and under careful training she soon became an expert swimmer, rower, golfer and hockey player. Now she is as near a perfect specimen of girlhood as there is, as her dancing will show. With no shoes on, this little dancer walks around on the tip of her toes, a feat that few dancers dare to attempt, and none but she accomplishes.

AT THE JEFFERSON.

DAINTY MARGUERITE CLARK.

Fascinating Little Screen Idol at Jefferson in "Gretna Green."

Marguerite Clark, who more quickly than any other stage star converted to the screen sprang into national fame as a distinguished film artiste, appears again at the Jefferson theater, this time creating the title role in a Famous Players' Film company adaptation of the noted stage success, "Gretna Green," which so vividly depicts the woes and delights of the belles and beaux of Old England during the rousing heroic times of good Charles III. Miss Clark portrays the role of Dolly Erskine, the pretty and mischievous heiress whose wiles have tantilized and maddened the men of Harrowgate.

In connection with Miss Clark's appearance the Jefferson will show the initial release of the new Fort Wayne Animated Weekly, a series of motion pictures filmed by the Henderson Film company, of this city. Pictures were taken of all local events of interest within the last three weeks.

AT THE COLONIAL

THRILLING WAR PICTURES.

Colonial Has Remarkable Feature in Hearst-Selig Motion Pictures of War.

What is without doubt the most authentic and thrilling motion picture ever taken of the present European war will be on display at the Colonial theater today. These remarkably graphic scenes were taken by the camera men of the Selig Motion Picture corporation, in conjunction with the Hearst Newspaper syndicate, and they depict with a kind of terrible fidelity the misery, the woe, the pit of suffering into which all Europe has been cast.

Six reels are necessary to tell the wonderfully interesting story of this—the world's greatest war, and they are six reels replete with the most gripping intense kind of action.

LIMEWATER'S USES.

There are innumerable uses for limewater, and so no home should ever be without it. It is used to keep milk vessels wholesome, to make the milk digestible, to soften water, sweeten drains, etc. By beating limewater well into olive or linseed oil there results one of the best known remedies for burns and scalds. To make lime water, put a lump of quicklime as big as the two fists into a clean earthen pitcher, pouring over enough fresh drinking water to cover it six inches deep. Stir well with a wooden spoon, let stand half a day, and then pour off the clear liquid without disturbing the lime at the bottom of the pitcher. Strain through doubled cheesecloth and then keep in small bottles tightly corked. When using, always pour off a little from the fresh bottle or one that has been opened. Thus one gets rid of the crust that forms.

An interesting meeting of the Mathematics club is planned for Friday evening at which time Prof. Ward will give a short talk, Dorothy Knight some geometrical proofs and Gladys Eikenberry a recitation.

Sh-h! Is It Petticoat Swish We're Hearing?

SEE WHO'S WITH US—LITTLE MISS PETTICOAT, ALL FLUFFS AND RUFFLES.

Little Miss Petticoat, as frilly and fluffy as ever she was in the days of leg-o-mutton sleeves and wide skirts, has regained her lost place in good society. The swish of lace and silk will be heard again in fashion land, for the new spring gowns are made to be worn with petticoats.

It's at least half a dozen years since the petticoatless tube skirt became the fashion, but the return of the 1830 gown means the return of the petticoat, no flimsy little underskirt either, but a petticoat of goodly width, fluffed and ruffled enough to suit the most sentimental of women.

Peek-a-Boo Bonnet Has Plenty of Peek

Peek-a-boo! We can see right through the newest of the spring bonnets. The "illusion hat" they call it, perhaps it's because there is nothing illusive about it, but what does a milliner care for a name?

The "illusion hat" is a simple affair, its "ingredients" being two yards of black tulle and ten inches of millinery wire.

A Spring Love Song

O come my love, the jitney
Waits; the nickel's in
My purse. My sparker snaps at all
the
Fates, for better or
For worse. Let's jit in joy while life
Is June; five coppers pay
The bill. So come and jitney 'neath
The moon, along the low grade
Hill. While all the world is smooth
As glass, while all our tires are
Spry, there's bliss in every quart
Of gas; let's hit life on
The high. So come and be my jitney
Queen; a nick is all my
Hoard. Who cares for grief or
Gasoline? Come mount
My trusty Ford.

HOAGLAND NEWS

Hoagland, Ind., March 24.—Master Kenneth Tucker entertained more than thirty of his little friends at his home last Monday afternoon. The occasion of the party was Kenneth's tenth birthday anniversary. Though most of the guests were playmates of their little host, yet there was one guest, Mrs. Emma Small, who claimed the same birthday as Kenneth even if she was a few years older than he. After a very enjoyable two hours, refreshments were served and the guests departed.

The Epworth League of the M. E. church met Monday evening to elect officers for the ensuing year. The officers chosen were as follows: President, Nathan Gresley; secretary, Clarence Bogard; treasurer, E. E. Grimsley; first vice-president, Mrs. E. E. Grimsley; second vice-president, Mrs. Nathan Gresley; third vice-president, Miss Vivian Chapman; fourth vice-president, Paul Smitley; organist, Miss Esther Evans.

Miss Marie Ansch and Miss Lenora Schoppmann visited relatives in Fort Wayne over Sunday.

The Misses Martha Tucker and Thelma France and the Messrs. Clarence Bogard and Wayne Havice attended the Honeywell evangelistic meeting at Decatur last Sunday evening.

The entertainment given by the Loyal Workers' class of the Antioch Sunday school was well attended and enjoyed. After the program of Irish songs and dialogues celebrating St. Patrick's day, a lunch of ice cream, cake and coffee was served. The class is pleased to announce that the proceeds, after the expenses were paid, amounted to $21.

Mr. and Mrs. John Wade spent Sunday with Mr. and Mrs. R. E. Kaufman, of New Haven, and attended the Pitzer and Upson evangelistic meeting while there.

Dan Barkley, of Fort Wayne, was the guest of his mother, Mrs. Sarah Barkley, of this place, last Friday.

Mr. and Mrs. Mart Luttman spent Sunday in Fort Wayne, the guests of Mrs. Luttman's son, Darce Robinson.

Norman Palmer has gone to Michigan on business.

Mr. and Mrs. Ray Houser moved to Sturgis, Mich., last week. Mr. Houser has accepted a position as operator with the G. R. and I. railroad of that place.

Mrs. Ed Corville and daughter Ruth spent Sunday with friends in Decatur.

Mrs. Sarah Barkley is now convalescing after a serious illness.

Ralph Grotrian is sick wth lung fever.

A. C. Crawford is still considered seriously ill.

Rev. A. K. Munma attended the tabernacle meeting in Decatur Sunday evening.

Mr. and Mrs. Oscar Fry have moved into Mrs. Emily McIntosh's property on English street.

Marcus Buffenberger took a big load of people from this place to the tabernacle meeting at Decatur last Friday evening.

Mr. and Mrs. Curt Jamison entertained at supper last Wednesday evening Rev. A. K. Mumma and Mrs. Frank Hubler.

Duchess Converts Her Castle Into Hospital

Duchess of Devonshire

Many of the ancient castles that served as fortresses in England's earlier war are now used as hospitals for the victims of modern warfare. One of the historic castles owned by the duchess of Devonshire is now a war hospital.

The duchess, who is very wealthy, is giving both wealth and personal service to her country in an effort to lighten the horrors of war.

SCHOOL CENTER IS BENEFIT TO PEOPLE

Chicago Civic Expert Calls Them Modern Town Meeting.

Chicago, March 24.—That the New England town meeting is being re-established in the school center is the belief of Graham Taylor, president of the Chicago School of Civics and Philanthropy.

Mr. Taylor outlined the development of the town meeting in an address at the City club recently. He said the old world people originally coming to this country had brought with them the center church, the center town meeting and the center school. These were their native institutions and they naturally transplanted them to America.

The church no longer is a center of thought, he said, because of the diversity of religious views; the town meeting has been outgrown; the school alone remains as a common meeting place. This is the last place where all have equal rights, he declared, and around this survival of the people's common heritage a revival of democratic institutions is taking place.

For lack of a place for holding free discussions American communities are suffering from detachment, said the speaker. The detached man he called a menace to himself and to others. The present industrial system is uprooting men and sending out this detached man.

Seasonal occupations and casual jobs, he believed, are developing the detached woman, child and family. The immigrant family coming over without connections of any kind is almost sure to be disintegrated, he said, the children almost sure to drift away.

WOUNDS HEAL QUICKLY.

Paris, March 24.—What is described as the greatest surgical discovery since lister's anticeptic, is now at the service of the French wounded. It is an anti-toxin discovered by the well known bacteriologists, Professor La Chaincheand and Vallee, and it is likely to supplant other antiseptics in preventing infection of wounds. Antiseptics, though killing the disease, also weaken and benumb tissues, thus delaying cicatrization of the wound, whereas the new serum—called "polyvalent," because it is effective against all malignant germs—actually stimulates the tissue surrounding the wound and promotes rapid healing.

The discoverers, who are in charge of the Alfort National Veterinary school, have twenty-five horses under treatment from which to get 40,000 five-cubic-centimeter doses monthly. Extensive experiments show a decrease in pain and fever in a few hours after the injection, accompanied by a rapid cessation of inflammation and suppuration. Where the injection is made before the infection develops the wounds heal without complication. A writer in the Petit Journal declares: "It is incomparably the most precious discovery of curative surgery."

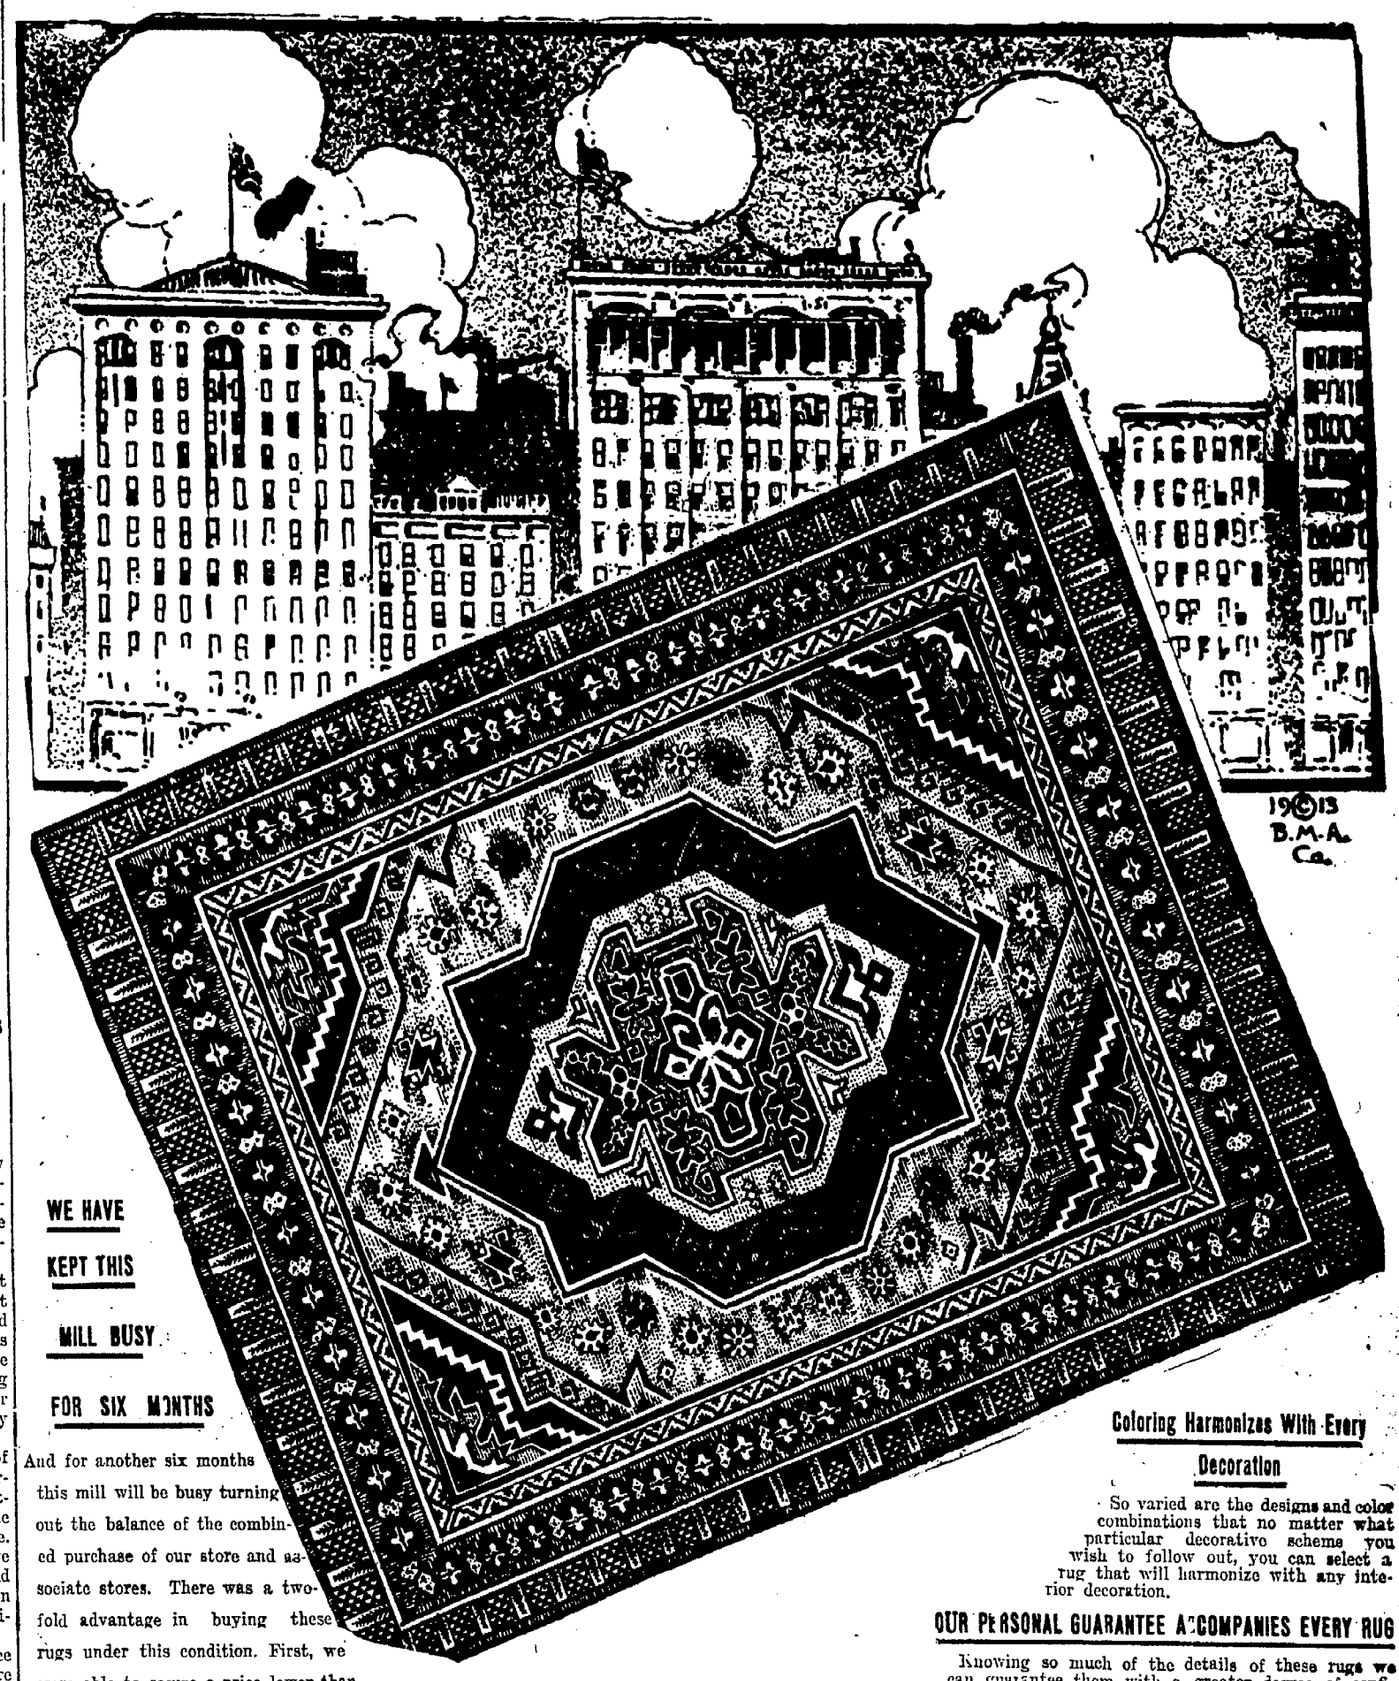
WEDS HER RESCUER.

Kolcen, Ind., March 24.—Miss Ann Haywood, daughter of Mr. and Mrs. Charles Haywood, of Mineral, and Hays H. Roach, of this place, were married at Bloomfield by the Rev. J. A. Spencer, after an engagement which had its inception in an accident in which the life of Miss Haywood was imperiled.

Miss Haywood, who was a school teacher, was compelled to cross a creek on her way to and from the school. A log served as a bridge. When crossing on this primitive structure Miss Haywood slipped and fell into the creek. The accident occurred during the winter. Burdened with her heavy clothing, she was in imminent danger of drowning when Roach, who happened to be passing, came to her assistance, pulling her out of the water.

They will live on Mr. Roach's farm near here.

This Beautiful 9 x 12 Axminster Rug $16.75



WE HAVE KEPT THIS MILL BUSY FOR SIX MONTHS

And for another six months this mill will be busy turning out the balance of the combined purchase of our store and associate stores. There was a two-fold advantage in buying these rugs under this condition. First, we were able to secure a price lower than we have ever bought Axminster Rugs of similar character for in the past, and, secondly, we were able to know definitely the exact quality of these rugs. We knew exactly the texture used, we knew exactly the coloring, etc.

Coloring Harmonizes With Every Decoration

So varied are the designs and color combinations that no matter what particular decorative scheme you wish to follow out, you can select a rug that will harmonize with any interior decoration.

OUR PERSONAL GUARANTEE ACCOMPANIES EVERY RUG

Knowing so much of the details of these rugs we can guarantee them with a greater degree of confidence than if these rugs were bought in the ordinary way.

They Are All Exact Copies of True, Oriental Design

We solicited these designs from among the best known oriental patterns, classic designs that are familiar to everyone, but usually found only in the most expensive Axminster Rugs, and are therefore an innovation in rugs selling at this price.

This Rug Story Reads Like a Romance

Few people realize the time and thought back of a selling event of this nature. To sell rugs in the regular way is a very commonplace matter, but to go into the market with your associates contract for a mill's entire output for one whole year in the public's appreciation of true values when they are presented to them.

Mattress Special $8.50

See this guaranteed all felt mattress. They are being made in our window. The mattress is guaranteed by the makers as well as ourselves; that's enough said to assure you that the best of felt and ticking ever offered at this price goes in the making.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS--25 CENT DANDERINE

Save your hair! Make it soft, fluffy, lustrous and beautiful.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Adv.

THE SENTINEL'S LIVE SPORTS — CRISP RELIABLE

FRIAR-LYCEUM GAME THURSDAY EVENING

With both teams training hard up till the last minute, the Lyceum-Friar city championship series that opens Thursday night at the Concordia gym is holding the undivided attention of the basketball fans all over the city. With the exception of Mills, who was forced to withdraw because of illness, the south siders will present the same lineup that they have used all winter.

The newly organized Friar lineup includes some of the best stock in the city, and consists of the following players: Forwards, Garberding, Benz and Stroup; center, McMurray; guards, Diedrich and Kennedy.

Wiltse, the Bluffton referee, has been secured to referee the match. The preliminary will be played by the St. Paul's Nationals and the Precious Blood Maroons, these teams opening their "secondary championship" series.

The wide interest and the big seat sale indicates that the house will be crowded for the opening game of the series.

NOTES OF BASKETBALL.

The Zion girls' basketball team won from the St. John's girls last night by a score of 37 to 3. The lineups and scores were as follows:

Zions, 37—T. Wermuth, R. F.; H. Walhmath, L. F.; M. Wermuth, C.; Goeglein, S. C.; L. Beverforden, R. G.; Bookwalter and Eggeman, L. G.

St. John's—Keller, R. F.; Elnseidel, L. F.; F. Danecker, C.; Clara Kade, S. C.; Elnseidel, R. G.; E. Strassburg, L. G.

Field goals—Wermuth, 6; Waltemath, 6; Keller, 1. Foul goals—Keller, 1; Waltemath, 1; Wermuth, 2.

WOMEN MAY WEAR "M."

New Ruling Admits Them to Ann Arbor Letter Race.

Ann Arbor, Mich., March 24.—For the first time, women students have been given a chance to win the muchly-coveted "M" on a sweater.

Women students have gained permission of Athletic Director P. G. Bartleme and nothing can stop them.

However, there is one modification the women can't get around. The "M" can't be the big block letter, seven inches high and ten wide, but old English type, enclosed in a circle.

Furthermore, a woman must earn 100 honor points before she is permitted to wear an "M." Honor points will be awarded in hockey, swimming, folk dancing, tennis, basketball and gym work.

JUNIORS ISSUE CHALLENGE.

The Precious Blood Juniors defeated the Lyceum Braves last evening by a score of 44 to 27 at the Lyceum hall. The Precious Blood Juniors challenge the Turner Juniors, Shawnees or the Tod Hatters. Call 1322 green between 6:30 and 7:30 in the evening.

IT'S UP TO OLD MAN BENDER AGAIN—HE'S BALTIMORE'S MAINSTAY FOR FEDERAL LEAGUE FLAG.

(By Hugh S. Fullerton).

In many respects Baltimore is the best constructed team in the Federal league. Whether it wins the pennant or not it has more promise of consistency than any other club in the circuit. It seems to lack the punch and brilliancy to win by a spurt or long series of victories, but it will keep plodding away at better than a .500 per cent. clip and be there or thereabouts at the finish.

Being the first of the Federal league teams I have studied this season, I lack complete comparisons with other clubs, but unless some of the others have strengthened a lot, Baltimore is going to crowd up to the top. Last season they lacked in two departments—catching, which was only mediocre but steady, and pitching. The big problem is whether or not Chief Bender will come into the league in the condition to work his best. The chief had the best season of his life last year, in spite of the fact his fast ball was not hopping as keenly as it once did, and he carried the Athletics through.

Catching looks only fair. Jacklitsch is a veteran who is reliable and steady. Russell is aggressive and a hustler, but has not yet developed to major league caliber.

Bender, of course, is expected to lead the pitchers, and he has a lot of capable assistants. Suggs ought to have another season or two of good ball left in him and Wilhelm is fair. Quinn, of course, never has fulfilled all his promises of greatness. Smith is the same old erratic genius. Bailey and Conley are expected to show much development.

It is not a strong pitching staff, just a steady one, and it will have to depend upon Bender for the extra percentage to lift it high enough to win.

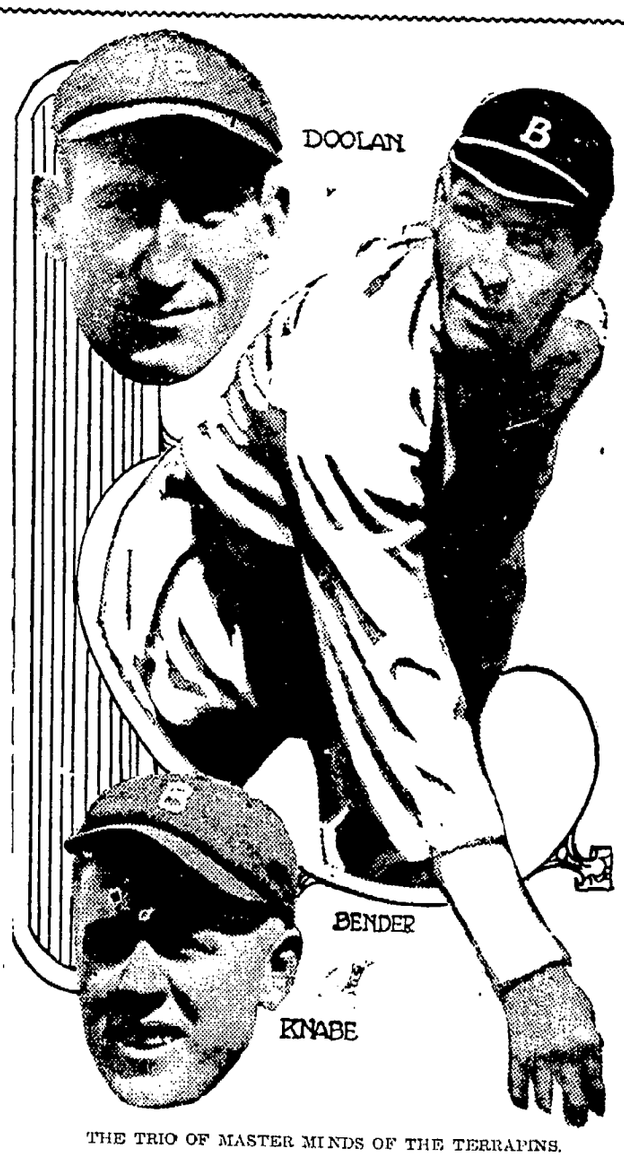
The real strength of the club is around second base, with Knabe on second and Mike Donlan at short. Both are great field leaders and their work around the sack is close to that of Evers and Maranville.

Big Harry Swacina developed last year into a regular first baseman.

There will be a battle for third base job, which also may affect the outfield, as both the third base candidates also can double in the outer garden. Guy Zinn, who broke a leg a year ago, is the most likely regular. Jimmy Walsh, who held down the bag last year, is a useful man anywhere, and might crowd into the outfield if Zinn takes the base. Fitzpatrick is trying hard for an infield job and will be the understudy.

The outfield from present looks will be Kommers, Bates and either Zinn or Walsh.

Altogether it is a pretty well balanced ball club, and pretty close up to the major league standard in all departments.



THE TRIO OF MASTER MINDS OF THE TERRAPINS.

HATS OFF TO VET OF THE SPANGLES

Your Uncle Heinie Peitz to Handle Indicator in the Central.

Sure enough it is—it's Heinie Peitz, veteran backstop and erstwhile hero of the game when the fans down in Cincy considered that the German was as classy stopping the fast ones and landing his mitt in front of the wide ones and pegging 'em to second as old Buck Ewing, old Charlie Bennett, old hoss Flint or any other rear guard of ancient or modern times. And Heinie, he was in his day, some catcher, some catcher.

Yes, it's Heinie, and he's coming into our midst not to catch 'em or peg 'em, but to keep the eye or authority on the fellows who do. He has been roped and signed up for President Louis Heilbroner's staff of umpires for the Central and he ought to be satisfactory to the players and popular with fandom in the Central circuit. Heinie Peitz was playing ball with Cincinnati's National leaguers before some of the youngsters he will judge could make a dent in a teething ring. He was a great backstop and when he shed his spangles in the National he did some playing and managing in the American association for Louisville and Kansas City. Then he went back to the Herrmannites and coached rooky pitchers that there was more to flinging than throwing a ball and he also went hither and thither and yon with gum shoes and a dark disguise scouting for youngsters who looked good in the bushes without raising suspicions of having grown on the lemon tree.

And now Heinie is coming into the Central to boss games and take what's coming to him—whatever that is.

President Heilbroner's staff of umpires will otherwise consist of J. R. Goehler, who is the only holdover from last year's bunch of regulators; Andrew J. Green, who held an indicator in the Southern Michigan circuit last year, and William Bierhalter, an umpire who comes with high recommendation from service in the American association. Altogether the staff looks good and the president believes he has copped a squad of referees who will make good with the players and the public and last the season through.

SEVEN-COME-'LEVEN THE GAME SOCIETY GIRL KNEW HOW TO PLAY.

Eleanora Sears and the Pony She Won in True Western Fashion.

Eleanora Sears, best known of American sportswomen, wanted a new polo pony for the Coronado tournament—and she got one, and no check was drawn on the bank to pay for her "mount" either.

Miss Sears, who rattles the ivory cubes as well as she plays polo or golf, diverted herself the other evening by shaking dice with fashionable women at Coronado beach. A polo pony was the stake, and Miss Sears now owns the pony. She will ride him in the tournament now in progress at the California winter resort.

TOOTHMAN WILL MAKE THIRD TRY

Dick Toothman figures it that the third time's the charm. Two years ago he signed up with Fort Wayne from Steubenville in the Interstate league, but parted company with the locals after two games. He made another stab at it last season, but there wasn't room for another southpaw, and again he left the team, going to Kalamazoo. Yesterday he sent in a signed contract to Manager Bade Meyers, together with the report that a winter's workout had placed him in fine shape.

Butch Henline, who played the back yards of Fort Wayne some fifteen years ago, has signed with Managers Meyers and there is a possibility that he will be made first catcher on the Billiken lineup.

MAY BUILD A HOME.

Members of the Buffaloes' Lodge Have Matter Under Consideration.

That the Buffaloes intend to erect a lodge home of their own sometime in the future was made certain as a result of action taken Tuesday evening at the regular meeting of the order. It was practically decided, although nothing of a definite nature was done, to create a fund to be set aside for the purchasing of a lot in Fort Wayne upon which to build a home. Committees to look more deeply into the matter will probably be named soon.

The order has extended an invitation to J. H. Barbour, of Roanoke, to address an Easter day meeting of the lodge.

For a Weak Stomach.

If you have any trouble with your digestion you should read what Mrs. J. C. Bauer, Zanesville, Ohio, has to say regarding her experience as follows: "I was troubled for months with a weak stomach and constipation and it was all I could do to drag myself about the house. Chamberlain's Tablets afforded me the first relief I got, and after taking them a short time I was restored to health." Obtainable everywhere.—Adv.

NOT GOING TO LOSE IN A SINGLE PUNCH

Freddie Welsh Going to Get the Money as Long as He Can.

New York, March 24.—Freddie Welsh sat panting on the rub down bench in his dressing room at Madison Square garden after his recent bout with Willie Ritchie. He heard the yowls of the mob outside as they hailed Willie Ritchie as a wonder "come back" specialist. The smile that the champion had worn all during the spirited encounter a few minutes before still remained. Handlers were busy trying to unknot the laces of his fighting shoes. When Freddie got his second wind he had plenty to say:

"Ritchie went in there to knock me out—he said he would and he didn't, did he? The crowd didn't like my way of preventing him from knocking me out. What did they want me to do, stick my jaw out and let him win back with one punch that which took me eleven years to earn?

"I've made my reputation not as a slugger, but as Abe Attell and Jem Driscoll did. Did they condemn Jem Driscoll when he bobbed before hard hitting Leach Cross for ten rounds? Leach nearly broke his back trying to hit Jem, who simply moved this way and that without attempting to hit back. The fans thought that fine and they laughed their heads off at the ease with which he avoided Cross.

"I'm not Wolgast, a Rivers or a Nelson. People always have paid to see me box. They say I haven't a punch. Isn't that strange when my record shows that I've won 25 per cent of my bouts with knockouts? Now that I am champion why should I start at the eleventh year or the eleventh hour to establish a knockout record? It's silly on the face of it, besides being deuced bad business. I'm getting the best of the percentage in all my bouts.

"I haven't sneaked off with my title to come out but once or twice a year to box as champions before me have done. I'm boxing on an average of once a week, meeting any boy that the promoters have asked me to face. I'm in constant training—I have been since I came back with the title. I've been stale and I will be stale again. It's only natural.

"I find myself running up a blind alley. I find it hard to calculate the lesser of two evils—whether to come into the ring hard as nails but stale from overwork, or to lay off and do nothing before a fight and come in fat and slow and in no condition to put up a tiptop championship battle. I'm only human, even if I am a champion. No titleholder before me ever went down the line without putting up a poor fight."

VET PLAYERS REPORT FOR WORK THIS WEEK

Opening of Spring Training Season to Start at Dayton Thursday.

Dayton, O., March 24.—Members of Jack Compton's squad of Vets, some thirty strong, are expected to arrive in Dayton this week, Thursday, March 25, being the date that the athletes are due to report. Highland park will soon be the scene of real action in the way of diamond activities.

With thirty men on his hands, Compton is going to have his hands full invoicing his stock of baseball talent and picking out the best.

The Vet leader says that the probable lineup of his team for the coming season is a mere gamble at this time. As soon as Compton can get his men located the grind will begin.

The Vets will play a real game on Sunday, April 4, and after that date a number of exhibition frays are scheduled.

FEDS TO QUIT INDIANAPOLIS.

Team Will Probably be Transferred to Newark, N. J.

Indianapolis, March 24.—The Indianapolis Federal league franchise will be taken over by the league. The club probably will be moved to Newark, N. J. The league will assume the debts of the local organization, amounting to about $76,000. Indianapolis club stockholders will retire possession of the local Federal park.

An agreement to this effect was reached at a meeting of representatives of the league and the Indianapolis stockholders last night.

COLLEGE GIRLS IN DRAMA SCORE A HIT

Miss Jeanette Shirey in "Taming of the Shrew" at Oxford.

Western College, Ohio, March 24.—"Taming of the Shrew" drew a large audience to the chapel of Western college, Oxford, Ohio, on Saturday night. It was presented by the Junior class, under the direction of Miss Gertrude Leonard, instructor in English. Among the house guests were Mr. and Mrs. R. P. Rifenberick, of Clifton, Cincinnati, guests of Dean Sawyer; Mr. and Mrs. L. Kraeer, of Sheffield, Pa., and Mrs. Walter Reid, Springville, Ill., visiting their daughters on the east: Miss Clara M. Feeney, guest of Miss Ferguson, and Miss Charlotte Ballard, Western, '13, and Miss Clara Sheldon, Western, '14.

Petruchio, played by Miss Lois Kraeer, was strong and masterful, with the sense of humor and the calm confidence in his ability to make the shrew love him as well as to tame her temper, that made him a very attractive hero. Petruchio was well matched with Katherine, as played by Miss Marion Merica, of Garrett, Ind. There were lively shrewish scenes and Katherine beat Petruchio with her fists as he carried her off in his arms on their wedding morning. That Petruchio could be a real brawler to gain his end was noisily shown in the spirited scene in Petruchio's house, when Katherine is refused meat and sleep, and new gowns, "all under the perfect name of love." At the end of the second act, Miss Merica received a bouquet of bride's roses and lilies of the valley, and Miss Kraeer a bunch of pink carnations from the freshmen class. The freshmen also sang between acts and the orchestra played several numbers.

Bianca was a dainty, dark-haired sister to Katherine, who appeared best in the pretty flirtation with her disguised wooers. This part was taken by Miss Eleanor Bradley, of Wilmette, Ill. Her friend, the fair widow, Miss Hazel Lewis, of Roann, Ind., was not prominent until the last scene, when she made an excellent foil with Bianca for the reformed Katherine.

The several old men in the play showed distinction of character, also the shrewd, but kindly father, Baptista Minola, played by Miss Ethel Cook, of Denison, Iowa; the old courtier, Gremio, suitor for Bianca, in his old rose velvet elegance, played by Miss Jeannette Shirey, of Fort Wayne, Ind.

The minor parts all deserve mention. Miss Wilhelmina Schreiber, of Michigan City, Ind., put inimitable personality into acting the clever foolishness of garrulous Grumio, especially in the scenes with Curtis, Petruchio and Katherine.

The Junior class was entertained by its chaperons after the play, refreshments being served in round table room.

Credit must be given the stage manager and costumer, Miss Nell Salt, of Miamisburg, and Miss Rhea Blake, of St. Louis, Mo. Many hands make light the work in preparing class dramatics, but planning and execution rests with the managers, and in this case they were so taken care of as to present a markably smooth production.

BODY OF PATIENT FOUND.

Bert Kern Drowned Near Wabash Valley Sanatorium.

Frankfort, Ind., March 24—Bert Kern, of this city, a patient at the Wabash Valley sanatorium, near Lafayette, missing since Friday night, was drowned in the Wabash river, his body having been found. Kern had been taking treatment for a nervous trouble and Friday evening, in company with an assistant from the sanatorium, he left the institution to take a walk. It was cool and the assistant returned to the sanatorium to get an overcoat. When he returned he could find no trace of Kern. A party from this city, headed by his brother, David Kern, went to Lafayette to join in the search, and it was shortly after arrival there that the body was found.

Kern was a son of Dawson Kern, a pioneer of the county, and was born here in 1867. He was a farmer until a few years ago when he accepted a position as superintendent of the sub-station on the T. H., I. & E. traction line at Antioch and later was made superintendent of all the sub-stations on the line. He leaves a widow and one married daughter. The body was brought here and burial took place Tuesday.

SHE NOW WANTS HER MONEY PAID BACK

Lillian Paul Says Deceit Was Used to Sell Her a Rooming House.

Lillian Paul has begun action in the superior court against Louise Bradtmiller for recission of contract and recovery of money paid, demanding $225. She charges that March 15 she paid the defendant $200 for the furnishings and general household equipment of a rooming house at 824 Lafayette street, the conditions being that the defendant would transfer the lease for the premises at $30 a month. The plaintiff says she has learned since paying the money that the defendant had no lease she could transfer or could assign and that the rent is $35 a month. An offer to release the defendant from her contract and permit her to return the $200 has been refused, says the complaint.

COPIES OF ACTS NOT FREE.

Attorney-General Makes Ruling on Request of Secretary of State.

Indianapolis, March 24.—Charges must be made for copies of the acts of 1915 after the legal distribution of the acts has been made, according to an opinion given today by Richard M. Milburn, attorney-general, the ruling having been asked by Homer L. Cook, secretary of state. The secretary of state said he had no records in his office of charges having been made for the acts in previous years and expressed it as his opinion that the acts had been distributed free among taxpayers who asked for them.

Mr. Milburn holds that the free distribution of the acts is illegal and that a charge must be made for them after the legal distribution has been accomplished.

It is expected that the acts will be printed and distributed so that the governor can proclaim them laws before April 30. The governor's proclamation in 1913 was dated April 30, but on account of the smaller number of enrolled acts this year it is expected that the proclamation will be issued a few days earlier.

GAVE UP THE FIGHT FOR SMITH STREET

Concrete Advocates Fail to Appear and Board Orders Asphalt.

After putting up a lively contest before the board of works Tuesday morning for selection of concrete as the material for paving Smith street, from Lasselle street to Pontiac street, the property owners who advocated that kind of a pavement and the cement interests failed to make an appearance before the board at 10 o'clock Wednesday morning, to which time the decision had been postponed, and the board ordered Trinidad pitch lake asphalt for that thoroughfare. The contract was awarded to the Grace Construction company at $6.71 per lineal foot with stone curb. It had been expected that the contest would be resumed as some signatures on petitions for asphalt were brought into question Tuesday.

The board late Tuesday afternoon sifted out the bids for the seven streets for which material was finally chosen earlier in the day, and awarded the following contracts:

Savilla avenue, concrete, concrete curb and gutter; Moellering Construction company; $4.90 per lineal foot.

Harmer street, Bermudez bituminous concrete, stone curb; $7.36; Grace Construction company.

Warsaw street, Trinidad sheet asphalt, stone curb, $7.49; Grace Construction company.

Taylor street, Metropolitan block, concrete curb and gutter, $7.10; Brooks Construction company.

Jones street, Metropolitan block, stone curb, $5.87; Moellering Construction company.

Wilt street, Metropolitan block, concrete curb and gutter, $5.60; Brooks Construction company.

Boone street, Bermudez bituminous concrete, stone curb, $6.67; Grace Construction company.

SMOKE ORDINANCE PASSED.

Council Enacts Measure Purposed to Abate a Nuisance.

The new smoke ordinance substituted by the council committee on rules, regulations and ordinances for the measure introduced several months ago and since under consideration by that committee, was passed Tuesday evening by the council and will become effective upon its signature by the mayor. The measure passed closely follows the smoke ordinance effectively in operation in Indianapolis and a reasonable enforcement of it will accomplish the purposed results, say the councilmen who prepared it. The chief engineer of the waterworks department is designated by the ordinance as chief smoke inspector. Residences are not brought within the operation of the ordinance, which applies only to factories, shops, business houses and the like. There is no provision in the ordinance for allowing black smoke a certain stated period in each hour and for this reason Members Rogge, Kinder, Smith and John voted against it, believing that at least five minutes should be given each hour for heavy black smoke. There is some question as to whether the new ordinance repeals the old one.

To the committee of the whole was referred a resolution and letter from the Quest club asking for the motorization of the entire fire department and the establishment of a high pressure water system in the business district. Motorization would cost $85,000 and the water system $100,000, according to the club's estimates. To pay for these a bond issue is suggested. The club's letter to the council states that $30,000 insurance premiums could annually be saved by these measures.

The council received an ordinance to require the Pennsylvania railroad to maintain a crossing watchman during the day time at Garden street and referred to the committee on rules, regulations and ordinances. To the same committee was referred an ordinance proposed by the board of safety to create the position of city lineman in the fire department, and another ordinance amending the city building code so as to require property owners to file bonds to save the city harmless against damage suits ensuing from the construction of sidewalk vaults in the down town section. Ordinances were passed providing for the appropriation of $1,500 to the street special account and $270 to the public grounds and buildings account.

REFERRED TO STATE OFFICER.

Dr. J. H. Gilpin, secretary of the board of health, has referred to Dr. J. H. Hurty, secretary of the state board of health, the circumstances that relate to the intrnement of two cases of cerebro-spinal meningitis in a Fort Wayne hospital by Dr. S. Hollis, health officer of Blackford county, who was the attending physician in the cases, which were interned here without notifying the local health authorities. Dr. Gilpin protests against bringing that sort of contagion here without his knowledge.

WANT A TENNIS COURT.

C. M. Grabner, 2105 Washington boulevard east, has written to the park board a request for permission of himself and some others to use a portion of an abandoned thoroughfare at the north end of Wabash avenue for a tennis court, which they will construct at their own expense. The park board will try to obtain permission from the board of works for such use of the street, which is under jurisdiction of that body.

WANT ALL OF STATE PAVED.

The board of works has been asked by William A. Bayer, president of the city council, and Louis A. Curdes to adopt a resolution for paving State boulevard from Florida drive to Anthony boulevard, eastern terminus of State. The procedure has been taken for paving State from the St. Joe river to Florida drive.

CITY AND COUNTY WILL JOIN.

At a conference of the board of works and the board of county commissioners an agreement was reached whereby 300 feet of dirt road between the paved end of Lake avenue and the improved part of the Maysville road will be paved with tarvia at joint expense to city and county property owners. The city will make assessments for 560 feet and the county for 340 feet. The county's portion is outside the city limits. There are no resident property owners along the thoroughfare and no protest against the improvement can be made.

HEARING IS PUT OVER.

The state utilities commission has notified the Fort Wayne city officials through a letter to City Attorney Guy Colerick that the hearing on the complaint made by the traction company against the city light and power department has been indefinitely set for some time later than April 4, the date originally fixed.

THE DEATHS

BEYERLINE.

George M. Beyerline, a retired Pennsylvania shopman, died Tuesday evening at 7:15 o'clock at the family residence, 1330 Rockhill street. Death was due to pneumonia and followed a short illness.

Mr. Beyerline was born in Germany eighty years ago and came to this country and directly to Fort Wayne in 1873. For many years he was employed by the Pennsylvania railroad and was placed on the retired list nearly ten years ago. His wife preceded him in death twelve years ago.

Surviving he leaves seven children: Mrs. Catharine Scherzinger, Mrs. E. Subkowski, Mrs. C. Warner, John Beyerline and William Beyerline, of this city; Fred Beyerline, of Indianapolis, and George Beyerline, of Brewster, Minn. Eighteen grandchildren and four great-grandchildren also survive him. The deceased was a member of the Emanuel Lutheran church and also of the B. U. V

Funeral services Saturday afternoon at 2 o'clock from the late residence and at 2:30 o'clock at the Emmanuel Lutheran church. Interment at Concordia.

SECHRIST.

Lester M. Sechrist, of Richland township, Whitley county, died at 7 o'clock Tuesday evening at the Lutheran hospital where he had been a patient for ten days. Death was due to septicemia. The remains were shipped to Columbia City early Wednesday morning by Klaehn & Melching.

HARLEY.

Ellis L. Harley, aged fifteen years, son of Mr. and Mrs. John D. Harley, of Bluffton, died at the Lutheran hospital Wednesday morning at 4:30 o'clock following an operation for appendicitis. He was brought to the hospital Saturday evening.

The deceased was a student in the Bluffton High school and besides his parents and a host of friends is survived by one brother, Charles D. Harley, and one sister, Mrs. A. Thompson.

The remains were shipped to Bluffton Wednesday morning, where funeral services will be held.

FUNERAL NOTICES.

Goers—Funeral services for Mrs. Anna Goers will be held Thursday afternoon at 2 o'clock at the residence, on Fox avenue, and at 2:30 o'clock at the Emmaus Lutheran church, Rev. Wambsganss officiating. Interment at Concordia.

MORE SHIPS GO TO GUARD NEUTRALITY

Washington, March 24.—The United States district attorney at San Juan, Porto Rico, had instructions today to begin libel proceedings against the Hamburg-American liner Odenwald, which tried to put to sea Sunday after clearance papers had been refused her while the cutter Algonquin was steaming from the West Indies to San Juan to aid American officials in efforts to guard against violations of neutrality. Secretary Daniels also had instructed Admiral Fletcher at Guantanamo to dispatch two destroyers to Porto Rico to help in that work.

Orders for the movement of ships were given after officials here received reports from San Juan that some fear was felt that the Odenwald and another German liner might try to slip to sea past the guns of Morro Castle. The report mentioned the other ship as the Pracsident now tied up at San Juan.

MARSHALL AT BERKELEY.

Calls Contentment True Philosophy of Life.

San Francisco, March 24.—Vice-President Thomas R. Marshall epitomized the true philosophy of life in the one word "contentment" in an address at the charter day exercises in the open air Greek theater at the University of California at Berkeley, Cal.

A striking contrast to this was his arraignment of a growing servility toward wealth, the tendency of the American people to be "the greatest flunkeys and lackeys in the world," and the division of the people into three classes, "hero worshipers, iconoclasts and indifferent citizens."

Mr. and Mrs. Dibble and Mr. and Mrs. Horn will entertain the Adult Bible class of the Simpson M. E. church at the former's home, 237 East DeWald street, on Thursday evening. Officers will be elected.

BEATEN AFTER FIRING SHOT.

Stockman Attacked by Farmer—Trouble Over Cattle.

Richmond, Ind., March 24.—Alfred Underhill, of this city, a stockman and farmer, was severely beaten in the afternoon by J. A. Weidenbach, a farmer, after Underhill had shot at Weidenbach, it is alleged. Underhill was not seriously injured.

Underhill's farm is situated east of the city, near the Ohio line. Cattle from his farm, it is alleged, roamed over fields of other farmers recently and complaint was made. Weidenbach, it is said, figured in the protest and the trouble became so acute that Underhill threatened to shoot him.

Underhill drove along the road in front of Weidenbach's home, and is alleged to have shouted at Weidenbach, who started toward the roadway. Underhill is said to have then fired at Weidenbach with a double-barreled shotgun, which he carried with him in the buggy. Weidenbach was not wounded. He attacked Underhill, pulling him from the buggy and beating him, it is said.

Prosecutor Reller is investigating the affair.

THREE MORE INDICTMENTS.

New Charges Against Confessed Slayer of Four at Terre Haute.

Terre Haute, Ind., March 24.—Three additional indictments were returned today against Vernie A. Lewis, confessed slayer of Mrs. William C. Balding and her three children. The indictments charge first degree murder in the killing of Merrion Celeste, Thomas and Walter Balding. Lewis had previously been indicted for the murder of Mrs. Balding. He is now in the Marion county jail.

What Makes Some Things in the Same Room Colder Than Others?

The objects in a room which have been kept at a given even temperature of heat will be all the same temperature, because heat spreads from one thing to another equally.

Still if you put your hands on various objects in such a room some of them will feel colder than others. You touch the tiling of the fireplace and that will feel cool to you. On the other hand, the upholstered furniture will feel quite warm. The piano keys feel cool, while the wood of the piano and case is warm. The difference is due to the fact that heat or cold will run through some objects more quickly than through others. It will run through the tiling on the hearth and the piano keys more quickly than throug the upholstering on the furniture or the wood of the piano case. When you touch a thing with your finger you supply some of the heat of your body to the object through your finger. If the object is the tiling on the hearth or the keys of the piano the heat runs through it quickly and you get a cold impression in your finger. On the other hand, if you touch the upholstery on the furniture, through which the heat runs slowly, you get a warm feeling for the very same reason. Thus, anything which carries the heat away from our contact quickly, we call a cold feeling object, and if the object touched does not carry the heat away so quickly we call it a warm feeling object.

SHOP AND RAIL ROAD NEWS

PREPARING FOR VACATION CROWDS

Many Passenger Men Visit City and Expect Big Northern Traffic.

Passenger men are flocking to the city in preparation for northern summer traffic, for although the bulk of tourist business goes west this year, the Great Lakes and the north woods still will get a part of it. In fact, the passenger men feel that the lake traffic this year will be larger than usual, for many persons will go to the west by the Canadian and northwest routes.

The summer schedules announced on the G. R. and I. last week will go into effect about the usual time, and arrangements now are under way for especially heavy trains to accommodate the tourists.

The passenger agents are coming into the city at the rate of two or three a day, and the ticket agents at the local stations report many inquiries concerning northern rates and time cards.

NO LATE TRAINS.

Wabash Has Made Remarkable Record in Past Month.

According to the monthly bulletin issued today the Wabash has kept the best time on this division that ever has been recorded. The February trains held so close to schedule time that the officials of the road complimented the local division officials and passenger enginemen, conductors and dispatchers. March is running mighty little behind February, for the service has continued universally good. The report also shows that on the 12th and on the 22nd of this month there was not a single train reported late at any of its important steps.

REASSIGNMENT.

Wabash Firemen and Enginemen to Be Much Shifted.

The reassignment of firemen on the Wabash will mean a general shift in cab mates, men who have run together for a great many years being separated and sent on entirely different runs. The order for a change was made ten days ago, and already the new shifts are nearly planned. A number of enginemen and firemen who formerly ran through this city will go over to the other end and new men will fill their places here.

INTRODUCES SERVICE CIRCLES.

The Ohio Electric has introduced a system of service stripes for its old employes, wholly unlike any other in the country. Instead of the customary stars or bars that have been in use for so many years, the road is using a circle of gold braid around the sleeve number. the circlet is five inches in diameter, and a dozen of them have been awarded. Ed Stump, of Lima, but who runs a car into Fort Wayne, is the oldest employe and this week was presented an honor circle.

FINDLAY PEOPLE

Want Nickel Plate to Build New Track Through Their Town.

The Nickel Plate railroad has been asked by the business men of Findlay, Ohio, to builtd a branch line to that city for passenger traffic, leaving the main line at Arcadia and catching it at McComb. The town is five miles from the line, and is reached by Nickel Plate travelers by electric car. The Nickel Plate is building a second track and the business men of Findlay feel that this is the time to get action on their pet theory of railroad construction.

PASSENGER ENGINEMEN.

Two Pennsylvania Men Return From Long Southern Trips.

Pennsylvania Passenger Engineman J. C. McCarthy has returned to duty after a long pleasure trip with his wife aud daughter. He visited Havana, Cuba, and many points in Florida and along the gulf coast. Mr. McCarthy returned in excellent health.

H. S. Willis, another Pennsylvania passenger engineman, and his wife returned today from a trip to the south. They spent some time at Hot Springs and in various Florida points, but did not go to Cuba.

SOLDIERS GO THROUGH.

The Nickel Plate will carry a special train through this city tomorrow with 400 soldiers aboard. The soldiers are are on their way from the eastern coast to San Francisco, where they will board transports for the Pacific islands. The train will be a long one composed of tourist sleeping cars.

"MADE IN FORT WAYNE."

The Shelton electric offices at 115 Brackenridge street have placed "Made in Fort Wayne" stickers on all the products of the company shipped out of the city. The Fort Wayne Electric works turns out the products for the company. The Shelton electric makes many types of small motor devices and sells them all over this country and Canada.

HAYS IS BETTER.

Night Stationmaster Will H. Hays, of the Pennsylvania depot, is reported to be somewhat better following a difficult operation on his head at the Lutheran hospital yesterday. The skull was opened and a foreign growth back of the right ear was removed.

FENCE NEARLY FINISHED.

The high iron picket fence with its aesthetic bronze coloring is nearly finished west of Calhoun street along the Pennsylvania track elevation. The fence is put up to keep trespassers off the track, and to protect the new sodding along the high bank.

TELLY RECOVERS.

Herbert F. Telly, of the Pennsylvania machine shop office, returned to work today after being off duty suffering from a broken finger. He hurt his hand in the course of some athletic exercises last week.

WARDROP TO PITTSBURG.

W. M. Wardrop today went to Pittsburg to attend to business matters pertaining to the western division of the Pennsylvania company.

INDUSTRIAL NOTES

This was pay day on the Nickel Plate.

Machinist James Ryan of the Pennsylvania machine shop, went to Chicago on a visit today.

S. D. Melscheimer, railroad editor of the Sentinel, is confined to his home by an attack of lumbago.

George W. Bradley, Pennsylvania passenger brakeman on special duty, is confined to his home by illness.

C. W. Benoy, machinist at the Pennsylvania locomotive shops, is back at work after being on the sick list for several days.

The traction company is filling in the driveways about its Carl street car shops with cinders, and the street itself is being repaired.

The Nickel Plate probably will have to do away with twenty west side grade crossings at Cleveland, according to the report of city officials there.

Nickel Plate Engineman E. S. Lopman, sr., who makes Bellevue his port of registry, reached home and went to work today after spending the winter in Florida.

Joseph Draper, a former C. & O. engineer, well known to Wabash men running out of Peru, was sentenced to the Ohio state prison for robbing the state bank at Winton Place.

The Meat Cutters and Butcher Workmen's union is planning to transact important business at its meeting Thursday night, and requests that the entire membership be present.

Bruce Thompson, manager of the machine department of the Noble Hoop company, is recovering nicely from an operation performed Monday evening for the removal of his appendix.

Arthur Mohler has been appointed railroad reporter on the News and covered his beat today for the first time, succeeding Peter Edson who was transferred to another capacity on the paper.

The railroads of the country today issued a long and detailed statement of their version of the parcel post rate case. Copies of it were distributed from the local Pennsylvania superintendent's office.

The Wabash has laid off one full crew and six extra brakemen on the Peru division. Tomorrow is pay day on the Wabash, Paymaster George Francisco coming here from Peru where he is today, and going on to pay Toledo employes Friday.

The hundred mile for a dollar summer fare that has proved so popular in recent years, will become effective this year on Sunday, April 18, according to information given out at the Nickel Plate offices here today. B. F. Horner, general passenger agent, is preparing an article for "Nickel Plate Service News" on the subject.

PAROLE FORTY-FOUR MEN.

Jeffersonville, Ind., March 24.—Arrivals at the Indiana reformatory yesterday brought the total number registered to 1,195. It is probable that before the number reaches 1,200 releases will be authorized among the thirty-five men paroled by the board of trustees, one month ago. Forty-four paroles were authorized at the meeting which closed yesterday, out of sixty-seven men examined by the board. Men receiving paroles are held one month, under the rules of the institution, before discharge, in order that suitable jobs may be obtained for them.

The number of men in the reformatory exceeded an average of 1,200 during 1908 and 1909, and during 1909 the number reached 1,239. At the beginning and end of this two-year period the number was considerably below the 1,200 mark.

WILL BANQUET APRIL 22.

Committee of First Baptist Bible Class Meets to Form Plans.

The committee on arrangements for the annual banquet of the Men's Bible class of the First Baptist Sunday school met at Dr. Morris Harrod's office last evening and talked over fully the plans for the big affair, which takes place on April 22, the fourth Thursday in the month.

The big problem this year is where to hol dthe banquet—the class has been growing in leaps and bounds and has such a large membership it is difficult to find large enough quarters to accommodate the members and their guests.

As it is the desire to make this year's banquet a boomer the committee has on foot, as the result of last evening's meeting, several unique features, the details of which will be worked out and presented at the next meeting a few days hence.

It is always customary to have the members' wives and lady friends as guests, and while it is rather doubtful where necessary quarters can be obtained for the big event, still the committee is bound and determined to find a place.

BROTHERHOOD ELECTS OFFICERS.

At the annual meeting and banquet of the Brotherhood of the First M. E. church, held Tuesday evening in the church parlors, officers for the coming year were elected as follows: Charles Walker, president; E. B. Robinson, first vice president; P. E. Riblet, second vice president; Captain James Bird, third vice president; T. L. Comparet, fourth vice president; Fred Todd, treasurer, and Louis Dilling, secretary. The officers were installed during the meeting.

A committee was appointed at this meeting to take up the matter of arousing the other churches to the need of a brotherhood made up of men from all the churches of the city.

Rev. H. H. Pitzer, of the Lyon evangelistic party, was present and gave the principal address of the evening. He defined a man's religion as the life in God. This was Rev. Pitzer's last appearance in the city, as he will immediately take up the work of the building of the tabernacle in Terre Haute.

IS NOW IN ITALY'S HOUSE OF MANIACS

Porter Charlton, Young American, Awaiting Trial in June.

New York, March 24.—In the "house of maniacs," an asylum for the insane at San Martino, Italy, young Porter Charlton is awaiting trial for wife murder.

War, which means hideous death to millions of heroic men, has been the salvation of the self-confessed slayer of Mary Scott Castle-Charlton, and should the world-war finally engulf Italy he may altogether escape the fate that once seemed inescapable—life imprisonment in an Italian dungeon.

The trial of the young American, who confessed to the murder of his wife at Lake Como, Italy, in June, 1910, has been twice postponed because Italy, trembling on the verge of war, has no time to consider the interests of a mere foreign murderer. Following the recent postponement of trial in February, Charlton was removed to the "house of maniacs," not far from Como, the scene of his crime, and he will be carefully observed there by specialists so that his mental condition may be determined.

Charlton was twenty-one years of age at the time of the crime; his wife, who had been twice married, was thirty-four.

To his counsel in New York Charlton writes: "There is no comparison between this place and the jail at Como. We have light and air here, and food fit for a Christian to eat. There are no prison bars, and the conduct of the doctors is not like that of the prison-keepers."

Charlton has been in the Como jail in practically solitary confinement for two years. Should he be found guilty of murder the penalty will be life imprisonment, the first ten years of which will be spent in solitary confinement.

His defense, should his case be tried in June, will be mental irresponsibility.

APPEALS FOR MORAL LIVING.

Carnegie Steel Company Starts Unusual Safety First Campaign.

Pittsburg, March 24.—An appeal to thousands of employes to lead a moral life as a means of increasing their own safety while at work and of improving their chances for promotion has been made by the Carnegie Steel company, as a part of a "safety first" campaign. In a series of pamphlets which have been distributed among the men for several weeks, the company by means of charts shows how much longer a man lives who lives "right" than one who dissipates and tells of the better school work done by children of the workman who leads a clean life compared with one who does not and how much less liable the workman is to accident because of his being more alert and careful. The men are appealed to strictly from a business standpoint.

ON THEIR WAY, BUT DIDN'T KNOW WHERE

Temple Mission in New York Finally Vacated by I. I. W. Invaders.

New York March 24.—Part of the squad of seventy-five Industrial Workers of the World, who for the last two days have been occupying as uninvited guests the Daily Temple, an East Side mission house, were dispatched on a foraging expedition today. The men, under the leadership of Theodore Freeman, announced their intention of entering restaurants, ordering and eating food and then telling the proprietors to send the checks to the mayor's committee on the unemployed.

The seventy-five men marched out of th hall this afternoon singing "The Red Flag." Where they were going they did not know, they said, as they fell into line behind the leaders.

Miss Kay called a meeting of the men shortly before they decided to leave and insisted upon their vacating the hall at once. To this the men objected. Later their leader, Theodore Freeman, told them he thought they would better move.

SAYS HE NEVER SAW HER BEFORE TODAY

Osborne Gives Miss Tanzer Jolt in Her Breach of Promise Suit.

New York, March 24.—James W. Osborne, former assistant district attorney of New York county, faced today Miss Rae Tanzer, who is suing him for $50,000 damages for alleged breach of promise to marry, and swore on the witness stand he had never seen her in his life before.

Miss Tanzer charges that he woed her under the name of Oliver Osborne and won her promise to marry him. Today's hearing was before United tSates Commissioner Houghton, on Mr. Osborne's complaint that Miss Tanzer had used the mails to defraud.

Upon taking the witness stand J. W. Osborne surveyed Miss Tanzer for full half a minute in silence. She returned his gaze with unwavering eyes.

"You were asked if you had ever seen her before," Daniel Slade, Miss Tanzer's counsel, exclaimed. "You should have answered the question or no."

Mr. Osborne rose from his seat. "I do not want this man to address me during the trial," he said, addressing Commissioner Houghton. "If he does he will take the consequences."

DANGER IN WRIST WATCHES.

Many Soldiers Hurt, So Use in Army May Be Forbidden.

New York, March 24.—The Medical Record of New York says that the wearing of the wrist watch in warfare has proved very dangerous, and that "so many injuries have been reported that its use in the army will doubtless soon be prohibited, if this precaution has not already been taken."

German officers have made a practice of wearing the wrist watch, and some of the rank and file of the German as well as other armies have followed the custom. The watch is worn on the left wrist.

"The effect of the high velocity of the projectiles when they chance to strike the watch fairly," the Medical Record says, "is to shatter it into unrecognizable fragments, many of which are driven directly into the carpal bones and the contiguous bases of the metacarpals and the head of the radius. The wrist bones are laid bare and the thumb may be nearly shot away."

The Medical Record quotes a description of one of these injuries from the Berliner Klinische Wochenschrift. Although prompt surgical attention should save life and render amputation unnecessary in these cases the German medical paper finds the damage to the arm is such as to prevent the arm from being of further use.

The prevailing religion in Roumania is that of the Greek church.

The commercial failures of the United States last year were 8,344.

ROMANCE IS SECRET OF RESTA'S DRIVING

English Racer Came Here to Seek Both Bride and Fortune.

Indianapolis, March 24.—The secret of Darius Resta's brilliant driving in the recent Vanderbilt and Grand Prize races at San Francisco, both of which he won handily, is out. It involves the culmination of as pretty a romance as ever embraced two continents.

Several years ago Resta met the sister of the late Spencer Wishart in dear ol' Lunnon. Their acquaintanceship was but brief, yet resulted in a correspondence, after the two had again taken up their permanent abodes on different sides of the Atlantic, that soon evolved into more than friendship.

It was not long until matrimony was a frequently discussed topic between the pair, yet the ocean offered a seemingly unsurmountable obstacle. With the outbreak of the European war, however, and the consequent abandonment of racing abroad, opportunity came, and soon Resta was on his way, to seek both bride and fortune.

The bride came first, Resta and Miss Wishart being married immediately after his arrival, and the rest is history. Should, in addition, Resta manage to win at Indianapolis, where a gross purse of $50,000 is offered, he will be fixed for life.

DAUGHTER OF VALET TO WASHINGTON, 102

Homeless Venerable Negress is Taken to New York Hospital.

New York, March 24.—Minerva Gillies, 102 years old, who for almost half her life was a slave, has been removed from her daughter's home, No. 599 West One Hundred and Thirty-third street, to Harlem hospital, sick and destitute.

The old mammy's father was "Richard Washington," who all his life was a slave in the family of George Washington and served as his valet during the latter years of the first president's life.

The aged negress has frequently entertained her friends with stories her parent told her about "Marse George." She was born at Petersburg, Va. Her husband and three children died twenty-five years ago. The one surviving member of her family, Mrs. Louise Brown, seventy years old, has supported her mother until her own age and resources made it impossible to do so.

"Take me back to Virginia," the old woman pleaded as she was lifted from the ambulance.

HAD IT PLANNED.

"Now remember, Willie, I bought those oranges for you and your little friends. How are you going to divide them?"

"Equally, ma'am. I'll keep half and give them each a half of one."

PENMANSHIP AVERAGE LOW.

Statistics Compiled for Three Counties Show 58.3 Per Cent.

Shelbyville, Ind., March 24.—The papers of 6,034 pupils in the schools of Wayne, Union and Rush counties: Richmond, Rushville, Cambridge City and Seymour in the grades from three to eight, inclusive, graded on the quality of penmanship, show an average of 58.3 per cent. The papers are in the hands of J. W. Holton, superintendent of the Shelbyville schools.

Mr. Holton struck an average of the penmanship of each of the grades in the district. The schools at Cambridge City show the highest average of any of the seven groups, with 68.2 per cent. Shelbyville schools have an average of 54.3 per cent. Superintendent Holton expressed the desire that all of the 6,034 papers be graded by the same person in order that a more uniform grade might be had.

George Drumheller, whose ranch covers thousands of acres near Walla Walla, Wash., received a check for $200,262 for his wheat crop of 200,262 bushels. To move this crop required 180 cars, or four solid trains.

CASCARETS FOR COSTIVE BOWELS, HEADACHE, COLDS

Tonight! Clean your bowels and stop headache, colds, sour stomach.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Adv.

MRS. BARRONE DEAD IN DECATUR.

Decatur, Ind., March 24.—Mrs. Polly Barrone, one of the oldest women in Decatur, died at the home of her son, William J. Barrone, here, as the result of infirmities. She was 86 years old and was born in Pennsylvania and came while quite young with her parents to Allen county, near Monroeville. She was married in 1847 to Michael Barrone, who died in 1889, and to them were born eleven children, seven of whom survive as follows: Levi A. Barrone, of Payne, O.; Issac F. Barrone, of Fort Wayne; George W. Barrone, of Monroeville, Ind.; William J. Barrone, Decatur; Charlotte E. Ebersee, of Columbia City, Ind.; Mary C. Clark, of California, and Amos S. Barrone, of Little Fork, Minn. There are also fifty-one grandchildren, thirty great-grandchildren and one great-great-grandchild surviving. The funeral was held today in Monroeville.

FREE PARK FOR HUNTINGTON.

Huntington, Ind., March 24.—Through the civic improvement company of the Huntington Commercial club the city has received an offer by which it may receive a splendid public park wholly free of cost. The owners of T. H. A. T. park, an amusement place that is the most popular in the city, have made known their readiness to give the city a perpetual lease of the ground without rental or other consideration, stipulating only that the city shall improve the walks and drives and maintain the place as a public park. The trustees of Central college have followed this tender with an offer to give the city under similar conditions the portion of the park that is under their control. The civic improvement committee has passed resolutions commending the offer to the Commercial club.

POOLROOM KEEPERS FINED.

Auburn, Ind., March 24.—After having entered pleas of not guilty to indictments recently returned by the grand jury, Elmer Leas, Frank Herrick and Lucky Krider, poolroom keepers in this city, went before Judge Dan W. Link, in the circuit court, and pleaded guilty. For permitting minors in his place Leas was fined $5 and costs and for allowing gambling he was fined $10 and costs—$32.30 altogether. Herrick was fined $5 for tolerating minors and $10 for permitting gambling and still has an indictment over him. He announced that he was going to quit the business. Krider was fined $5 for gambling and $10 for running a gambling place.

MRS. I. N. KITHCART DEAD.

Columbia City, Ind., March 24.—Mrs. Emma C. Kithcart, wife of Dr. I. N. Kithcart, of this city, is dead at the age of 65 years, following prolonged illness. She was born in Columbus, O., and was married in 1876 to Dr. Kithcart at Cincinnati.

SOUTH WHITLEY HOLD-UP.

Columbia City, Ind., March 24.—Fred Hapner and Grover Bowers, of South Whitley, are in jail here and Hapner is charged with highway robbery for holding up and robbing Russell Ambers, a South Whitley butcher, who was attacked at night on the street as he was going home in the dark, knocked down and relieved of all of his money except about $1.30 in small change. It is not yet certain that a charge will be placed against Bowers. Hapner has a bad reputation. The attack was most brutal and Ambers was left unconscious in the street.

STARTED KIDNAPING STORY.

Van Wert, O., March 24.—Because W. E. McConnell, a printer who is estranged from his wife, walked home with his little daughter to the residence of Mr. and Mrs. J. T. Fife, parents of Mrs. McConnell, a wordy row was started that led to some excitement growing out of rumor that the father had attempted to kidnap his little girl. McConnell, with his wife and children, came here several weeks ago from California and since the separation of the man and his wife Mrs. McConnell has been making her home with her parents. He is not in good standing at the Fife home and when he appeared there with his daughter was ordered away and from this the row started.

NARROW ESCAPE FOR BOY.

Bluffton, Ind., March 24.—Donald Ratliff, son of Mrs. Dora Ratliff, had a narrow and a remarkable escape from dangerous injuries or death when he accidentally fell backward against the large plate glass in the front of the Wiecking cigar store on West Market street. He was fortunate enough to escape with no more serious injury than a ragged hole jabbed in the palm of the left hand, where it was struck by a piece of glass. The boy had been in the Kaltwasser meat market, one door west of the cigar store, and had been whirling himself round and round on a counter stool. When he came out of the market he was dizzy and reeled backward against the window of the cigar store and his head struck the plate glass, shattering it.

TAKES POULTRY AS EVIDENCE.

Decatur, Ind., March 24.—Sheriff Herman A. Gunsett, of Van Wert county, Ohio, came to Decatur last evening and took the chickens stolen from Oliver Sheets on last Thursday night and brought here Friday morning, to the Berling packing house, to Van Wert, where today they will be put in evidence in the preliminary hearing of Millard Mathews, charged with the theft at Van Wert. Since the arrest of Mathews in Decatur Friday morning the chickens have been at the Berling packing house, where they have been cared for. Mathews is denying the charge against him, and will put up a fight to establish his innocence.

MUMPS IN ROANOKE SCHOOLS.

Roanoke, Ind., March 24.—Miss Ursel Streit, a teacher in the Roanoke high school, and a score of the pupils of the institution are afflicted with mumps, a sudden invasion of which took the faculty and student body entirely by surprise. Practically all of the pupils and teachers have been exposed and a spread of the epidemic is looked for. That so many cases of the malady should develop at the same time is unusual. A substitute has been procured to fill the position of Miss Streit temporarily.

MAN HOUSEKEEPER SUES.

Van Wert, O., March 24.—George Hertel has brought suit in the courts here against O. A. Balycat, administrator of the estate of the late Matilda Hertel, in which he asks the court to allow his claim of $10 a week for a period of 168 weeks, during which he took care of Mrs. Hertel immediately prior to her death, which took place in January last year. The plaintiff says that during all the period alleged he was in attendance upon Mrs. Hertel, cooked for her, kept the house in all ways as a careful housekeeper should, and even did the family washing.

DAIRYMAN HEAVILY FINED.

Delphos, O., March 24.—W. F. Fulton, a local dairyman, pleaded guilty Tuesday afternoon before Justice of the Peace Ludwig, to a charge of adulterating milk, filed against him by H. S. Mesloh, an inspector for the state dairy and food department. He paid a fine of $50 and costs. On his arraignment before Justice Ludwig Monday Mr. Fulton waived examination, and was released on his own recognizance, his case having been continued to April 5. The fine assessed against Mr. Futlon is the minimum for the first offense.

REVIVAL IN SPENCERVILLE.

Auburn, Ind., March 24.—The revival meetings at Spencerville conducted by Evangelist J. W. Ferguson, of Auburn, are continuing with increased interest. A chorus of nearly fifty voices conducted by Budd Robinson, is furnishing excellent music for each service. Last Sunday Rev. Ferguson delivered an address especially for women and on next Sunday afternoon he will speak to the men. To date forty-nine decisions have been made and more are expected before the close of the meetings.

SEEKING PARDON FOR CUSHING.

Kendallville, Ind., March 24.—Persistent rumors from Indianapolis are to the effect that unusually strong pressure is being brought to bear upon the board of pardons, now in session, to grant a pardon to Charles L. Cushing, now serving a sentence for manslaughter in having shot and killed a boy tramp last August. He was sentenced late in the fall. It is understood the case will be investigated by the board this week. Petitions asking his pardon were placed in circulation some months ago and they were filed with the board.

KENDALLVILLE HAS REST ROOM.

Kendallville, Ind., March 24.—Kendallville has a ladies' rest room with the completion of the new city hall. The room has been fitted out with all modern conveniences and in the near future will be fully equipped with furniture and other necessary fixtures to make it a comfortable place for people of the city as well as those of the rural districts. The room is in the basement of the new city hall, being in the southeast corner just after entering the building at the main entrance.

FINED FOR SELLING SICK HORSES.

Huntington, Ind., March 24.—Jesse Davis, of Warren, was arrested by Town Marshal Mossburg and before Justice of the Peace Milton Morgan pleaded guilty to a charge of selling a sick horse to Eli McClurg, of Rock Creek Center. He was fined $1 and costs, amounting to $9.30. McClurg recently purchased a team of Davis and discovered after the animals were delivered that one of them was suffering severely from heaves. He thereupon swore out a warrant for the arrest of Davis.

FIRE IN KENDALLVILLE.

Kendallville, Ind., March 24.—One of the most disastrous fires of the year occurred Tuesday when the entire second story of the Charles Helmuth residence on North Summit street, together with the household goods on this floor was destroyed, entailing a loss of $1,500, fully covered by insurance. The blaze is of unknown origin, although it is believed the roof of the building caught from a spark from the chimney.

FAIL TO FIND BLIND TIGERS.

Hartford City, Ind., March 24.—Acting on the "hunch" that the Italians on the Southside are conducting "blind tigers" the police, late Monday evening, raided four or five "hunky joints" in that suburb and, although they found every evidence that considerable booze had been consumed, there was no evidence that could lead to prosecutions on charges of illegal sale of liquor.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking them my health has been fine." writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.—Adv.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Thickness and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Adv.

FUNERAL SERVICE IS HELD.

Last Rites for Charles Francis Adams at Quincy, Mass.

Quincy, Mass., March 24.—The funeral of Charles Francis Adams, who died at Washington last Saturday, was held yesterday in the Church of the Presidents, so-called because the bodies of Mr. Adams, grandfather, John Quincy Adams, and his great grandfather, John Adams, were buried beneath it.

The services were attended by representatives of Harvard college, the Massachusetts Historical society, Order of the Loyal Legion, American Institute of Arts and Letters, and other organizations. Rev. Albert L. Hudson, minister of the church, officiated. Burial was at Mount Wallaston cemetery.

GAINS HEALTH AND DISCOVERS THRILLS WHILE REPAIRING SHOES.

Mrs. Morand in her repair shop, and pose showing remarkable arm development.

Portland, Ore., March 24.—Health, strength and happiness, food and clothing and independence, is what Mrs. Elizabeth Morand, of this city, found for herself and two small daughters in the shoe repairing business.

Nearly two years ago Mrs. Morand lost her husband. All she possessed was the repair shop. At first she engaged a man to continue the business, but soon found that his salary took away all her profit. So she did the work herself.

Failing in her early attempts to attach heels and soles, she nevertheless persisted and soon became proficient. Today she is repairing as many shoes per day as any man. Incidentally, she has built up her health and strength remarkably.

There are, too, plenty of thrills and romance in such a prosaic calling as mending soles, she has found. Scores of men have asked her to marry them, while they waited for a new pair of heels, and one threatened to kill her if she refused him.

He was, says Mrs. Morand, an Italian repair man she had engaged. He sang Venetian love songs to her while he worked, and on the day he made his final eloquent appeal tried to take her life.

One good swing of Mrs. Morand's strong right arm not only thwarted his vengeance, but knocked all the sentimentality completely out of her ardent wooer.

Since then she has done all her work alone.

OBSERVE BIRTH OF PROPHET MOHAMMED

Ceremony is Carried Out With Great Pomp and Circumstance.

Cairo, Egypt, March 24.—An interesting—and to Europeans, a unique—ceremony has just been performed in Cairo. It is the anniversary of the birthday of the prophet Mohammed, the founder of the Moslem religion. The ceremony is known to the Arabs as "Muled el Nabi."

In Cairo the affair is carried out with more pomp and circumstance than in any of the other countries of the Moslem world. Thousands and thousands of the faithful assembled here this year, possibly because the world war makes men more anxious as to their own fate and, possibly, also on account of the new regime so lately inaugurated in Egypt.

A whole week of prayer and devotion is given to this great function. It was held this year on a vast tract of land near Abassieh. Here a number of large tents, some of which are most luxuriously got up, are pitched, making in the lovely sunshine a picturesque scene. Good believers are in constant attendance all the week and remain till all hours of the night chatting and drinking coffee.

Outside the circle of the great tents are a number of smaller tents, where sweetmeats and all kinds of delicacies are sold to the public, thus combining profit with prayer.

The last day of the "Muled," or day of solemn prayer, was made notable by the presence of his highness the sultan of Egypt. Many very distinguished personages were present. The chief ceremony on this day is the reading by one of the principal sheikhs—generally in Turkish, but this year in Arabic for the first time in history—of the story of the prophet's life, which dates back to April, 569, of the Christian era. Mohammed, the founder of the faith of Islam, was the son of Abdallah, a member of the great tribe of Koerish, one of the nomadic tribes which lived in the Arabian peninsula.

Mohammed's Birth.

Curiously enough, he was a posthumous child and at the age of six he lost his mother, being then adopted by his grandfather, Abdul Muttalib, and later by his uncle, Abu Taleb. The legend attending Mohammed's birth is said to have marked him out as the future prophet. Not only did his mother suffer none of the pangs of travail, says the story, but at the moment of his birth a celestial light illumined the surrounding country and the new-born child, raising his hand to heaven, exclaimed: "God is great. There is no deity but God and I am his prophet."

Nevertheless, he first followed the trade of his uncle, a merchant, accompanying him on his journeys in Syria and elsewhere. Here it was he met his first wife, a wealthy widow, at the age of twenty-five. Ten years later the tribe of Koreish recognized him as their ruler and at forty he declared his religion, which for three years he had preached in secret.

Germany uses almost twice as many postcards for domestic correspondence as any other nation, Japan ranking second and the United States third.

Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous or who have trembling of the limbs, dizziness, heart palpitation, cold hands and feet, insomnia, fear without cause, timidity in venturing and general inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By obtaining the treatment at some well stocked pharmacy, no one need know of another's trouble while the treatment has been widely prescribed and dispensed heretofore by physicians and pharmacists, the grain tablets are so prepared with full directions for self administration that it is wholly unnecessary to pay a physician for prescribing them. Just ask for three-grain Cadomene tablets, begin their use and soon all the joy of a healthy body, sound nerves and strength will be felt.

GIRL TO PREVENT USELESS CHARITY

Movement Started at Topeka, Kan., to Systematize Giving.

Topeka, Kan., March 24.—Twenty of the eighteen charitable organizations in Topeka have joined in a movement fostered by the city to systematize the city's giving and prevent impositions which have been found to have been practiced by some unscrupulous families in the past.

The Confidential Charity Exchange was created by the city and Miss Mabel Adams was appointed the first "secretary for the prevention of useless giving." Her salary and the expenses of her office will be paid by the city, but the success of the movement, the first of its kind to be undertaken by a municipal government, depends upon the co-operation of the charitable organization.

The plan was originated after it was learned that several organizations, each unknown to the other, had been contributing to the support of certain families. In one instance it was found that fifteen societies had been helping a single family, each trying to supply enough food, clothing and fuel to enable them to get through the winter.

"It wasn't any wonder that the man of that family wouldn't work when he could obtain a living so easily," said the head of one organization. In another case it was found that the members of a family which had been receiving duplicate aid had pawned articles of clothing and sold food to obtain money to go to moving picture shows. The work of the new secretary is to keep an accurate card index of all families aided by all the organizations.

When the British government took charge of the railroads for mobilizing its army, it gave them sixty hours in which to transport troops in 350 trains to given points, and they did it in forty-eight hours.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

LAW SCHOOL FOR INMATES NEW PLAN

Warden at Sing Sing Starts Another Venture to Help Convicts.

New York, March 24.—That Thomas Mott Osborne's concept of prison work is daily taking a wider and higher significance was made apparent here today with the announcement that Sing Sing prisoners are not to be denied the privileges of education merely because they are confined in an institution supported by the state.

Mr. Osborne's second venture in the direction of rehabilitation consists in the establishment of a law school wherein the prisoner may obtain the needful instruction that will fit him for post graduate instruction in regularly authorized law schools. This step is in line with one announced in the columns of the Christian Science Monitor a few weeks ago, wherein was described the work Mr. Osborne had been able to accomplish with the aid of the labor unions in establishing industrial educational shops, graduates of which would be admitted to fellowship in unions upon the completion of their prison term.

The new school, while primarily intended for legal instruction of men possessing capacity for professional work, will have law as its principal feature, but, as it has been set going on broad lines, the curriculum will also embrace shorthand, music, history and mathematics. The new work has been made possible because of the co-operation of some men and women interested in prison education. These are H. Allen Jacobs, an architect; David Bispham, opera singer; F. M. Dick, a broker; Mrs. John H. Flagler, Miss Alice Preston, and Miss Jean Webster, playwright.

By annexing Franz Josef land, Russia increases the number, rather than the extent, of her possessions. The archipelago consists of about sixty islands, almost all of the group being covered with snowclad glaciers.

FROZEN FISH COMES TO LIFE.

Wabash, Ind., March 24.—M. J. Barnett, owner of a fish market at Rich Valley, Wabash county, is responsible for a fish story which he declares is true. Mr. Barnett received a consignment of cold storage fish from Toledo, a day or two ago, and as he was placing them in an ice box he was surprised to see that one of the fish showed evidence of being alive. The fish was placed in water and was soon as active as before it was taken from the waters of Lake Erie. The fish is supposed to have been caught last fall.

CHICAGO GRAIN AND PROVISIONS

Chicago, March 24.—Wheat prices underwent a setback today owing largely to the fact that the Liverpool market failed to respond to yesterday's strength in America. There was also a good deal of selling here on the theory that the bulge yesterday had in the main eliminated the short interest. After opening ¼c to ⅞c down the market rallied somewhat, but then sagged lower than before.

Corn went down grade with wheat. The opening, which varied from ⅛c to ¼@⅜c off, was followed by a moderate further decline.

Oats turned easy with other grain, but the downward tendency was less pronounced than in wheat and corn. The bears were cautious as a result of continued reports of delayed seeding.

Large receipts of hogs acted as a weight on provisions. Selling, though, was not of unusual volume.

Noted Scientists on Battle Line

MME. CURIE

Mme. Curie, the world's most distinguished woman scientist, is using her scientific knowledge for the benefit of the wounded soldiers.

The woman who discovered radium is now working in a military hospital near the French battle line, where she has a complete radiographic equipment. She is said to be one of the hardest working nurses now at the "front."

THE DAY ON WALL STREET.

New York, March 24.—The upward swing of the stock market was resumed at the beginning of today's business, many leading issues and a number of less prominent ones making new high prices for the current movement. Among these were U. S. Steel, Union Pacific, Southern Pacific, American Smelting, B. and O., American Can and some of the equipment group, notably American Locomotive and American Car and Foundry, in which the rise extended between one and two points. Bethlehem Steel added another point to yesterday's decline. Trading was again very active, with further short covering.

Speculation broadened to a marked degree during the balance of the morning session, trading in the first hour aggregating about 200,000 shares, with some diminution of activity toward midday. Prices continued to rise, however, the feature being Union Pacific, which was the most prominent stock, at an advance of 2⅜ points. Bonds were active and firm.

price of their car fare to their homes. Two of the "beauties" were sent to Bellevue, Ohio, at the expense of the taxpayers of Wayne township, but the trustee could not see his way clear to do anything for the other ten. Despairingly and in anger they left the trustee's office to look elsewhere, after they realized their pleadings were in vain.

Last Friday "Billy Watson's Beef Trust Beauties" appeared at Auburn and on Saturday night at Wabash. Sunday morning the company was brought to Fort Wayne in a special car over the Fort Wayne and Northern Indiana Traction company's line, but were unable to get any further. Since then the girls have been in Fort Wayne.

A PERFECT DESIGN.

"Well, hubby, let's plan our bungalow."

"How do you wish it built, dear?"

"Why, I want the living room, dining-room, kitchen and three bedrooms with a southern exposure. The bathroom, however, can be on the other side."

STRIKERS SUED FOR DAMAGES.

Coal Company Brings Action Against 145 Ohio Miners.

Zanesville, O., March 24.—Suit for $25,000 damages was filed in the common pleas court here by the Elk Coal company of Columbus, O., against 145 coal miners who were employes of the company when they went on strike last Thursday. Because of the strike the company states it has been unable to fill contracts and as a result has suffered financial loss. Counsel for the company expect that the question of the right of a labor union to abrogate a wage contract by ordering a strike when the contract provides for the submission of all disputes to arbitration will be raised in the case. The dismissal of three employes caused the miners to quit work before an attempt was made to arbitrate the cases.

ALLIED FLEET IS HARD HIT

(Continued from Page 1.)

erally hacked to pieces by the 5.5-inch pieces by the Dardanos battery. She sank at 7:30 o'clock on the evening of March 18.

A third British vessel, the Vengeance, was damaged by guns of the forts and drifted helplessly toward the entrance to the straits where her crew was taken off by torpedo boats. This vessel did not leave the Dardanelles waters, nor did any other British vessel enter during the night to bring help but the ship this morning had disappeared.

A fourth vessel was struck in a turret and otherwise damaged by a Turkish shell. She also was taken out of action.

The British battleship Queen Elizabeth was hit five times by howitzer shells and the battle cruiser Inflexible was struck four times.

The foregoing is a summary of the reports made during the day by observers who were unable last night to reach the Turkish headquarters. The Associated Press correspondent today visited the forts which had been bombarded. The material damage was slight generally. The casualties on the Turkish side were about twenty men killed and thirty-five wounded.

WARSHIP TO CARRY CASH TO YUCATAN

Washington, March 24.—Naval officials were working out plans today for the dispatch of a warship to Yucatan Mexico, which will carry more than $600,000 belonging to American manufacturers to move the sisal hemp crop The hemp is needed to make binding twine and if its movement were further retarded manufacturers say the harvest of the American wheat crop would be threatened. The money now is at Galveston awaiting shipment.

Large supplies of hemp are said to be ready for shipboard in Yucatan, but scarcity of labor and lack of shipping facilities have impeded its movement.

THE WEATHER.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Cloudy tonight and Thursday; not much change in temperature. Lowest tonight, about 35 degrees.

For Indiana and Ohio: Generally fair tonight and Thursday.

For Lower Michigan: Cloudy tonight, probably snow in north portion; Thursday partly cloudy.

WEATHER CONDITIONS.

Cool weather continues over the southern states with light frosts reported as far south as Charleston and Jacksonville, with a temperature of 28 degrees at Atlanta. Somewhat higher temperatures prevail this morning throughout the central states.

Fair weather has prevailed over the greater part of the country during the last twenty-four hours, but there has been some rain or snow from Minnesota westward to Montana and northern Wyoming.

Cloudy weather is probable for this section for tonight and Thursday, with but slight changes in temperature, and the lowest tonight will be slightly above freezing.

B. F. Rousseau

I have a NEW fresh supply of truck and poultry farms to put on the market this spring within 4 miles of our court house, and close to the interurban station, 10 cent care, SUPERB soil and ideal place to live.

I'll put this on the market in 5, 10, 15 and 20 acre tracts. REMEMBER, when I sell you a tract like this I'm putting you within gunshot of our city market, and just outside of your city taxes, and grocery bill, and butcher bill that eat up your salary before you get to it. I'm offering you a good job free with each tract. You're a dead one if you can't produce more income off a 5 or 10 acre tract close to Fort Wayne market than any ordinary job will pay salary. I have some fine stuff, with and without buildings, to exchange for Fort Wayne city property.

AS TO THE CASE OF BAD BESSIE FARNAN

Women Think What's Left of Bessie's Life is Worth Saving.

After Judge Kerr had about decided that he would send Bessie Farnan to jail on a drunk charge as preliminary to getting her finally into the correctional department of the Indiana woman's prison, members of the Fort Wayne W. C. T. U. came forward in the city court and asked that the delinquent Bessie be paroled to them, promising to see that she was given a home and that an effort would be made to get her into a hospital. Judge Kerr at length consented to give her one more chance and she was placed in custody of Mrs. Carrie M. Shoff, 853 Columbia avenue, who will take the woman into her home for a time. The Farnan woman was arrested last Saturday on East Main street where in company with William Rolfing, a half-wit, she was staggering about drunk and almost helpless. Bessie told the court that she had taken one drink of whisky for toothache, but finally admitted that she had taken not less than three drinks. Rolfing was also allowed to go.

Had Brother Sent to Jail.

Howard Hughes was fined $1 and costs and went to jail for eleven days on a drunk charge, the principal witness against him being his sister, who resides at 732 Barr street. It was brought out that Hughes went home drunk Tuesday evening and started a rough house, abusing his two sisters, whose earnings support themselves and their aged mother and a good deal of the time their drunken brother. Hughes has not worked for a long time and his sister said that when he is employed he is very decent, but when idle is quarrelsome and impossible to get along with.

Young Miller Again Arrested.

John E. Miller, a youth of 20 years, who has a wife and two children he does not support, was before Judge Kerr for the second time within three weeks on a charge of neglecting his children. He said that since his former appearance when he was released for a chance to make good, he had tried hard to find work, but without success. His wife has given birth to her second child since Miller's first arrest. Judge Kerr gave him another chance and continued the case until April 2.

Other City Court Cases.

Jack Fetherstone got drunk and just naturally wandered to police headquarters Tuesday night and was locked up. He is a printer and because he said he had work was released.

Michael Lordier was arraigned on a charge of assault and battery on William Helbisch, but the prosecuting witness was not in court and the case was continued.

Fred Jones, a colored man, was in court on an old child neglect charge for having failed to make payments to the support of his children as ordered by the court. He was continued until Thursday morning and went to jail in default of $300 bond.

Jack Morris, of Decatur, was turned loose after a hearing on a loitering charge. The police received a call Wednesday morning soon after midnight, that prowlers were causing residents on Lawton Place some alarm and Morris was seen on Spy Run avenue near by. The officers said he had a handkerchief over his face and when the wagon was stopped that Morris did not at once answer the hailing sign, so he was picked up. Other officers who know him stated to the court that he is all right and he was released. Morris said he had called on a lady on Lawton Place, had a quarrel, left the house and was wandering about considering whether to return to her when the police got him.

August Willig and Mike Paul, drunks, were turned loose.

DOCTOR MAKES ACCUSATIONS.

Charges are Preferred Against Postmaster Garn of Plymouth.

W. B. Piatt, postoffice inspector, is investigating charges preferred against Postmaster Garn, of Plymouth. Garn is accused by Dr. Aspinall, of that city, of using his government position to promote his own business interests. Both Aspinall and Garn are interested in institutions for the treatment of alcoholics.

JEWELS GIVEN TO SEVEN PAST MASTERS

Commandery Prepares for the Grand Conclave—Masonic Events.

Seven past masters of Home lodge No. 342, Free and Accepted Masons, were presented with beautiful jewels at the past masters' night celebration at the Masonic temple Tuesday evening. The past masters who were honored in this manner were the following: Manford M. Smick, James E. Graham, Charles H. Geake, Captain Ferd Boltz, Henry W. Mordhurst, J. E. Sunderland and Justin Burdick.

At the meeting the Masonic lodges of the city were presented with the deed for the Masonic temple property at Wayne and Clinton streets. Addresses were delivered by Past Masters Smick, Graham, Boltz, Burdick, Sunderland, Charles A. Meigs, E. F. Liebman, E. B. Whittiker, Isaac Straus and a number of others. Judge John H. Aiken acted as toastmaster. Following the initiation of a class of candidates a banquet was served.

The invocation was delivered by Rev. Arthur J. Folsom, pastor of Plymouth Congregational church. Bert Keplinger, worshipful master, opened the meeting.

Commandery Drills.

In preparation for the grand conclave at Indianapolis, May 12, members of the Fort Wayne commandery No. 4, Knights Templar, held their first drill practice Tuesday evening. The local commandery will compete for a loving cup to be given away at the grand conclave.

Cadessia Grotto Social.

The regular monthly social session of Cadessia grotto, Order of Veiled Prophets of the Enchanted Realm, will be held Wednesday evening at the Odd Fellows' hall at Wayne and Calhoun streets. The session is for the members and those who have signed applications for the ceremonial to be held Wednesday evening, March 31, at the Majestic theater. Dancing, cards and various contests will make up the evening's entertainment.

Business Session and Smoker.

A business session and smoker will be held Monday evening at Mizpah Shrine temple. Plans for the organization of the Mizpah Automobile club will be taken up and arrangements made for the annual spring ceremonial and reception to be given in honor of Dr. Frederick Smith, imperial potentate, of Rochester, N. Y., on April 30.

THROWN FROM STREET CAR.

Chicago Woman Injured Tuesday Evening at Wallace and Barr Streets.

In alighting from an East Creighton street car Tuesday evening at Wallace and Barr streets, Miss Madge Hurlburt, who rooms at 105 Brackenridge street, but whose home is in Chicago, was thrown violently to the pavement. Assisted by Mrs. Gus Nitz the young woman was taken to the residence of William Hicks, 305 Masterson avenue, and later to the St. Joseph hospital in the police ambulance. She was reported as improved Wednesday. Her most painful injuries are about the shoulders.

MAXWELL DEALERS TO MEET.

Five Officials of the Company Will Be Here From Detroit.

Maxwell automobile dealers in northern Indiana under Distributor H. H. Roose, of this city, will hold a meeting at the Anthony hotel, Thursday, at which time five officials of the company from Detroit will be here. Those who are coming from Detroit are the following: C. E. Stebbins, sales manager; C. B. Newby, supervisor; J. Gould, superintendent of service; H. H. Howe, special representative, and E. F. McCanahay.

The Knights and Ladies of Security will give a free entertainment and a lecture at the Buffalo hall Thursday evening, March 25.

Spanish army officers have found bomb-dropping from aeroplanes an effective means of subduing turbulent tribesmen in southern Morocco.
